_____ (Major Professor)	_____
_____	_____
_____	_____

OTHER MEMBERS (optional; only 3 are required)

_____	_____
_____	_____

- Each M.S. Student is required to provide a completed copy of this form to the DGS immediately upon selection of the Advisory Committee by the student, in consultation with his/her Major Professor. This is a Departmental requirement, and no form is required by the Graduate School for purposes of appointing the M.S. Advisory Committee. The M.S. Advisory Committee, however, will become the student's Final Examination Committee upon submission of the Final Examination Recommendation form to the Graduate School near the end of the student's tenure (at least two weeks prior to the Final Examination). See the online Graduate School Bulletin for rules concerning composition of Final Examination Committees and use those rules as guidance in selecting the M.S. Advisory Committee members.
