

2009 MEDICARE PRIME FORMULARY – Open Comprehensive Formulary

The symbol [G] next to a drug name indicates that a generic is available for at least one or more strengths of the brand medication.

The symbol [INJ] next to a drug name indicates that the drug is available in injectable form only.

The symbol [OTC] next to a drug name indicates that the drug is available Over-the-Counter.

The symbol [PAR] in the Restrictions column indicates that prior authorization may apply.

The symbol [QLL] in the Restrictions column indicates that quantities dispensed may be limited.

The symbol [ST] in the Restrictions column indicates that step therapy may apply.

The symbol [LD] next to a drug name indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.
