

# UK's Distinguished Alumni

## University of Kentucky Alumni Association

The University of Kentucky Alumni Association is the official record keeper of alumni records. It is a joy to follow the success of UK alumni throughout the world. It is with respect and admiration that the UK Alumni Association established the Hall of Distinguish Alumni in 1965 in recognition of alumni achievement during the University's Centennial Year Celebration. The roster contains the names of Nobel laureates, artists, scientists, inventors, scientists, and leaders in business, industry and government. The next induction of honorees to the UK Alumni Hall of Distinguished Alumni will take place in 2010. You can read the biographies of these illustrious alumni and about other interesting alumni online at: [www.ukalumni.net](http://www.ukalumni.net).
