

FOR 100 Students,

Welcome to FOR 100 (Introduction to Forestry)! I look forward to getting to know you, and I hope to provide you with opportunities for an enjoyable and informative semester.

Please remember that I work for you and my door is open. If my office hours conflict with your schedule, I encourage you to make appointments to see me at other times.

I hope these web pages will help you navigate the course. Please don't hesitate to offer suggestions if you have ideas to make them more useful to you and your classmates.

Best wishes for a great semester,  
Dave Wagner
