

Publication status of the Kentucky Geological Survey's 1:100,000-scale, 30 x 60 minute geologic map series. Published maps are available for quadrangles highlighted in green. The Morehead and Madisonville quadrangles, highlighted in brown, will be published by the end of 2006. The remaining quadrangles for the entire state are in progress, and will be completed in the next several years. For more information contact the Kentucky Geological Survey Public Information Office at 859.257.3896.
