COLLEGE OF DENTISTRY

October 22, 2007

Heidi Anderson, Ph.D.
Associate Provost of Faculty Affairs
Chair, Health Care Colleges Council

Dear Dr. Anderson

Attached are the forms requesting a change in the Core Curriculum in our Master of Science program and the appropriate documentation supporting this request. The changes include the establishment of three new courses and the modification of one existing course. The proposed changes are based on recommendations from the Program Directors in Orthodontics, Periodontics, Orofacial Pain and Pediatric Dentistry, the Director of Graduate Studies and input from faculty participating in Core Curriculum courses. We believe these changes will enhance the education of students enrolled in the Master of Science curriculum.

This Change in Program, the new courses and the course modification were approved by the College of Dentistry Graduate Faculty and the Master of Science Program Oversight Committee on October 8, 2007.

Thank you very much for considering this Change in Program. If you have any questions, please contact Dr. Karen Novak, Director of Graduate Studies (323-8705; knova2@uky.edu).

Sincerely,

Sharon Turner, D.D.S., J.D.
Dean, College of Dentistry

Sharon Turner, DDS, JD
Dean
College of Dentistry

Dear Dean Turner,

Attached are a series of forms outlining proposed changes in our current Master of Science program Core Curriculum. These changes include the establishment of three new courses and the modification of one existing course. We believe implementation of these changes will enhance the education of our students enrolled in the Master of Science program.

These changes were approved by the College of Dentistry Graduate Faculty and the Master of Science Program Oversight Committee on October 8, 2007.

Thank you very much for considering this Change in Program. If you have any questions, please contact me (323-8705; knova2@uky.edu).

Sincerely,

Karen F. Novak, DDS, MS, PhD
Director of Graduate Studies
