

GM BW Web and BEX Reports

The Grants Management reports on BW Web and BEX will not be available after 5:00 Friday, August 27. The BI team will be fixing about 200 grants where sponsored class E639305 Hazardous Waste Services appears in the incorrect budget category. In order to do this all grants information will be affected. Individuals should not run any GM reports after 5:00 pm today or they will risk getting invalid data. The data is expected to be available Monday, August 30 for reporting and the reload should not affect any saved views.

This reload should alleviate the sponsored class E639305 Hazardous Waste Services from appearing in the wrong budgeted area on the reports highlighted below.

The screenshot shows the BW Web Application interface. At the top, it says "BW Web Application" and "UNIVERSITY OF KENTUCKY". Below that, there is a "User Favorites and Roles" section. Under "Welcome Jennifer Miles", there is a list of reports under the "Grants Management" category. Red arrows point to the following reports:

- Grant Ledger- PI Summary exec summary
- Grant Budget & Expenditures
- Grant Ledger- PI GL Account Detail
- Grant Ledger- PI Sponsored Class Detail
- Grant Ledger- PI Summary
