Participant Commitment Form

I agree to attend 30 hours of seminar sessions and prepare any required assignments, to complete three lesson plans- one each on China, Korea and Japan, to implement these lesson plans in the year following the seminar, to participate in follow up activities and submit a report on how the lessons were implemented, and to continue integrating material on East Asia into my curriculum whenever possible.

I have reviewed the syllabus and participant information on the Asia Center Website and am aware that receipt of my stipends is contingent upon successful completion of all program requirements.

**Please include a one to two page typed, double spaced essay with this application that states why you are interested in learning about East Asia and how you envision using this knowledge in your classes.**

Principal Commitment Form

As chief administrator of this teacher's school, I have read the Participant Commitment Form and support this teacher in this professional development endeavor. I am committed to his/her teaching East Asian material in the curriculum in subsequent years and I will do my best to act as a mechanism for increasing the coverage of East Asia in my school's activities and curriculum. I understand that dependent on the teacher's successful completion of the seminar, my school will receive \$300 for the purchase of teaching resources on East Asia. I understand that this money is for permanent resources and may not be spent on food, field trips, honoraria, electronic equipment, etc., and that this money cannot be used to replace any funds regularly made available to teachers.
