

SEVERE WEATHER POLICY
UK NORTHERN KENTUCKY MSW PROGRAM
Effective Spring 2003

If UK and/or NKU are closed due to severe weather, UK's Northern Kentucky MSW program will not hold classes. You can check for university closure information by visiting UK and NKU's websites: www.uky.edu or www.nku.edu. Both post this school closure information on their home pages.

UK's inclement weather policy can be found at the following address: http://www.uky.edu/PR/News/severe_weather.htm or you can call 859-257-5684 for cancellation information. Contact NKU Public Safety department at 572-6165 or 6166 for recorded information on university closure due to inclement weather.

Each instructor should have a policy for how they will contact students in the event that they need to cancel classes due to severe weather or other emergencies when UK or NKU are still open.

In the event classes are not cancelled during inclement weather, use your own best judgment about whether or not the roads are safe for you to travel to classes. We are a very spread out group and some students live in rural areas where the roads are not taken care of as well. Just be sure to let your instructor know if you will be missing class and why.
