This addendum is issued before award of contract to inform the bidders of revision/clarification to the bidding documents. All requirements contained in the bidding documents shall apply to this addendum, and the general character of the work called for in this addendum shall be the same as originally set forth in the applicable portions of the bidding documents for similar work, unless otherwise specified under this addendum. All incidental work necessitated by this addendum as required to complete the work shall be included in the bids, even though not particularly mentioned in this addendum. This addendum is hereby made a part of the bidding documents and shall be included in the contract and submitted with the proposal or bid. Bidder must acknowledge receipt of this and any other addenda issued related to the project in their proposal or bid.

General Clarification Addenda

Item No. 1: This project’s Alternate basis of design for the HVAC controls is limited to Phoenix Controls. Price Control Valves have been approved by University of Kentucky’s Physical Plant Division and are an acceptable alternative manufacturer, given that all performance requirements are met, as scheduled on the Drawings. Contractor shall make any necessary adjustments to ensure compatibility of Price controls with the existing building automation system.
