Network for New Science Teachers in 2007-2008

Attention all NEW Science Teachers (Grades K-12) with 0-5 years experience including teachers with a MAT

**GOAL:**
Provide teachers with the tools and expertise that will enable them to provide a high quality, steady diet of science and math instruction to their students.

The meetings will focus on:

⇒ Program of Studies and Core Content, Version 4.1
⇒ How to Create Lessons and Unit Plans Targeting Known Student Misconceptions
⇒ Best Practice Strategies based on Current Research
⇒ Design Classroom Formative and Summative Assessments
⇒ Improving Literacy in Science
⇒ Incorporating Inquiry

The $650.00 fee includes: six meetings, materials, morning refreshments, lunch and facilitators’ costs.

It is strongly encouraged that the same participant attend all 6 meetings. This is imperative in order to provide a continuum of learning that nurtures and supports new teachers. This will enable them to grow professionally while promoting retention in this high need area

Participants will Receive Tools to use in their classroom valued at $250.00

Examples of tools to be received:
- Teaching Reading in Science
- Classroom Instruction that Works
- Formative Assessment in Action
- Uncovering Student Ideas in Science

Meetings will be designed and facilitated by Regional Teacher Partners

**Six Network Meeting Dates in 2 Locations:**
