**Agriculture/Natural Resources**

**606-668-3712**

March 1

This course offers an overview of grape production in Kentucky and the basics to getting your vineyard started. Topics will include vineyard economics, site selection, soil preparation cultivar selection, planting, and disease control.

March 8

This course offers field demonstrations of pruning and training new and established vines. The vineyard location is TBD.

Educational programs of Kentucky Cooperative Extension serve all people regardless of race, color, age, sex, religion, disability, or national origin. University of Kentucky, Kentucky State University, U.S. Department of Agriculture, and Kentucky Counties, Cooperating. Disabilities accommodated with prior notification.
