

## Reservationless Conferencing

### “Quick-Start” Feature

**Definition:** With the Quick-Start feature activated on an account, the Moderator will be prompted to enter a Moderator PIN but, does not have to in order to initiate an Accutel Direct (Reservationless) conference call.

**Benefits:**

- Speed up entry into the conference call.
- The Moderator does not have to be on the call in order for the call to be initiated.
- No need to enter a PIN at entry.
- Moderator and Participants will join the call 10 seconds after entering the Conference ID.
- If the Moderator disconnects, the call can still continue until the last Participant disconnects.

**Impacts:**

When the Quick-Start feature is turned **ON**:

- It is not possible to assign a Billing Code to a specific conference.
- It is not possible to Record the call. - \*2 feature
- It is not possible to assign a Security Code to a specific conference.
- As the Moderator, you are responsible for all charges associated with your Conference ID.
- The Moderator does not have the ability to force the call to end.
- Security of the conference is compromised, as the ability to “Lock” or “Un-Lock” the conference is no longer available. (This means that anyone with the Moderator’s Conference ID and Dial-in number can attend the conference.)

**Star-touch phone commands available to Moderators when the Quick-start feature is ON:**
