

University Studies Program

Fall 2009 Course Offerings

University Studies courses offered for the 2009 fall semester appear here in **boldface type**.

A university education truly worth the name must do more than prepare students for a job or a career. It must broaden their understanding of the world, of themselves, of their role in society, and of the ideals and aspirations that have motivated human thought and action throughout the ages. It must help individuals use their acquired knowledge to grow in maturity as they take responsibility for their lives by establishing their own individual goals and developing the habit of lifelong learning.

The broad goals of the University of Kentucky's general education program, called University Studies, make for mature, open, flexible individuals who can adapt to changing situations, learn new skills, and meet unforeseen challenges in their careers. At the same time, University Studies will help students to develop their own sense of values, to pursue their own goals, and to contribute to the political, moral, social, and cultural enrichment of society.

The University Studies Program is separated into ten areas of study: math, foreign language, inference-logic, written communication, oral communication, natural sciences, social sciences, humanities, cross-cultural, and electives.

Students are encouraged to work closely with their advisors in selecting courses that are appropriate for their own needs and aspirations.

USP CREDIT FOR STUDENTS IN THE HONORS PROGRAM: Honors students satisfy the Written Communication – First Year Writing Requirement by passing the first two colloquia in their chosen track. Honors students satisfy the Graduation Writing Requirement by passing the third colloquia in their chosen track. Depending on the track and the course, Honors colloquia may also satisfy additional USP requirements in inference-logic, natural sciences, social sciences, humanities, and USP electives. For more information on using Honors Program course work to satisfy University Studies Program requirements, contact the Honors Program at (859) 257-3111.
