

Jane M. Kirschling, R.N., D.N.S., is Dean of the College of Nursing; Dorothy Y. Brockopp, R.N., Ph.D., is Associate Dean for Academic Affairs; Lynne A. Hall, R.N., Dr.P.H., is Associate Dean for Research and Scholarship; Patricia V. Burkhart, R.N., Ph.D., is Director of the Undergraduate Program; Patricia B. Howard, R.N., Ph.D., C.N.A.A., is Director of the M.S.N. and D.N.P. Programs; Terry A. Lennie, R.N., Ph.D., is Director of the Ph.D. Program.

Accreditation

The College of Nursing has had continuous accreditation since 1967. The baccalaureate degree curriculum offered by the College of Nursing is accredited by the Commission on Collegiate Nursing Education and approved by the Kentucky Board of Nursing.

Undergraduate Program in Nursing

The University of Kentucky grants the following degree in the College of Nursing:

- Bachelor of Science in Nursing

ADMISSION REQUIREMENTS

The College of Nursing enrollment is composed of four-year students, associate degree nursing graduates, and diploma nursing school graduates. Admission to the University does not guarantee admission to the College of Nursing. Preference is given to Kentucky residents.

Applicants must be in a state of good health enabling them to carry out the functions of the professional nurse. Routinely, each student will be required to obtain a rubella and rubeola titers, hepatitis B immunizations, and have an annual tuberculin test or chest x-ray.

The University of Kentucky will consider for admission any applicant who demonstrates the ability to perform or to learn to perform the skills listed below. Applicants are *not* required to disclose the nature of any disability, but an applicant with questions about these technical requirements is strongly encouraged to discuss the issue with the dean for the particular program of study. If appropriate, and upon the request of the applicant, student or faculty, reasonable accommodations for a disability will be provided.

Students must possess aptitude, abilities, and skills in five areas:

- observation;
- communication;
- sensory and motor coordination and function;
- conceptualization, integration, and quantification; and,

“The University of Kentucky College of Nursing has not only been a building in which I attend classes. It has been a place for personal growth. During my four years in nursing school, I have learned that a career in nursing is not just about helping the sick, but it is truly about changing people’s lives. I feel honored to have been able to touch the lives of so many patients while in nursing school. I can think of no career more rewarding, more meaningful, than a career in nursing.

The College of Nursing has given its students the opportunity to explore the various fields within nursing by allowing students to rotate through different clinical areas including obstetrics, pediatrics, public health, psychiatry and critical care. The outstanding faculty at UK provides each student with individualized attention both in the classroom and clinical setting. With the comprehensive and cutting-edge education I received at the College of Nursing, I feel exceptionally prepared to enter into the nursing profession.

During my time in nursing school, I was also able to participate in several different organizations with the College of Nursing that further enriched my college experience. I served as Class President during which time I helped to plan graduation activities and raise money for local charities. I was also a member of the Nurse Scholars Program. This program gave me the unique opportunity to attend seminars featuring guest speakers from all realms of nursing, including research, advanced practice and patient perspectives. Additionally, I have also served as a Nursing Ambassador, which allowed me to be part of the recruiting process as well as welcome new students to UK. I feel that the combination of classroom, clinical and organizational experiences I have been involved with here at the College of Nursing have made for the well-rounded education that each of us hopes for upon entering college.

With a career in nursing, the possibilities are endless. The potential for growth as a bachelor’s prepare nurse is beyond anyone’s imagination as this field continues to expand and change. There is truly no limit to how big a nurse can dream.”

– Sonya Lichtenstein
Senior, May 2006

- behavioral and social skills, abilities and aptitude.

Full details on these standards are available by contacting the College of Nursing.

Progression to upper-division is regulated so that the total number of full-time equivalents at the beginning of the junior year does not exceed 72.

Admission Criteria

Criteria for admission to the 4-year BSN program include:

1. Freshman Student:

Students will be admitted as freshmen to a **pre-nursing** curriculum based on the following criteria:

- a) high school grade-point average of 2.5 or above on a 4.0 scale;
- b) meeting criteria for selective admission to the University of Kentucky (see the

APPLICATION DEADLINE FOR COLLEGE OF NURSING

Deadline for all categories of students, regardless of term of enrollment, is:

March 1

After the deadline, eligible applicants will be accepted on a space-available basis. It is advisable to initiate the application process early; it is a two-step process, involving completion of a goal statement and a reference.

Undergraduate Admission section of this Bulletin for more information).

Selection for admission to the **nursing** curriculum will occur at the sophomore level for all students based on the following criteria:

- a) a minimum cumulative grade-point average of 2.5;

Seeking licensure as a Registered Nurse requires that applicants have no criminal history. In Kentucky, applicants who are convicted felons may be denied licensure. Cases are reviewed individually, upon application. Additionally, some clinical agencies require criminal background checks for students who might be placed there for a learning activity. The agency reserves the right to deny a student permission to meet clients, based on the results of the criminal background check.

If you have a criminal history, we urge you to contact the board of nursing in any state where you may seek licensure prior to enrolling in a nursing program. The regulations vary from state to state.

- b) a grade of **C** or better in **all** required pre-nursing courses;
- c) completion of an approved Medicaid Nurse Aide training program;

In addition, any or all of the following information may be requested as part of the application:

- d) a writing exercise based on the criteria established by the College of Nursing;
- e) two letters of reference from individuals who can assess potential for success (e.g., teacher, employer). Reference forms are available by calling (859) 323-5108.
- f) an interview with members of the Admission and Progression Committee, or their designees.

2. Transfer Student:

- a) **for transfer students with less than 24 hours of college credit**, meeting the criteria for entering freshmen and a minimum grade-point average of **2.5** on all college work attempted as computed by the Office of Admissions;
- b) **for transfer students with more than 24 hours of college credit**, maintaining grade-point average of **2.5** on all college work attempted as computed by the Office of Admissions;
- c) grades of **C** or better in all courses required for CON curriculum;

In addition, any or all of the following information may be requested as part of the application:

- d) a writing exercise based on the criteria established by the College of Nursing;
- e) two letters of reference from individuals who can assess potential for success (e.g., teacher, employer). Reference forms are available by calling (859) 323-5108.
- f) completion of an approved Medicaid Nurse Aide training program;

- g) an interview with members of the Admission and Progression Committee or their designees.

3. Students will be eligible to apply for readmission to the College of Nursing after suspension from the College when they meet criteria as stated in **Section 2 a** and **b** of this policy.

4. A student who is a registered nurse will be considered for admission to **upper-division** courses in the nursing program based on the following criteria:

- a) the applicant must be a registered nurse licensed to practice in Kentucky;
- b) an associate degree in nursing from a college accredited by one of the six regional academic accrediting associations with a minimum GPA of 2.5 on a scale of 4.0 in all course work attempted as computed by the Office of Admissions;*
- c) a statement of academic and professional goals;
- d) a letter of reference from a supervisor;
- e) an interview with members of the Admission and Progression Committee or their designees.

*The registered nurse who is a graduate of a diploma program will be considered for admission after earning a minimum of 60 college credits which include:

- English – 6 semester credits
- Natural Sciences – 6 semester credits
- Social Sciences – 6 semester credits
- Humanities – 6 semester credits
- Nursing** – 28 semester credits

**Nursing credits may be earned from regionally accredited colleges by taking the courses or by taking the ACT-PEP tests. It is strongly recommended that applicants contact the Office of Student Services in the College of Nursing regarding the approved nursing ACT-PEP credits. All nursing courses taken in associate degree or diploma programs are considered lower-division courses and are not equivalent to upper-division courses in this program. The applicant must have at least a GPA of 2.5 on a scale of 4.0 in all college course work attempted as computed by the Office of Admissions, and must have satisfactorily completed the ACT-PEP tests which establish the nursing credits.

The application deadline for admission to the Nursing program for all categories of students is March 1.

Application for Admission

All applications and transcripts for admission must be submitted to the Office of Admissions according to the deadlines listed in the box above. RN applicants are considered for fall admission only. Transfer applicants will be evaluated for fall and spring admission,

according to the deadlines listed. Those accepted for admission must notify the college within 30 days, in writing, of their intent to enroll. Late applicants will be considered for admission on a space-available basis.

Part-Time Study

Students who are working toward the completion of the B.S.N. degree on a part-time basis must plan a course of study with the appropriate College of Nursing personnel or committee and may not alter that plan without prior approval from the College of Nursing.

Candidates for the degree who do not complete all requirements within a seven-year period (five years for R.N. students) after admission will have their records reevaluated and may be required to repeat or take selected courses.

Financial Aid

The college has a few scholarships designated for Nursing students. Inquiries should be directed to the Office of Student Services, College of Nursing.

Students may also wish to pursue funds available through hospitals and other agencies that offer financial assistance in return for a work commitment.

Academic Advising

Students who are admitted to the College of Nursing are assigned to an advisor within the college. Curriculum plans are determined in the first semester of enrollment in the college and updated each semester. Questions regarding progression through the program may be directed to the Office of Student Services, College of Nursing.

DEGREE REQUIREMENTS

BACHELOR OF SCIENCE IN NURSING

To obtain a Bachelor of Science in Nursing, students must satisfy the University requirements for graduation, including University Studies, and obtain a 2.0 grade-point average in nursing in the courses listed below. A grade of **C** or better must be attained in all courses required in the nursing curriculum in order to proceed to the next clinical course or to graduate. A minimum of 120 credit hours is required for graduation.

University Studies Requirements
See "University Studies Program" on pages 77-81 for the complete University Studies requirements. The courses listed below are (a) recommended by the college, or (b) required courses that also fulfill University Studies areas. Students should work closely with their advisor to complete the University Studies Program requirements.

Curriculum Policies

Students are expected to be familiar with the requirements for the degree of Bachelor of Science in Nursing and to confer with advisors in the College of Nursing when selecting courses.

Since the health needs of the nation are constantly changing, an effective curriculum requires continuous review and evaluation, which may necessitate revision of courses and requirements. Thus, there can be no guarantee that course content will be identical in each subsequent academic year. Furthermore, to continue to meet the changing emphasis in nursing education, some courses will require educational experiences for students in community facilities outside of Lexington.

Outcome Objectives

1. Exemplifies a personal philosophy of nursing that is consistent with professional standards.
2. Applies the nursing process as a method of providing professional nursing care to prevent illness; promote, maintain, restore client health; and/or assist clients to a peaceful death.
3. Practices critical thinking skills to make independent and collaborative decisions.
4. Incorporates research findings into professional nursing practice.
5. Provides professional nursing care to clients with actual and potential health problems in diverse settings.
6. Collaborates in planning, delivering, and evaluating nursing services in a changing society.
7. Demonstrates responsibility and accountability for professional behavior.
8. Employs theories of leadership and management in providing professional nursing care.
9. Demonstrates leadership in addressing professional nursing and health issues.
10. Provides professional nursing care based on an evaluation of internal and external forces affecting client systems.

SECOND DEGREE B.S.N. PROGRAM

The College of Nursing is offering a new option to earn a nursing degree – the Second Degree B.S.N. (Bachelor of Science in Nursing). This option is for people who have a bachelor's degree in a field other than nursing.

Prerequisites for Second Degree B.S.N. Option

Students who have earned a degree in an-

other field may apply to complete a B.S.N. The admission requirements/prerequisites include:

- a bachelor's degree;
- cumulative 2.50 GPA on a 4.0 scale for all college work;
- grade of C or higher in ANA 209 (Principles of Human Anatomy) or equivalent;
- grade of C or higher in PGY 206 (Elementary Physiology) or equivalent;
- grade of C or higher in CHE 108 (Introduction to Inorganic, Organic, and Biochemistry – Without Laboratory) or equivalent;
- grade of C or higher in PSY 100 (Introduction to Psychology) or equivalent;
- a personal reference; and
- a written statement.

It is strongly recommended that students complete the following courses with a grade of C or higher before beginning the Second Degree B.S.N. Program (they are required for graduation):

- BIO 208 (Principles of Microbiology) or equivalent; and
- STA 200 (Statistics: A Force in Human Judgment) or equivalent.

By the time of enrollment in the first course, students must have also completed a CNA course and all immunizations as listed above under "Admissions Requirements."

R.N. - B.S.N. - M.S.N. in NURSING

Registered nurses who have an associate degree or diploma in nursing can apply for a combined, accelerated course of study in which they can earn both a Bachelor of Science in Nursing and Master of Science in Nursing. In addition to completing the University Studies Program requirements for the baccalaureate degree, the student must complete the course work listed in the Sample Plan of Study.

All R.N.-M.S.N. students are admitted at the graduate level and pay graduate-level tuition and fees. Students in the R.N.-M.S.N. program take 12 credit hours of graduate-level pharmacology, research, pathophysiology and leadership, which fulfill the B.S.N. and M.S.N. course requirements. R.N.-M.S.N. students therefore save one semester of study over students who first finish their B.S.N. and then work toward a master's degree.

Application materials are due by May 1. Applications received after this date will be considered if space is available. Students are admitted in the fall semester only.

ADMISSION REQUIREMENTS

- Be a licensed registered nurse, having earned either a diploma in nursing or an associate degree in nursing from an accredited program.
- Diploma graduates must successfully complete ACT-PEP test.
- Completion of all University Studies requirements, 9 credit hours of professional electives, and a minimum of 95 earned credit hours.
- 3.0 GPA on a 4.0 grading scale.
- Satisfactory scores on the GRE general test (Verbal, Quantitative and Analytical sections). Minimum scores of 400 are preferred.
- RN licensure required in state where clinicals take place. Clinical experience prior to first clinical course.
- Three letters of reference. Include one from a recent employer and one from a nursing faculty member. Two of the three must be from nurses.
- Statement of academic and profession goals.
- Interview with graduate faculty member.
- Admission to the University of Kentucky Graduate School.

R.N.-B.S.N.-M.S.N. Degree Requirements

Students in this program must meet the degree requirements for both the Bachelor of Science in Nursing program and the Master of Science in Nursing program.

In addition to completing the University Studies Program requirements, students must complete the following:

**Sample Curriculum
