**Partnering Agreement**

As a member of the University of Kentucky Hazard Mitigation Steering Committee, I am committed to working to establish unity and open communication in the implementation of a comprehensive natural hazard mitigation plan that is in accordance with the FEMA Disaster Mitigation Act of 2000 (DMA 2000).

We pledge our representation as a partner in the goal to develop:

- A Disaster Resistant Community
- An updated Hazard Mitigation Plan and Mitigation Strategy
- Maximum community trust, support, and involvement

To achieve the aforementioned goals, we agree to provide our input and support (as applicable) in order to complete the following:

- Attend committee meetings as scheduled and provide input when needed.
- Provide data to contribute to UK’s vulnerability assessment.
- Review and provide updated status’ on UK’s five-year mitigation action plan.
- Participate in the maintenance of the hazard mitigation plan.
