$10,000
Health dept. could budg. rail-trail

** Opinion: The board decided to spend this money to build this rail-trail project.**

The board decided to spend the $2.4 million from the County's general fund to build the rail-trail project. The decision was made after a series of meetings and discussions, as well as a public hearing. The project was approved by a unanimous vote of the board members. The project will be supervised by Mr. John Smith, the new director of the health department.

** Spending $1.0 million on rail-trail project.**

The board has decided to spend $1.0 million on the rail-trail project. The project has been a topic of discussion for several months, and the board members have been divided on the issue. The final decision was made during a meeting last week.

** Rail-trail project.**

The rail-trail project is expected to be completed by the end of the year. The project will be funded by a combination of county and federal funds.
