## **RDL 275 Magnetic Resonance Imaging Clinical Seminars**

### **Rationale for Proposal:**

In the time since LCC has been separated from the Community College System, the Radiography program has undergone extensive curriculum changes. Many of our course prefixes and numbers are the same at both LCC and KCTCS but course descriptions and content are different. In order to roll the inventory of courses at LCC into the KCTCS any courses with the same prefix and number but different course descriptions must have the course prefix and/or number changed in order to be identified as a different course.

**Will this change be printed in the Bulletin?    Yes \_\_\_\_\_x\_\_\_\_\_    No \_\_\_\_\_**
