

Zuzana Majkova
zuzana@uky.edu
859-323-4933 81375

EDUCATION:

University of Kentucky - Lexington, KY, Ph.D. in Toxicology

Expected Graduation: May 2009

Masaryk University - Brno, Czech Republic, M.S. in Ecotoxicology

Graduated: May 2003

AWARDS AND HONORS:

5/03 Awarded first place for the best thesis within the Department of Ecotoxicology, Masaryk University, Brno, Czech Republic

8/05-12/06 University of Kentucky Superfund Basic Research Program Interdisciplinary Training Grant

EXPERIENCE:

8/04-present Enrolled in Ph.D. program at University of Kentucky Graduate Center for Toxicology, College of Medicine, University of Kentucky, Lexington, KY
Major Professor: Dr. Bernhard Hennig

0/03-8/04 Research Scholar at Animal and Food Science, College of Agriculture, University of Kentucky, Lexington, KY
Major Professor: Dr. Bernhard Hennig

10/01-6/03 Laboratory Technician at Veterinary Research Institute, Brno, Czech Republic
Major Professor: Dr. Miroslav Machala

PUBLICATIONS:

REFEREED ARTICLES:

Umannova L, Zatloukalova J, Machala M, Krcmar P, **Majkova Z**, Hennig B, Kozubik A, Vondracek J: Tumor necrosis factor- α modulates effects of aryl hydrocarbon receptor ligands on cell proliferation and expression of cytochrome P450 enzymes in rat liver "stem-like" cells. *Toxicol Sci.* 2007 Jun 8.

Hennig B, Reiterer G, **Majkova Z**, Oesterling E, Meerarani P, Toborek M: Modification of environmental toxicity by nutrients: implications in atherosclerosis. *Cardiovasc Toxicol*, 5: 153-160, 2005.

Machala M, Blaha L, Lehmler H, Pliskova M, **Majkova Z**, Kapplova P, Sovadinova I, Vondracek J, Malmberg T, Robertson LW: Toxicity of hydroxylated and quinoid PCB metabolites: Inhibition of gap junctional intercellular communication and activation of aryl hydrocarbon and estrogen receptors in hepatic and mammary cells. *Chem Res Toxicol*, 2004 Mar;17(3):340-7.

ARTICLES (submitted):

Arzuaga X, Reiterer G, **Majkova Z**, Kilgore MW, Toborek M, Hennig B: PCB and PPAR α interactions in vascular endothelial cells: Possible implications to inflammation and atherosclerosis. *Cardiovasc Toxicol*.

Majkova Z, Oesterling E, Toborek M, Hennig B: Impact of Nutrition on PCB Toxicity. *Environ Toxicol Pharmacol*.
