† A producer may make more than one entry per division if the entries are different hybrids from different fields. However, a producer with more than one entry will be eligible for only one award in Divisions I, II, III and IV. Members of the same family may enter separate entries, but these entries must be from separate fields. Producers may make entries as a single farming operation rather than a single person. A contestant can submit more than one entry, but each contestant will be eligible for only one (1) state award.
