EVENING AND WEEKEND PROGRAMS

Evening and Weekend Programs is dedicated to offering high quality courses, complete degree programs and student services at convenient times to students of all ages. Of the

11,000 students enrolling in evening and weekend courses every semester, many are busy people pursuing their educational goals while balancing job responsibilities and family commitments. Students wishing to take one or two courses to enhance job skills or learn something new may choose from over 400 courses taught in evenings and on weekends in 70 fields every semester. Those wanting to complete unfinished degrees or begin study may select from eight bachelor, masters and doctoral degree programs.

Individuals desiring to pursue lifelong learning without the structure of seeking a degree may begin their studies as nondegree, undergraduate students or post-baccalaureate, graduate students. College credit earned as a nondegree student may be applied to a degree program at a later date when the student changes admission status to degree-seeking and meets the University's requirements for admission as a degree-seeking student.

Students denied admission as degree-seeking; applicants who are under academic or disciplinary suspension; and applicants currently under suspension at other institutions may not enroll in evening and weekend courses until they have been reinstated.

Contact Evening and Weekend Programs for more information or with questions, comments, or concerns, Monday through Thursday 9 A.M. to 7 P.M.; Friday, 9 A.M. to 6 P.M.; and Saturday by appointment.
