Kentucky High Tunnel Workshop
March 24, 2015, 1pm – 3:30pm EDT

When & Where?
Tuesday, March 24, 2015
1:00 pm – 3:30 pm EDT
UK Horticulture Research Farm (South Farm)
4321 Emmert Farm Lane
Lexington KY 40514

Featured Speakers
Paul & Alison Wiediger of Au Naturel Farm in Smiths Grove, Kentucky
The Wiedigers have over 20 years of experience in organic high tunnel production and will share some of their experience and tips with us!

Topics to be covered:
- Winter High Tunnel Production
- Mesclun & Greens Production
- Spring Crops for High Tunnels
- Why Maximize Production?
- New Crop Possibilities
- Cut Flower Production
- Question and Answer time

Workshop is geared toward Extension agents and producers!
Learn how to manage your high tunnel for maximum year-round production!

Space is limited. Advance registration is required. Register by contacting Miranda Combs at: miranda.hileman@uky.edu, or 859-218-4384.
