Rationale for Proposal:

In the time since LCC has been separated from the Community College System, the Respiratory Care program has undergone extensive curriculum changes. Many of the course prefixes and numbers are the same at both LCC and KCTCS but course descriptions and content are different. The RRT prefix for the LCC courses will differentiate these courses from the KCTCS courses.

Will this change be printed in the Bulletin? Yes No

If so where? (page(s)) UK 2003-2004 Bulletin pages 229-230 & LCC 2003-2004
