

University Studies Program

A university education truly worth the name must do more than prepare students for a job or a career. It must broaden their understanding of the world, of themselves, of their role in society, and of the ideals and aspirations which have motivated human thought and action throughout the ages. It must help individuals use their acquired knowledge to grow in maturity as they take responsibility for their lives by establishing their own individual goals and developing the habit of lifelong learning.

The broad goals of the University of Kentucky's general education program, called University Studies, make for mature, open, flexible individuals who can adapt to changing situations, learn new skills, and meet unforeseen challenges in their careers. At the same time, University Studies will help students to develop their own sense of values, to pursue their own goals, and to contribute to the political, moral, social, and cultural enrichment of society.

The University Studies Program is separated into ten areas of study: math, foreign language, inference-logic, written communication, oral communication, natural sciences, social sciences, humanities, cross-cultural, and electives.

Students are encouraged to work closely with their advisors in selecting courses that are appropriate for their own needs and aspirations.

NOTE: A course taken to satisfy a requirement in one area of University Studies cannot be used to satisfy a requirement in another, with the exception that one calculus course will satisfy both *I. Math* and *III. Inference-Logic*.

I. MATH

Upon completion of the math requirement, students will be able to: (1) demonstrate skills in use and interpretation of definitions, notations, and formulas that employ words and numbers to represent and solve problems; and (2) use and interpret principles of mathematical reasoning.

To fulfill the math requirement, complete **one** of the following:

- A score of 26 or above on the mathematics section of the ACT, a score of 540 or above on the mathematics section of the SAT, bypass examination, or
- MA 109 College Algebra, or
- MA 110 Analytic Geometry and Trigonometry, or
- MA 111 Introduction to Contemporary Mathematics, or
- any calculus course.

II. FOREIGN LANGUAGE

Upon completion of the foreign language requirement, students will be able to: (1) communicate orally in simple terms using the language; (2) read, write, and translate simple passages in the language; and (3) describe some ways in which language is reflected in the culture in which it is used and also ways in which culture is reflected in its language.

To fulfill the foreign language requirement, complete **one** of the following:

- Two years of a foreign language in secondary school as indicated on transcripts, or
- any two-semester sequence (at least six hours) in a single foreign language at the college level.

III. INFERENCE-LOGIC (with Statistics or Calculus Options)

Upon completion of the inference-logic requirement, students will be able to: (1) draw reasonable inferences from data, observations, and logical premises; (2) evaluate the quality of an argument or solution; and (3) use principles of formal reasoning to solve problems.

To fulfill the inference-logic requirement, complete **one** of the following:

- Any calculus course, or
- STA 200 Statistics: A Force in Human Judgment, PLUS
- PHI 120 Introductory Logic, or PHI 320 Symbolic Logic I.

Note: Students must satisfy the math requirement before enrolling in STA 200.

IV. WRITTEN COMMUNICATION

Upon completion of the written communication requirement, students will be able to communicate ideas effectively through written work for various audiences.

To fulfill the University Studies Program written communication requirement, complete the First Year Writing Requirement (4 credit hours).

The University's writing requirement also has a second component – the Graduation Writing requirement – that is not part of the University Studies Program. See "University Writing Requirement" on page 66 in the *Academic Requirements* section of this Bulletin for details.

NOTE: Honors Program students satisfy both the First Year Writing Requirement and the Graduation Writing Requirement through that curriculum.

First Year Writing Requirement

Complete **one** of the following:

- ENG 104 Writing: An Accelerated Foundational Course*
- Score of 32 or above on the English component of the ACT; score of 700 or above on SAT I Verbal; or score of 4 or 5 on the AP English Language Exam.

*Full-time students must enroll in ENG 104 in either the fall or spring semester of their first year. They may drop the course during the first year, but beginning in their third semester, students enrolled in ENG 104 are not allowed to drop the course, and will be required to register for the course each semester until they have completed the First Year Writing Requirement.

NOTE: Students who have earned credit for ENG 101 or equivalent, and students with a score of 3 on the AP English Language Exam may select either ENG 102 or ENG 104 (recommended) to complete the First Year Writing Requirement. UK no longer offers ENG 101 but will continue to offer ENG 102 as needed.

V. ORAL COMMUNICATION**Suspension of Oral Communication Requirement**

Students who enroll at the University of Kentucky **for the first time** in Fall 2004 through Summer 2007 are not required to complete the Oral Communication Requirement. **Students who enrolled for the first time prior to Fall 2004 must complete the Oral Communication Requirement.**

This suspension applies **only** to University Studies Requirements. Many programs are required by their accreditation to have an oral communication component; students in these programs are still required to fulfill that component.

Because the suspension of the USP Oral Communication Requirement occurred shortly before this *Bulletin* went to press, the degree requirements in the "Colleges" section still list the USP Oral Communication Requirement. Check with your advisor or college dean's office for updated information.

Upon completion of the oral communication requirement, students will be able to communicate ideas effectively through oral communication for various audiences.

To fulfill the oral communication requirement, complete **one** of the following:

- **one** of the following courses:
 - COM 181 Basic Public Speaking
 - COM 252 Introduction to Interpersonal Communication
 - COM 281 Communication in Small Groups
 - COM 287 Persuasive Speaking
 - TA 225 Vocal Production for the Stage I
- bypass examination, or
- an alternate sequence in the student's major department*

***NOTE:** Some colleges or departments have approved an alternate route for satisfying the oral communication requirement. Discuss with your advisor how you should select courses to complete this requirement.

VI. NATURAL SCIENCES (six hours)

Upon completion of the natural sciences requirement – for each course taken – students will be able to: (1) demonstrate knowledge of major theories and phenomena associated with a field or discipline of natural science; (2) demonstrate an understanding of scientific reasoning; and (3) identify the methods and practices of inquiry associated with theoretical advances in a natural science discipline.

To fulfill the natural sciences requirement, complete **at least six hours** from the following courses:

Biology

BIO 102	Human Ecology
BIO 103	Basic Ideas of Biology
BIO 110	Introduction to Human Biology and Health
BIO 150	Principles of Biology I
BIO 151	Principles of Biology Laboratory I
BIO 152	Principles of Biology II
BIO 153	Principles of Biology Laboratory II
BIO 300	General Entomology
ENT 110	Insect Biology
ENT 300	General Entomology
PLS 104	Plants, Soils, and People: A Global Perspective

Chemistry

CHE 101	Molecular Science for Citizens
CHE 104	Introductory General Chemistry
CHE 105	General College Chemistry I
CHE 106	Introduction to Inorganic, Organic and Biochemistry
CHE 107	General College Chemistry II
CHE 108	Introduction to Inorganic, Organic and Biochemistry Without Laboratory
CHE 115	General Chemistry Laboratory

Geography

GEO 130	Earth's Physical Environment
---------	------------------------------

Geology

GLY 110	Endangered Planet: An Introduction to Environmental Geology
GLY 120	Sustainable Planet: The Geology of Natural Resources
GLY 130	Dinosaurs and Disasters

PHY 160	Physics and Astronomy for Elementary Teachers
GLY 160	Geology for Elementary Teachers

VII. SOCIAL SCIENCES (two courses in separate disciplines)

Upon completion of the social sciences requirement – for each course taken – students will be able to: (1) demonstrate knowledge of major theories and phenomena associated with two fields or disciplines of social science; (2) demonstrate an understanding of scientific reasoning; and (3) identify the methods and practices of inquiry associated with theoretical advances in a social science discipline.

To fulfill the social sciences requirement, select **two courses in separate disciplines** from the following courses: *Note that AEC 101 is in the Economics category and ACE 102 and WS 200 are in the Sociology category.*

Anthropology

ANT 101	Introduction to Anthropology
ANT 241	Origins of Old World Civilization
ANT 242	Origins of New World Civilization

Communication

COM 101	Introduction to Communications
---------	--------------------------------

Economics

AEC 101	The Economics of Food and Agriculture

HIS 386 History of Russia Since 1825

Honors

Honors students with a score of 29 or better on the English component of the ACT may satisfy both the University Writing requirement and the Humanities requirement by passing three colloquia. Those with less than 29 on the English component of the ACT may satisfy both requirements by passing four colloquia. Honors students who complete all four colloquia also satisfy the six-hour elective requirement (X. Electives, below). These students do not receive an extra six hours of credit, since credit is already applied toward the Humanities and the writing portions of University Studies.
