

Going camping?

THIS

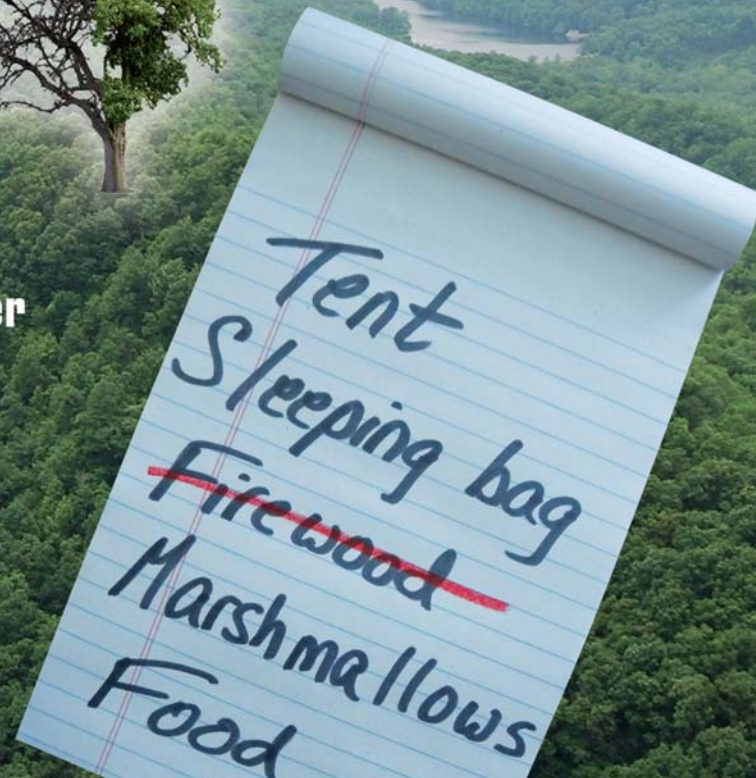

THIS

Firewood spreads the emerald ash borer and other tree-killing invasive insects.

**LEAVE YOUR FIREWOOD
AT HOME!**

EmeraldAshBorer.info

Why Can't I Bring My Own Firewood?

- Invasive insects may be hidden inside firewood.
- By taking firewood on a camping trip, you help spread the pest long distances!

What Can I Do To Help?

- Do not bring firewood on your camping trip.
- Buy firewood from a local source where you camp.
- Know the regulations! Movement of firewood outside a quarantine area is illegal - www.KyStateEnt.org
