Much like the bears themselves, visitors make their way to Churchill each fall when temperatures drop, brimming with anticipation. The reward: experiences of a lifetime.

On this wildlife expedition, surrounded by experts and featuring polar bears in the world. As they wait for the Hudson Bay to freeze upon the tiny seaport town of Churchill, forming a polar bear gathering—and in this case, the largest congregation of polar bears in the world. As polar bears await the formation of the arctic sea ice, they descend to Churchill each fall when temperatures drop, brimming with anticipation. The reward: experiences of a lifetime.

Dear Alumni and Friends,

We are thrilled to present you with a special opportunity to witness one of the largest concentrations of polar bears in the world.

During this six-day journey to remote Churchill, Manitoba, it is possible to observe polar bears in their natural habitat and play from a custom-designed Arctic Crawler. The quality guidance of a naturalist Orbridge Expedition Leader and exclusive educational experiences distinguish this program, including expert presentations from Assiniboine Park Zoo and Churchill’s Northern Studies Centre.

Our rate for University of Kentucky guests on this departure represents a significant savings (more than $1,000 per couple) over that of non-affiliated guests, so be sure to reserve your spot today—and share this brochure with friends and family who may be interested in traveling with you. Please reserve your space online at http://uky.orbridge.com, by calling Orbridge at (866) 639-0079, or by returning the enclosed reservation form.

Kind regards,

Leslie Hayes
Membership and Marketing Specialist
