Dear Junior Leader:

Welcome back to the American Private Enterprise System Program. We hope that each one of you enjoys your new role in the program at the local level and we look forward to seeing many of you next June at the American Private Enterprise System Youth Seminar, where there will be opportunities to compete for scholarships. As a Junior Leader, the Program Leader and Youth scholars will rely on your experience as we seek to make this an enjoyable and rewarding experience.

As you prepare for the next stage of your life, the leadership gained and lessons learned throughout your participation in this program will continue to develop you as community and business leader for tomorrow.

Have a good program and we look forward to seeing you in June.

Sincerely,

A handwritten signature in blue ink that reads "Quentin Tyler".

Quentin Tyler
State Coordinator
