

*** QUESTION #1 ***

Hello. May I speak to [2]##?

My name is [I]## and I'm calling from the UK-Survey Research Center. The University is in the process of preparing a self-study report to provide an accurate picture of its performance and procedures for the upcoming accreditation visit by the Southern Association of Colleges and Schools. As part of this process we are surveying all groups involved with UK to get their opinions on the University, including students. You were selected as part of a random sample of UK undergraduate students to represent the views of your peers. Your answers to our questions will be completely confidential and will help provide the University with valuable information about undergraduate students' opinions. This is your chance to be heard. Would you be willing to talk with us?
