

FOR 100 Students,

Welcome to FOR 100 (Introduction to Forestry)! I look forward to getting to know you, and I hope to provide you with opportunities for an enjoyable and informative semester.

Please remember that my door is open and I work for you. If my office hours conflict with your responsibilities, I encourage you to make appointments to see me at other times.

I hope these web pages will help you navigate the course. Please don't hesitate to offer suggestions if you have ideas to make them more useful to you.

Best wishes for a great semester,

Dave Wagner
