5.0 Section V: Rules Relating to Attending the University

5.1 GRADING SYSTEMS

5.1.1 GENERAL GRADING SYSTEM

The grading system (except as provided in SR 5.1.2) based on which the results of work will be recorded in the Registrar's Office is as follows: [US: 3/18/96 and 4/8/96; US: 3/10/97; US 4/13/98]

A Represents an exceptionally high achievement as a result of aptitude, effort and intellectual initiative. It is valued at four (4) quality points for each credit hour. [US: 9/10/01]

B Represents a high achievement as a result of ability and effort. It is valued at three (3) quality points for each credit hour. [US: 9/10/01]

C Represents satisfactory achievement for undergraduates; represents unsatisfactory achievement for graduate students and is the minimum passing grade for which credit is conferred. It is valued at two (2) quality points for each credit hour. [US: 9/10/01; US: 4/8/02]

D Represents unsatisfactory achievement for undergraduates and is the minimum grade for which credit is conferred; the grade is not to be used for graduate students. It is valued at one (1) grade point for each credit hour. [US: 9/10/01; US: 4/8/02]

E Represents unsatisfactory performance and failure in the course. It is valued at zero (0) quality points and zero (0) credit hours. [US: 9/10/01]

P Represents a passing grade in a course taken on a Pass/fail basis. It may also be assigned by the University Appeals Board in cases involving a violation of student academic rights. Credit hours successfully completed under this grade will count towards graduation but will not be used in calculating grade point averages. [US: 9/20/93] (See Section V, 5.1.4 and Section VI, 6.5.1)

F Represents failure in a course taken on a Pass/fail basis. It is valued at zero (0) quality points and zero (0) credit hours. [US: 9/20/93]

AU Represents a completion of a course attended on an audit basis. It is valued at zero (0) quality points and zero (0) credit hours. [US: 9/20/93]

CR CR (Credit) designator for AP or CLEP or bypass work to reflect that credit is granted for a course [US: 3/10/97]

I Incomplete--See this Section, 5.1.3, Explanation of Certain Grades
IP Represents satisfactory work in progress in courses carrying no academic credit. It is valued at zero (0) quality points and zero (0) credit hours. [US: 10/11/93]

N Represents a temporary grade to be submitted for students who have been entered by the Registrar into official class rolls, but have never attended class and who have not officially withdrawn. The Registrar shall remove their names from the official class roll and the student's enrollment in the class shall not be recorded in the student's official academic record. (As a temporary mark, "N" carries no credit hours or quality points.) [US: 9/20/93]

S Represents a final grade in courses carrying no academic credit or in courses used for residency credit or dissertation/thesis credit. It is valued at zero (0) quality points. [US: 10/11/93; US: 1/14/02; US 4/10/06]

SI Represents an interim grade in credit-bearing seminars, independent work courses, or research courses if these courses extend beyond the normal limits of a semester or summer term. All SI grades must be replaced by a regular final letter grade prior to the Qualifying Examination or Final Examination for doctoral students or prior to graduation in all other cases (see Section 5.1.3.3). As a temporary mark, SI carries no credit hours or quality points. [US: 4/10/06]

UN Represents a final grade in courses carrying no academic credit, in graduate residence courses, or as an interim grade in specific types of courses listed in Section 5.1.3.4 for which a student has done unsatisfactory work or has failed to do a reasonable amount of work. It is valued at zero (0) quality points and zero (0) credit hours. [US: 1/14/02; US: 4/10/06]

XE Represents failure in a course due to an academic offense. It is valued at zero (0) quality points and zero (0) credit hours. The repeat option may not be exercised for any course in which the grade of XE was received. A grade of XE normally may not be changed to a W by retroactive withdrawal, except upon appeal to the University Appeals Board as prescribed by University Senate Rules.

XF Represents failure in a course taken on a pass–fail basis due to an academic offense. It is valued at zero (0) quality points and zero (0) credit hours. The repeat option may not be exercised for any course in which the grade of XF was received. A grade of XF may not be changed to a W by retroactive withdrawal, except upon appeal to the University Appeals Board as prescribed by University Senate Rules.

W Denotes withdrawal from class. It may also be assigned by the University Appeals Board in cases involving a violation of student academic rights. It is valued at zero (0) quality points and zero (0) credit hours. [US: 9/10/79; US: 10/11/93]

Z Reenrollment recommended (development courses only). It has no value in computing grade point average. [US 4/10/00]
5.1.2  EXCEPTIONS TO THE GRADING SYSTEM

5.1.2.1  College of Law

A. The College of Law uses a special letter grading system in which the following grades are conferred with the respective quality point values indicated:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Point Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.3</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>

B. A student's academic grade record is expressed as a grade point average computed by multiplying the semester hours of credit for each course by the quality point value of the grade received in the course. These products are added together, and the sum is divided by the total semester hours attempted. The grade point average thus derived is the basis for each student's academic status as indicated in the published rules and policies of the College of Law Faculty.

C. Selected College of Law courses are graded on a Pass/Fail basis, and law students enrolled in graduate courses for which the College of Law grants credit toward graduation are treated by the College of Law as Pass/Fail courses. A failing grade (F) in any Pass/Fail course in the College of Law or any graduate course in which a student in the College of Law enrolls for credit toward graduation from the College of Law will be taken into account at a quality point value of zero (0) in computing the student's grade point average. [US: 4/12/93]

D. Limitation on Pass/fail Units Creditable for College of Law Students [US: 4/12/93]

1. No more than 6 hours of graduate courses outside of the College of Law, graded on a pass/fail basis, shall be counted.

2. No more than 6 hours of courses in the College of Law that are offered only on a pass/fail basis, shall be counted.

3. No more than 9 of the total number of pass/fail credit hours, whether earned for graduate courses under 1. (above) or for College of Law courses offered only on a pass/fail basis under 2. (above) shall be counted.

4. No more than one graduate course outside the College of Law, graded on a pass/fail basis, may be credited in any one semester.

Students in joint degree programs may only take up to six pass/fail course credit hours in the law school courses and may take no courses outside the College of Law for credit toward the J.D. other than pursuant to the applicable joint degree program.

5.1.2.2  College of Dentistry [US 11/8/99]

An A, B+ or a B is within the expected range of performance. A C is a marginal level of performance. To remain in good academic standing and to graduate, a student must
maintain a grade point average (GPA) of 2.75 or more. Student performance will be reported to the University Registrar’s office as follows:

A  Represents exceptionally high level of performance; four (4) quality points are awarded to each credit hour.

B+ Represents a high level of performance; three and one-half (3.5) quality points are awarded for each credit hour.

B  Represents the minimum expected level of performance; three (3) quality points are awarded for each credit hour.

C  Represents a marginal level of performance; two (2.0) quality points are awarded for each credit hour.

E  Represents an unacceptable level of performance; zero (0) quality points are awarded for each credit hour.

P  Represents a passing grade in courses taken on a pass/fail basis. It is not used in GPA calculations.

F  Represents an unacceptable level of performance in courses taught on a pass/fail basis. It is not used in GPA calculations.

I  Incomplete; course objectives have not been completed during the allotted course time due to circumstances usually beyond the student’s control. An I grade shall be conferred only when there is a reasonable possibility that a passing grade will result when work is completed. An I must be replaced by another grade within 12 months or before graduation, whichever occurs sooner. After this period, an I grade will automatically convert to an E or an F grade as appropriate.

W  Withdrawn; this grade will be awarded to a student who withdraws from a course or from the college. It shall be awarded only after recommendation by the Academic Performance Committee and approval by the dean.

Responsible Agent: The Instructor of Record will evaluate the performance of each student with respect to the course objectives and assign the appropriate grades.

5.1.2.3 College of Medicine [US: 3/10/86]

A  Represents exceptionally high achievement in performance. It is valued at four (4) quality points for each credit hour.

B  Represents the expected level of achievement or performance in each course. This grade reflects student competence in all areas of course requirements. It is valued at three (3) quality points for each credit hour.

C  Represents marginal performance. It is valued at two (2) quality points for each credit hour.
E  Represents failure and unacceptable performance in a course. It is valued at zero (0) quality points for each credit hour.

P  Represents a passing grade in a course taken on a pass/fail basis. It is not used in quality point calculations.

W  Denotes withdrawal from the college or from an elective course. W must be approved or recommended by the Student Progress and Promotion Committee. Withdrawal from a required course is not permitted, except when a student withdraws from the college. A student may withdraw from an elective and the W will remain on the record.

U  Represents unsatisfactory performance in a specific area of course requirements. It is conferred instead of an E grade when evidence exists that the student might earn a passing grade upon completion of make-up work. In the interim the U will be valued at one quality point for each credit hour. The temporary grade must be made-up before the student can be promoted to the next year of the curriculum. The quality point calculation will then be the average of the U and the grade conferred after the make-up. [US: 3/18/96]

I  Represents incomplete work at the time grades are submitted for courses. It is conferred only when there is a reasonable possibility that a grade of C or better will be earned upon completion of the work. All I grades in required courses must be removed by a passing grade before a student can be promoted to a subsequent year. If a student later withdraws from the College, an outstanding 'I' grade can revert to a W grade at the discretion of the Student Progress and Promotion Committee.

5.1.2.4  Design & Landscape Architecture
Students enrolled in courses numbered 800 or higher in the College of Design or the Program in Landscape Architecture in the College of Agriculture shall be conferred the following grades with the respective quality point value indicated [US: 4/13/98]:

<table>
<thead>
<tr>
<th>Grade</th>

The use of the plus-minus system does not change any college or university GPA requirement, nor the method by which GPAs are computed, nor the interpretations of other grades awarded, such as F, I, P, W, & S. [US: 9/20/93]

All students enrolled in courses using the plus/minus grading system will have the appropriate point value calculated into their GPA regardless of their college of origin. [US: 3/18/96]

In the Program in Landscape Architecture students must earn a C grade or better in major design studios in order to advance to the next level in the curriculum.
5.1.3 FURTHER EXPLANATION OF CERTAIN GRADES

5.1.3.1 Grade E
The grade E means that the student can obtain credit in the course only by repeating the entire work of the course in class, or by special examination in accordance with procedures outlined in Section 5.2.1.2. In rare cases in which undue hardship is involved in repeating the work in class, the dean of the college in which the student is enrolled may approve repeating the work by correspondence.

5.1.3.2 Grade I [US: 9/14/87; US: 10/11/93; US: 12/8/97]
The grade I means that part of the regularly assigned work of the course remains undone. It shall be conferred only when there is a reasonable possibility that the student can complete the work within the allowable period of time for removal of an I grade and that a passing grade will result from completion of the work. Except under exceptional circumstances, the student shall initiate the request for the I grade. An I grade shall not be conferred when the student's reason for incompleteness is unsatisfactory to the Instructor of Record. A grade of I must be replaced by a regular final letter grade not later than 12 months from the end of the academic term in which the I grade was awarded or prior to the student's graduation, whichever occurs first. The Registrar's Office shall provide notification to the Instructor of Record at least two months prior to expiration of the allowable period. The Instructor of Record can extend the allowable period for up to an additional 12 months by completing a grade assignment form. If the Instructor of Record is not available, the department chair or dean of the college in which the course is offered may complete a grade assignment form to extend the allowable period for up to 12 months. In the event the grade of I is not replaced by a regular final letter grade within the allowable period, Registrar shall change the I grade to a grade of E on the student's permanent academic record and adjust the student's GPA accordingly. In the event that an I becomes an E, the instructor of record may submit a grade assignment form to replace the E within 12 months from the time the E was assigned. A graduate who had an I grade on his or her academic record at the time of graduation (and which grade was subsequently changed to an E by the Registrar) may be allowed a maximum of 12 months following the end of the semester, term or session in which the course was taken to satisfactorily complete the course and receive a grade change.

For each I grade assigned, the Instructor of Record shall complete an appropriate file record on a standard form provided by the Registrar, which shall include the following:

A. the name of the student;
B. the course number and hours of credit;
C. semester and year of enrollment;
D. signature of the Instructor of Record;
E. a brief statement of the reason(s) for recording the incomplete; and
F. specific instructions on how alternate grades on the work to be completed will affect the final grade;
G. the specific time requirement (not to exceed 12 months) set by the Instructor of Record for removal of the I grade and consequences of not removing the I grade; and

H. signature of the student, if feasible.

The Instructor of Record shall provide a complete copy of this record to the student and the department chair at the time the I grade is reported. The term "student" in this context excludes only students in the Graduate School and the Colleges of Medicine and Dentistry. [US: 9/14/87; US: 2/11/91]

I (Incomplete Grades) for Graduate Students [US: 3/10/97]
A grade of I (Incomplete) may be awarded to a graduate student if a part of the work of a course remains undone and there is a reasonable possibility that a passing grade will result from completion of the work. All Incompletes (I grades) must be replaced by a regular final letter grade within 12 months of the end of the semester, summer session or summer term in which the I grade was awarded or prior to the student’s graduation, whichever occurs first. If an I grade has not been replaced within the allowable period, the Registrar shall change the I grade to a grade of E on the student’s permanent academic record and adjust the student’s grade-point average accordingly, unless otherwise approved because of exceptional circumstances by the Dean of the Graduate School on recommendation of the Director of Graduate Studies in the student’s program.

Instructors of Record who assign an I grade should file with the student’s Director of Graduate Studies information which includes 1) the name of the student, 2) the course number and hours of credit, 3) the semester and year of enrollment, 4) specific information on the work to be completed before a final grade can be assigned, and 5) the time frame in which the specific requirements are to be met (not to exceed 12 months). Graduate students are urged to consult with their Director of Graduate Studies concerning procedures relative to the awarding of “I” grades and the conditions under which they may be removed I that particular program.

5.1.3.3 Grade SI
A grade of SI an interim grade in credit-bearing seminars, independent work courses, or research courses if these courses extend beyond the normal limits of a semester or summer term. All SI grades must be replaced by a regular final letter grade prior to the Qualifying Examination or Final Examination for doctoral students or prior to graduation in all other cases. [US: 1/14/02; US: 4/10/06]

5.1.3.4 Grade IP
The grade IP may be recorded for students in zero-credit courses of research, independent work, or seminar-type, if at the end of a semester the student, because of the nature or size of the project, has been unable to complete the course. The project must be substantially continuous in its progress. When the work is completed, a final grade will be substituted for the IP. This grade may not be conferred on a student who has done unsatisfactory work or to one who has failed to do a reasonable amount of work. [US: 10/11/93]

5.1.3.5 Grade W
The grade W shall be conferred on students who officially withdraw from a class or classes under conditions described in Section 5.1.8.2 through 5.1.8.4. The University Appeals Board may also assign this grade. See also Section 6.5.1.2.B. [US: 10/8/79; US 10/11/93; US: 1/14/02]

5.1.3.6 Grade Z
The grade Z means that the student has made significant progress but needs and deserves more time to achieve a passing level. The student should re-enroll in the course in order to continue advancement to a level of competence set for the course. Re-enroll grades may be assigned only for development courses numbered 000-099. [US 4/10/00]

5.1.4 COURSES TAKEN ON A PASS/FAIL BASIS
Undergraduate students above the freshman level and not on academic probation may select a maximum of four (4) elective courses, with certain restrictions, to be taken on a Pass/Fail basis. Students in the Honors Program above the freshman level may, with advance written approval of the Director of the Honors Program, select additional elective courses to be taken on a Pass/Fail basis. Credit hours successfully completed under this option shall count toward graduation but shall not be used in calculating GPA.

Courses taken on a Pass/Fail basis (including transfer courses) shall be limited to those considered as elective in the student's program and such other courses or types of courses as might be specifically approved by the Senate Council for a college or department. Prerequisites for such courses may be waived with the consent of the Instructor of Record. Students are expected to participate fully in these courses and to take all examinations. Any student may change his or her grading option (pass/fail to letter grade or letter grade to pass/fail; credit to audit or audit to credit) within three (3) weeks from the beginning of classes in the fall or spring semester (or a proportionate amount of time in the summer term/session or other courses of less than a full semester's duration). After such time, a student may not change his or her grading option without the express approval of the student's academic dean or the dean's designee. The waiver and the rationale for the waiver must be documented in the student's record in the college. [US: 12/11/00]

Courses offered only on Pass/Fail shall not be included in the maximum number of elective courses which a student may take under these provisions. (See SR 5.2.1.2.B.6 for procedures on Pass/Fail available under that option.)

The Instructor of record shall not be notified by the Office of the University Registrar or by any other office of the University of those students who are taking the course Pass/Fail. The Instructor of Record shall submit a regular letter grade to the Registrar's Office which will take the appropriate action to change the grade into Pass/Fail grading track for records. Neither a grade of P nor a grade of F shall be taken into consideration in calculating a student's GPA, except as provided in SR 5.1.2.1. [US: 9/13/76]
Giving a P/F credit for AP tests and for CLEP tests does not mean that students may elect to take a required course for P/F. If the student elects to take the course he or she must get a letter grade to satisfy the USP requirements.

* A student pursuing a second bachelor’s degree under Rule 5.4.1.3 is not entitled to take additional courses on a pass-fail basis except as the Director of the Honors Program might permit. [SREC: 5/15/07]

5.1.5 AUDIT

Students who register for an audit do so for reasons other than fulfilling explicit requirements. They must come to individual agreements with the instructor as to what responsibilities they will be expected to perform. Normally, students who audit would be expected to do the readings and attend class; they may be required to enter more fully into the class work. In any case, they will receive no credit hours or grades. Any change from audit to credit or credit to audit by a student regularly enrolled in a college must be accomplished within three (3) weeks from the beginning of classes in the fall or spring semester (or a proportionate amount of time in the summer term/session or other courses of less than a full semester's duration). No credit can be conferred for a class audited nor is a student permitted to take an examination for credit, except for the special examinations described in 5.2.1.2. A student who initially enrolls in a class as an auditor must attend at least 80% of the classes in the course (excluding excused absences). If a student changes her or his enrollment from credit to audit, s/he must attend at least 80% of the remaining classes (excluding excused absences). If an auditor fails to attend the requisite number of classes, the Instructor of Record may request that the Dean of the instructor’s college award the grade of W for that course and the Dean shall report the grade to the Registrar. No instructor is authorized to admit anyone as an auditor to any of his/her classes unless the auditor has registered as such. [US: 10/11/76; US: 12/10/90; US: 9/20/93; US: 4/10/00]

5.1.6 FINAL GRADES

A. Procedure for Reporting Final Grades

The final grades shall be filed with the Registrar within 72 hours after the final examination is administered but in no case later than the date announced in the official University Calendar. Grades and credit obtained by special examination shall be reported in accordance with SR 5.2.1.2. [US: 9/20/93; US: 10/8/07]

B. Temporary Notations

1. Course in Progress. --- appears in a grade report prepared during the term in which the student is enrolled in the course. It is to be replaced by a final grade pursuant to SR 5.1.6.A. The Registrar shall notify all unit or program heads at the end of each semester, regarding “Course in Progress” notations (---) in all courses offered by that unit or program. The unit or program head shall have six weeks from the date of notification by the Registrar to assign a grade in the course. If no change is made by the unit or program head, the “Course in Progress” notation (---) will be replaced with a “Missing Grade” notation (**), with further changes made pursuant to SR 5.1.6.B.2. [US: 10/8/07]

2. Missing Grade. *** appears in a grade report when no grade has been reported to the Registrar either under SR 5.1.6.A or SR 5.1.6.B.1. The Registrar
shall notify all unit or program heads at the end of each semester or term regarding all "Missing Grade" notations (***) in all courses offered by that unit or program. If a Missing Grade notation can be replaced with a grade, it should be done as promptly as possible. [US: 10/8/07]

3. Procedures for Changing Temporary Notations. The unit or program head will consult, if possible, with the instructor of record for the course when assigning a grade under this rule. The Registrar shall notify the student at the student’s address of record of any assignment of a grade under this rule. Appeals shall be taken to the Academic Ombud. [US: 10/8/07]

5.1.7 CHANGING GRADES

An Instructor of Record may change a mark once it has been reported to the Registrar’s Office only if (1) the change is made within one year of the date of the original grade and (2) only in the case the original grade was in error. Reports of all such grade changes shall be sent to the Registrar’s Office with a copy to the dean of the college in which the instructor is assigned. The Instructor of Record may also recommend to his/her department chair the changing of a grade for any reason other than an error, and the grade shall be changed if the department chair approves. In every such approval, a report of the grade change shall be sent to the Registrar’s Office by the department chair with a copy to the Instructor of Record and dean of the college involved. There shall be only one grade change per student per course pursuant to this rule No grade may be changed after the student has graduated from the University except in the case of the error provided for above.

The instructor of record for the course is authorized to make the final decision to change a grade in cases of an error (e.g., miscalculation of the grade, or errant entry of the wrong grade). In other cases, an instructor of record is authorized to initiate and make a grade change only if the department chair agrees to the change. (The department chair’s role in this case is only to agree or not to the change, not to make the change independent of the instructor of record.) [SREC: 4/14/06]

However, in the case of a violation of student academic rights, the University Appeals Board may change a grade to P or W or, if such a determination can be made, to an appropriate letter grade. (See Section 6.5.1.2.B) (See Section 5.1.3.2 for the procedures for recording and changing an I grade.) [RC: 11/20/87]

Graduate and professional schools may have individual rules on this matter so long as they are not inconsistent with these rules.

5.1.8 WITHDRAWAL AND REMOVAL: TIME PERIODS AND GRADES

5.1.8.1 Unilateral Removal for Failure to Attend First Two Class Periods

Students who miss the first two class periods of a course without notifying the department of their intention to attend may be reported by the department to the dean who shall remove the students from the class role and notify the Registrar that the student has been removed from the class roll. The Registrar will inform such students
that they have been removed. The students will have no record of the class appear on their transcripts. [US: 12/12/77; US: 9/20/93]

5.1.8.2 Unilateral Withdrawals [US: 5/7/07]

A. Time Period

Any student may withdraw from any class (except for those used to meet the Writing Requirement) during the withdrawal period which is defined as the period prior to and including the:

1. end of the eleventh week for fall or spring semester. [US: 5/7/07; US: 2/27/08]
2. third day of the fifth week for eight week summer session/term.
3. second day of the third week for four week summer session/term. [US: 2/12/82; US: 9/12/94; US 4/10/00]

* Withdrawal from courses used to meet the Writing Requirement is limited as provided in SR 5.4.3.1. [RC: 10/17/07]

* The intent of this rule is that the “11th week” referred to is the 11th academic week, i.e. not counting spring break. [RC: 7/17/09]

B. Grade Received

1. No Record. Students who withdraw within three (3) weeks from the beginning of classes in the fall or spring semester (or a proportionate amount of time in the summer term/session or other courses of less than a full semester’s duration) will have no record of the class appear on their transcripts. Such withdrawal is also known as “dropping a course.” [RC: 11/20/87]

2. Grade of W. Students who withdraw during the remaining portion of the withdrawal period will receive the grade of W which will appear on their transcripts. [US: 9/12/94]

5.1.8.3 Permissive Withdrawals [US: 5/7/07]

A student may withdraw from a class, or from the University, after the withdrawal period in Rule 5.1.8.2.A but through the last day of classes for the semester/session/term upon approval by the dean of the student’s college of a petition certifying urgent non-academic reasons including but not limited to:

1. Illness or injury of the student;
2. Serious personal or family problems;
3. Serious financial difficulties; or
4. Having excused absences in excess of one-fifth of the class contact hours in a course where attendance is required or is a criterion for a grade, pursuant to SR 5.2.4.2. [RC: 11/20/87]

Before acting on such a petition, the dean will consult with the Instructor of Record of the class. The dean may not delegate the authority to approve or deny a petition to withdraw to the University Registrar or to any other agency external to his or her college. If such a petition is approved by the dean of the student's college, the dean
shall inform in writing the Instructor of Record of the class of his/her action, and the student shall be assigned a grade of W. [US: 9/10/79; revised US: 4/11/83]

5.1.8.4 Credit for Students Who Withdraw to Enter Military Service
Students who withdraw (and within ten (10) days enter the Armed Services either mandatorily or voluntarily) after completing the twelfth week of the semester, the third week of the four week summer term, or the sixth week of the 8 week summer session, or later, shall be entitled to receive full credit and residence for the course. The grade report shall be that attained in the course up to the time of withdrawal. If, with the credit and residence time granted, the student has fulfilled all requirements for a degree, the student shall be recommended for that degree by the University Senate. If a comprehensive course examination is required for graduation, this requirement shall be waived. [US: 9/20/93]

5.1.8.5 Retroactive Withdrawal
Withdrawals initiated after the last day of classes for the semester are governed by this rule. [US: 12/8/97; US 4/12/99]

A. Requirements
1. Typically, a student may withdraw from a given semester only if the withdrawal is from all classes.

   * If a student submits a request to the Senate’s Retroactive Withdrawal Appeals Committee (SRWAC) for retroactive withdrawal from a single course, and that request is denied by the SRWAC, the student retains a standing to then submit a different request to the SRWAC for retroactive withdrawal from all classes. The act of submission of the second request does not constitute an improper ‘appeal’ to the SRWAC of the SRWAC’s prior decision. [SREC: 6/8/06]

2. Requests for retroactive withdrawals shall be made of the Dean of the college in which the student was enrolled at the time the classes were taken. The complete request shall be made before a student has graduated and not later than two calendar years from the last day of classes for the semester for which the withdrawal is requested. The fully complete request shall be submitted using the University Senate Retroactive Withdrawal Application, which includes a form on which an instructor can offer feedback, along with the documentation required by the University Senate as described on that form (http://www.uky.edu/USC/New/filesForms/RetroactiveWithdrawals.doc). [US: 4/9/07; 5/7/07]

   * "Two calendar years" means two consecutive periods of 365 days (or 366 if leap year) from the last day of classes for the semester for which the withdrawal is requested. [RC: 5/19/09]

3. Retroactive withdrawals may be granted only when the student has demonstrated satisfactory evidence that the student has incurred:

   (a) a serious injury or illness;
   (b) serious personal or family problems;
(c) serious financial difficulties; or
(d) permanent disability verified by the Disability Resource Center and diagnosed after the semester for which the withdrawal is requested.

4. Retroactive withdrawal from a class in which an XE or XF has been imposed shall not be granted.

B. Procedure
To the extent possible, the following procedures shall be uniform throughout the University:

1. The presence of a hold on a student's record shall have no effect on the submission, receipt, transmission, or review of an appeal for a retroactive withdrawal. [US: 5/7/07]

2. The Dean shall recommend approval or disapproval of the request and shall forward the recommendation to the SRWAC, normally within 30 days of receipt of the petition and all supporting documentation. It is within the purview of the Dean to waive the requirement that a student must submit an Instructor Feedback Form(s) for reasons such as unavailability of the instructor or hardship on the student. If the Dean waives the submission of the Instructor Feedback Form(s), the justification must be included in the Dean's letter recommending approval or disapproval of the retroactive withdrawal appeal. [US: 5/7/07; US 5/8/08]

3. The SRWAC shall rule on the request, normally 30 days from receipt of the petition and all supporting documentation from the Dean. The student shall have the right to appear in person before the Committee to present his or her request and shall have the right to be represented by an attorney or other designated individual.

4. The SRWAC shall forward all approved requests to the Office of University Registrar for implementation.

5. The SRWAC shall forward a copy of its decision - whether the request was approved or not - to the Dean of the student's current college and to the Dean of the College in which the student was enrolled at the time of the retroactive withdrawal, if different from the current college. The Dean of the student's current college shall notify the student and Instructors of Record of the SRWAC's decision.

* There is no provision in the retroactive withdrawal process prescribed in the Senate Rules for a dean to block, overturn, or appeal a SRWAC decision. [SREC: 4/14/06]

* There is no 'cause of action' within the Senate Rules for appeal of the SRWAC's decision to either an administrator or to another University committee, except if the student attempts to make a case that the SRWAC's actions had constituted a violation of the academic "rights" of the student. In such a case, the cognizant entity to receive and entertain
such an appeal is the University Appeals Board (see SR 6.5.1.2). [SREC: 4/14/06]

5.1.9 GRADE POINT AVERAGE (GPA)

A. GPA is the ratio of the number of quality points gained to the number of credit hours (whether earned or not) in courses for which the grades of A, B, C, D, or E were conferred, excluding grades in developmental or remedial courses. [US: 3/9/98; US 4/10/00; US: 9/10/01]

B. If a student repeats a course in which a grade of “B” or better has been received, any subsequent grades of “B” or better and credit hours earned for those courses (if any) shall be ignored in computing the student’s grade point average, unless the repeat option has been exercised according to Rule 5.3.1.1. A student does not repeat a course within the meaning of this rule if he or she only repeats the same course number where there are multiple topics, subtitles, independent study, or other courses allowed by the student's program using a common course number. [US: 4/13/98]

C. Credit hours are considered as earned only if a grade of A, B, C, D, P or S was conferred.

5.1.10 Not in Class

Students who have been entered by the Registrar into the official class roll, but have never attended class, and who have not officially withdrawn, shall be reported NOT IN CLASS. The names of such students shall be deleted from the official roll by the Registrar. (See Section 4.3.2 and Section 5.2.4.4)

5.2.0 CREDIT, CLASSIFICATION, ACADEMIC STANDARDS, LOADS

5.2.1 CREDIT HOURS

In general, undergraduate courses are developed on the principle that one semester hour of credit represents one hour of classroom meeting per week for a semester on the part of the student exclusive of any laboratory meeting. Laboratory meeting, generally, represents at least two hours per week for a semester for one credit hour.

Credit for short courses of less than eight weeks shall be limited to no more than one credit hour per week.

5.2.1.1 Accelerated Programs

The College Board Level Examination Program Subject and General Examinations, the College Board Advanced Placement Examinations, the American College Testing Program Proficiency Examination Program Subject Examinations, and courses evaluated by the American Council on Education for which credit recommendations are made under the Program on Noncollegiate Sponsored Instruction and courses in the International Baccalaureate Program are recognized as appropriate credit for meeting degree requirements [US: 10/14/02]. College Faculties and/or department Faculties representing the discipline, as designated by the Associate Provost for Undergraduate Education, shall determine and publish appropriate cut-off scores for the CLEP, AP, PEP and IB examinations and report them to the Office of Admissions and Registrar.
[US: 9/13/82; US: 10/14/02] No AP, CLEP or IB credit hours shall be letter graded. Rather, all such earned credit hours shall be shown on the student’s academic record as course credit (CR). (See also SR 5.1.4) [US: 4/25/88; US: 3/9/98]

5.2.1.2 Credit by Special Examination

A. Entrance Examination
An individual educational unit may require, in addition to the freshman classification test, with the approval of the Senate, entrance or classification tests to be taken by its applicants for admission to its programs.

B. Special Examination
Any full-time or part-time student enrolled in the University, and in good academic standing, shall have the right to request a special examination for credit in any course offered, regardless of whether the student has audited the course, is currently enrolled in it, or has studied for it independently.

1. Application for a special examination must be made in writing. Undergraduates will address requests to the chair of the department in which the course is given, or to the office of the educational unit responsible; graduate students, to the Director of Graduate Studies in the department in which the course is given. Approval of requests from undergraduate students rests with the department chair; from graduate students, with the Dean of the Graduate School acting upon recommendation of the Director of Graduate Studies.

2. The request for special examination may be denied by the department chair or the office of the educational unit responsible, or the Dean of the Graduate School acting upon the recommendation of the Director of Graduate Studies, if it is decided that the student has not furnished evidence that he/she is reasonably prepared to take the examination, or that the course is of such a nature that credit by examination is inappropriate. (The fact that a student has failed the course within the last semester may be regarded as evidence that the student is unprepared to take a special examination.)

3. The examiner designated by the educational unit may schedule the examination at his/her convenience, but must offer it within a reasonable time after the student has submitted his/her request.

4. The examiner shall inform the Registrar of the student's grade in the course. A student currently enrolled in the class who successfully completes a special examination shall be formally removed from the official roll by the Registrar, unless the student is dissatisfied with the results, in which case he/she may continue in the course and be graded in the usual manner. The examiner then may or may not include the results of the special examination in computing the final grade. [US: 9/20/93]

5. Credit earned by special examination may be counted as residence credit by the dean of the student's college. The limits on maximum loads are waived in cases where the excess is due to special examination credits.
6. The student, with the educational administrator’s consent, may take the special examination on a Pass/fail basis, including any course not otherwise available under the Pass/fail option. Credit derived in this manner shall not reduce the number of courses permitted under the Pass/fail rules. (See Section 5.1.4) [US 4/10/00]

5.2.1.3 Credit for Work Done by Correspondence
No more than thirty (30) credit hours of the total required for an undergraduate degree may be gained by correspondence. No more than one-third of the requirements for a major may be gained by correspondence.

No credit will be conferred in the Graduate School or in the professional colleges for courses done by correspondence.

5.2.1.4 Maximums
No more than half of the credit toward an undergraduate degree may be earned by any combination of CLEP Examinations, PEP Examinations, PONSI courses, Special Departmental Examinations, and Advance Placement Examinations. [US: 9/13/83]

5.2.2 STUDENT LOAD
With the exceptions noted below, the maximum load to be carried during any semester by an undergraduate student (including residence and correspondence courses and to courses taken on an audit basis) shall be 19 credit hours. [US: 10/11/93]

The maximum allowable load to be carried during any summer term/session for undergraduate students (including residence, correspondence or audit courses) shall be nine (9) credit hours in the eight-week summer session and four (4) credits in the four-week term, but under no circumstances no more than 13 credits during the summer term and summer session.

Students may be enrolled in a maximum of nine credit hours of classes meeting concurrently during an eight-week summer session. For this purpose, a course meeting for a four-week period during the eight-week session must be counted double. Thus, a student may enroll in two consecutive four-week (three credit hour) classes plus one eight-week class, or as many as three eight week (three credit hour) classes. A student would not, however, be able to enroll in two four-week (three credit hour) classes meeting concurrently. A student may be enrolled in a maximum of seven credit hours for a six-week summer term. [US: 10/11/93; US 4/10/00]

A student may be permitted by the dean of his/her college to carry such extra credit hours as in the dean’s judgment, based upon the student’s past performance, the student can complete successfully. [US: 11/8/82]

A student on academic probation shall take no more than fifteen (15) credit hours in a semester, three (3) credit hours in a four-week term, or seven (7) credit hours in a six or eight-week session. This rule may be waived by special permission from the student’s academic dean or the dean’s designee. The waiver and the rationale for the waiver must be documented in the student’s record maintained by the college. [US: 12/11/00]
Students in the combined Bachelor's/Master's degree program (University Scholars) shall not take more than 16 credit hours per semester. Permission to exceed that number is subject to approval by the Director of Graduate Studies and Dean of the Graduate School. (See Section 5.4.1.7 and Section 4.2.5.4) [US: 9/13/82]

The professional colleges and the Graduate School may set lower maximum loads which are consistent with their degree requirements.

The maximum allowable load to be carried during any summer term for graduate students shall be nine (9) credit hours in the eight-week summer session and four (4) credit hours in the four-week term. The maximum load for graduate students in any combination of the four and eight week sessions/terms shall be twelve (12) credit hours.

A student may be registered simultaneously at the University of Kentucky and at another institution only with the approval of the dean of the college in which the student is registered at the University of Kentucky, the credit hours obtained at the other institution being considered a part of the student's maximum load. If the simultaneous registration has not been authorized, the transfer of credit from the other institution may be denied. [US: 10/11/93]

5.2.3 CLASSIFICATION

Any undergraduate student shall be classified by the Registrar as a freshman if fewer than 30 hours have been completed; as sophomore upon completion of 30 credit hours, as a junior upon completion of 60 credit hours, and as a senior upon completion of 90 credit hours.

A Law student shall be classified as a second year student upon completion of 24 credit hours and as a third year student upon completion of 53 credit hours. However, a Law student shall not be classified as a second year student until that student has been in residence at least two semesters, nor as a third year student until that student has been in residence at least three semesters.

A Pharmacy student shall be classified as a second year student upon completion of 28 credit hours and as a third year student upon completion of 56 credit hours.

Credit granted by examinations, as prescribed in these Rules shall count in determining a student's classification.

5.2.4 ACADEMIC STANDARDS

5.2.4.1 Attendance and Completion of Assignments

For each course in which the student is enrolled, the student shall be expected to carry out all required work including laboratories and studios, and to take all examinations at the class period designated by the instructor.

Each instructor shall determine his/her policy regarding completion of assigned work, attendance in class, absences at announced or unannounced examinations, and excused absences in excess of one-fifth of class contact hours (see Rule 5.2.4.2
5.2.4.2 **Excused Absences** [US: 11/11/85; 2/9/87; 4/12/04]

A student shall not be penalized for an excused absence. The following are defined as excused absences:

A. **Significant illness of the student or serious illness of a member of the student’s household (permanent or campus) or immediate family.** The Instructor of Record shall have the right to request appropriate verification.

B. **The death of a member of the student’s household (permanent or campus) or immediate family.** The Instructor of Record shall have the right to request appropriate verification. For the purpose of this rule, immediately family is defined as spouse or child or parent (guardian) or sibling (all of the previous include steps, halves and in-laws of the same relationship); and grandchild or grandparent.

C. **Trips for members of student organizations sponsored by an educational unit, trips for University classes, and trips for participation in intercollegiate athletic events, including club sports registered with the university as well as varsity sports.** When feasible, the student must notify the Instructor of Record **prior to** the occurrence of such absences, but in no case shall such notification occur more than one week after the absence. Instructors of Record may request formal notification from appropriate university personnel to document the student's participation in such trips.

D. **Major Religious Holidays.** Students are responsible for notifying the Instructor of Record **in writing** of anticipated absences due to their observance of such holidays no later than the last day for adding a class.

E. **Any other circumstances which the Instructor of Record finds reasonable cause for absence.** [US: 4/23/90]

Students missing any graded work due to an excused absence bear the responsibility of informing the Instructor of Record about their excused absence within one week following the period of the excused absence (except where prior notification is required), and of making up the missed work. The Instructor of Record shall give the student an opportunity to make up the work and/or the exams missed due to an excused absence, and shall do so, if feasible, during the semester in which the absence occurred. [US: 11/10/85 and RC: 11/20/87]

If attendance is required by the class policies elaborated in the syllabus or serves as a criterion for a grade in a course, and if a student has excused absences in excess of one-fifth of the class contact hours for that course, a student shall have the right to petition for a "W", and the Instructor of Record may require the student to petition for a "W" or take an "I" in the course. [US: 2/9/87; RC: 11/20/87]

* If a student has an excused absence on a day when a quiz is given, the instructor may not deny permission for a makeup exam and simply
calculate the student's grade on the basis of the remaining requirements. [RC: 8/20/87]

5.2.4.3 Acceptable Standards in Written English in All Courses
A student’s writing in all courses is expected to meet acceptable standards in written English.

Any instructor who finds that the written work of any student does not meet college-level standards may require the work to be revised to reflect competency and resubmitted. Instructors of Record may include the quality of writing as a factor in the student’s grade.

5.2.4.4 Unsatisfactory Scholarship and Attendance
A student who is doing unsatisfactory work or who is irregular in attendance (when required--see Section 5.2.4.1) in any course shall be reported to the dean of the college in which the student is registered. The student shall be under the special supervision of his/her dean. If, after a suitable length of time, it becomes apparent that no improvement is being made, the dean may drop the student from the course, reporting the action to the Registrar and to the Instructor of Record. (See Section 4.3.2 and Section 5.2.4.1)

5.2.4.5 Participation in Intercollegiate Athletics
The University accepts the eligibility rules for intercollegiate athletics as set up by the Southeastern Conference, National Collegiate Athletics Association, Region II, the Association of Intercollegiate Athletics for Women, and the Kentucky Women's Intercollegiate Conference. [US: 4/4/76]

5.2.4.6 Dead Week [US: 4/10/06; 4/13/09]
A. The last week of instruction of a regular semester is termed “Dead Week.” In the rest of these Rules, this term also refers to the last three days of instruction of a summer session and a summer term.

B. In cases of “Take Home” final examinations, students shall not be required to return the completed examination before the regularly scheduled examination period for that course.

C. No written examinations, including final examinations, may be scheduled during the Dead Week.

D. No quizzes may be given during Dead Week.

E. No project/lab practicals/paper/presentation deadlines or oral/listening examinations may be scheduled to fall during the Dead Week unless it was scheduled in the syllabus AND the course has no final examination (or assignment that acts as a final examination) scheduled during finals week. A course with a lab component may schedule the lab practical of the course during Dead Week if the lab portion does not also require a Final Examination during finals week.
F. Make-up exams and quizzes are allowed during Dead Week; these are exempt from the restrictions stated in C, D and E.

G. Class participation and attendance grades are permitted during Dead Week.

* The current wording of this rule does not prohibit continuing into Dead Week regularly assigned graded homework that was announced in the class syllabus. [RC: 9/09]

5.2.4.7 Final Examinations

If a final examination is to be given, it will be administered during the examination period as scheduled by the Registrar for the semesters of the regular school year. These examination periods will utilize the last 5 days of each semester, and will be preceded by a study day or weekend on which no classes or examinations for weekday classes will be scheduled. Final examinations for weekend classes will be administered the weekend before this 5 day period and need not be preceded by a study day. [US: 4/9/01]

Final examinations, where appropriate, will be administered during the last class day of the summer session/term.

In cases of "Take Home" final examinations, students shall not be required to return the completed examination before the regularly scheduled examination period. [US: 4/28/86]

Final examinations may be given at times other than the regularly scheduled time in the following instances:

Faculty
In the case of conflicts or undue hardship for an individual instructor, a final examination may be rescheduled at another time during the final examination period upon the recommendation of the chair of the department and with the concurrence of the dean of the college. [US: 4/28/86]

Students
Any student with more than two final examinations scheduled on any one date shall be entitled to have the examination for the class with the highest catalog number rescheduled at another time during the final examination period. In case this highest number is shared by more than one course, the one whose departmental prefix is first alphabetically will be rescheduled. The option to reschedule must be exercised in writing to the appropriate Instructor of Record or his/her designee two weeks prior to the last class meeting. [US: 4/28/86]

If a conflict is created by rescheduling of an examination, the student shall be entitled to take the rescheduled examination at another time during the final examination period. [US: 4/28/86]

In the case of undue hardship for an individual student, a final examination may be rescheduled by the instructor.

5.2.4.8 Final Examinations Scheduled for the Same Time
A student for whom two examinations have been scheduled for the same time shall be entitled to have the examination for the class with the higher catalog number rescheduled. In case both classes have the same number, the one whose departmental prefix is alphabetically first will be rescheduled. This rescheduling must be requested of the appropriate instructor in writing at least two weeks prior to the scheduled examination. [US: 4/14/80; US: 10/11/93]

5.2.4.8.1 Common Examinations [US: 10/11/93]

If a student has a course scheduled at the same time as a common exam and the student has given written notice of the conflict to the instructor at least two weeks prior to the common exam, the student shall be entitled to an excused absence from the conflicting common examination. [US: 4/9/90]

Departments electing to give exams, other than final exams, in a course to all sections of the course at a common time shall be required to do the following:

A. List the days of the month, week and the time at which the exam will be given in the official Schedule of Classes. [US: 1/12/90]

B. Provide an opportunity for students missing such exams with an excused absence to make up the missed work.

Departments must adopt at least one of the following policies for administering common examinations or some alternate arrangement to be approved by the dean of the college in which the course is given:

A. Provide a prime time course section that does not participate in the common examinations.

B. Give two examinations at widely disparate times. [US: 9/13/82; 2/12/90; 2/14/94]

A student enrolled in a course where a common exam is scheduled may also enroll in a class scheduled in the time slot of the common exam.

* Any department giving a common examination must give a make-up exam or develop some other arrangement for students with excused absences to gain credit as if they had taken the common exam; a department may not apply a "drop the lowest score" policy to common exams missed with an excused absence. [RC: 11/24/82; upheld by US: 2/13/83]

The Faculty of a college may adopt "alternative examination" rules that differ from the above and Senate approval for such is not required so long as the college rules are more lenient than the Senate's.

In instances where a common exam is missed due to an excused absence and the department has adopted a policy of “doubling up” to compensate, students so missing the exam must be allowed the same access to the missed common exam and the key to the answers as students who took the common exam have. ("Doubling up" is the practice of considering the score of the missed common exam to be the score on the portion of a comprehensive final exam that covers the same material.)
5.2.4.8 Policies Regarding Other Examinations
Policies regarding examinations other than the scheduling of final examinations in university courses will be set by the instructor of the course and/or by the department offering the course. These policies will be communicated in writing to students during the first or second meeting of the class each semester.

Exams other than final exams must be given during a regular scheduled class meeting time unless approved by the department chair or a common exam has been scheduled for all sections of the course. [US: 9/13/82]

5.2.4.9 Language Limitations for Foreign Students
Students whose native language is other than English and who have had formal instruction in schools of their own country shall not be permitted to take elementary, intermediate or conversation courses or examinations for credit in that language.

5.3.0 REPEAT OPTION, SCHOLASTIC PROBATION, SUSPENSION AND REINSTATEMENT

5.3.1 STUDENTS IN UNDERGRADUATE PROGRAMS

A student shall have the option to repeat once as many as three different completed courses (including special exams as provided in SR 5.2.1.2) with only the grade, credit hours and quality points for the second completion used in computing the student's academic standing and credit for graduation. The limit of three repeat options holds for a student's entire undergraduate career (including when academic bankruptcy is exercised as per SR 5.3.1.5), no matter how many degrees or programs are attempted. A student may not use the repeat option when retaking a course on a Pass/fail basis if the course was originally taken for a letter grade.

A student may exercise a repeat option using a correspondence course taken at the University of Kentucky (UK). For students previously matriculated at UK but who are now enrolled solely in UK correspondence courses, the repeat option may be applied for and approved by the Dean of University Extension, in coordination with the student’s prior UK college. For students whose sole UK enrollments have been in UK correspondence coursework, the repeat option may be applied for and administered through the Dean of University Extension. [US: 12/11/95]

A student exercising the repeat option must consult the student’s advisor and must notify the Office of the Registrar. A student may exercise the repeat option at any time prior to graduation and must be enrolled at UK. [US: 4/11/94; US: 11/12/07]

If a student officially withdraws from the second attempt, then the grade, credit hours and quality points for the first completion shall constitute the grade in that course for official purposes. Permission to attempt again the same course may only granted by the Instructor of Record and the dean of the college in which the student is enrolled (see Section 4.3.3). [US: 4/11/94]
The repeat option may be exercised only the second time a student takes a course for a letter grade, not a subsequent time (excluding audits). [US: 2/14/94]

The repeat option shall not be exercised for any course in which the grade of XE or XF was received.

* The Senate Rules do not prohibit a student from using a cheating grade of E or XE in a repeat option exercise to apply in place of a regular E that was conferred the first time the course was taken. [RC: 1/16/06]

5.3.1.2 Prohibition of Duplicate Credit

A student may earn credit hours and associated quality points for a course only once unless the course is designated as repeatable. A student who nonetheless has enrolled more than once for the same nonrepeatable course will be awarded credit hours and associated quality points only for the first time the course is completed during the student’s academic career, regardless of the source (e.g. transfer, A.P., etc.) unless the student properly exercises the Repeat Option under SR 5.3.1.1.

* The dean of a student’s college may elect to count the grades of subsequent attempts for selective admission purposes only, and not for calculating the grade point average for graduation or any other purpose.

5.3.1.3 Academic Probation Policies [US: 3/20/95; US: 4/23/01]

Students are placed on probation if:

A. Their cumulative Grade Point Average (GPA) falls below 2.0. Students on probation for this reason who achieve a cumulative 2.0 GPA or higher shall be removed from probation.

B. They have two consecutive UK academic terms with term GPAs below 2.0 regardless of their cumulative GPA. Students who achieve a 2.0 or better in the next term and have a cumulative GPA of 2.0 or higher will be removed from probation.

C. If the student has completed all the academic and procedural requirements for the degree while still maintaining an overall GPA of 2.0 or higher (or the minimum GPA established by a specific college), the degree shall be awarded and the student placed in good standing.

D. The Summer Session and Summer Term are considered two separate academic terms and are subject to the same probation and suspension provisions as Spring and Fall.

A. Students are suspended if:

1. They fail to earn a 2.0 term GPA for any term while on probation;

2. They have three consecutive UK terms in which their cumulative GPA remains below 2.0; or
3. Their GPA is below 0.6 after their first term, if the semester’s GPA is based on at least 9 hours of grades A, B, C, D or E.

B. Notwithstanding the provisions of SR 5.3.1.3.A, in the case of a student eligible for suspension, the dean of the student’s college may continue a student on academic probation if the individual case so justifies, with notification to the Director of Undergraduate Studies.

C. A student academically suspended from the University may not enroll in any courses (including courses taken through the Office of Independent Study) offered by the University, nor take any examination for University credit while on academic suspension. Students already enrolled in correspondence course(s) will be allowed to complete the coursework upon notification of his/her suspension. [US: 4/10/00; US: 4/23/01]

D. A student academically suspended from the University a second time shall not be readmitted to the University except in unusual circumstances and then only upon recommendation of the dean of the college in which the student plans to enroll and approval of the University Senate Council.

E. Once reported to the Registrar an academic suspension may be rescinded by the dean only in the event of an error in the determination of the student’s eligibility for suspension, an official grade change that alters the student’s suspension eligibility, or exceptional circumstances. [US: 10/16/89; US: 4/23/01]

5.3.1.5 Reinstatement

After they have remained out of the University for at least a semester and a summer session (a semester for a student suspended at the end of a summer session), students who have been academically suspended from the University may only be reinstated by the dean of the college in which they plan to enroll when they present evidence that they are capable of performing at the level required to prevent being suspended a second time. The deadline for students to schedule an appointment for reinstatement in all colleges is May 15 for the fall semester and October 1 for the spring semester. [US: 10/11/93; 2/14/2005]

Students who have been academically suspended shall, upon reinstatement, be placed on scholastic probation and be subject to final academic suspension from the University if:

A. They acquire any additional deficit during any semester or session while on academic probation. (SR 5.3.1.2)

B. They have failed to meet the requirements for removal from academic probation by the end of the third semester following their reinstatement. (SR 5.3.1.2)

Once reinstated students have been removed from scholastic probation, they shall be subject to the same conditions for subsequent academic suspension as students who have not previously been academically suspended.
Students should refer to SR 5.3.1.5 for information on the academic bankruptcy rule that applies to students who are readmitted after an interruption of two or more years. [RC: 11/20/87]

5.3.1.6 Readmission After Two or More Years (Academic Bankruptcy) [US: 10/11/93]

A. Undergraduate students who have been readmitted through the usual channels after an interruption of two or more continuous years, and who have completed at least one semester or at least 12 hours with a GPA of 2.0 or better, beginning with the semester of readmission, may choose to have none of their previous University course work counted toward graduation and in the computation of their GPAs. The Rules Committee holds that enrollment for a semester, when terminated by a withdrawal before completion of the semester (grades all Ws), in the two years preceding readmission is not an interruption. Under this circumstance, a student cannot invoke the academic bankruptcy rule. [US: 4/12/82]

* The 12-hour requirement of this rule must be met by enrolling in courses offered by the University of Kentucky. The courses must be taken after the student has been readmitted. The courses may be regular university courses or independent study (provided the course is offered by the University of Kentucky). [RC: 10/17/07]

B. In addition, the dean of the student’s college may permit such a readmitted student who has elected not to count past work, to receive credit for selected courses without including those grades in the computation of the student's GPA (cumulate or otherwise). [US: 4/12/82]

C. Part-time as well as full-time students can take advantage of the academic bankruptcy rule.

D. Students need not have been originally suspended from the University to qualify for this option.

E. In calculating the 2.0 GPA, a student must have taken all of the 12 hours necessary to apply for bankruptcy for a letter grade. Course numbers ending with a suffix of R, if taken for a letter grade, shall count toward the 12-hour minimum of eligibility for bankruptcy under this rule.

  * Letter grade means a grade of A, B, C, D, E or XE. [RC: 10/17/07]

F. If a student has completed a bachelor’s degree and re-enrolls, he/she may not apply the academic bankruptcy rule to courses taken for the degree already completed. [RC: 11/12/84; RC 4/10/00]

G. The Academic Bankruptcy option may be used only once.

5.3.1.7 Suspended Students Transferring between Colleges and Programs
A student suspended from a college or program may transfer to another college or program which has a 2.0 grade point average admission requirement for transfer students, even if the student has a GPA lower than 2.0, provided he or she is not subject to the provisions for suspension from the University (Section 5.3.1.3). However,
the student must meet all other admission criteria established by the college or program (see Section 4.2.4). If the student would have been placed on academic probation by the college to which he or she is transferring had he or she been previously enrolled in that college, then the college may place the student on probation at the time of admission. [US: 4/14/86]

5.3.2 UNDERGRADUATE COLLEGES-PROBATION AND SUSPENSION POLICIES

Individual colleges may establish policies regarding academic probation and suspension with regard to a student's academic standing within the college in addition to the University-wide policies prescribed in SR 5.3.1. If a college establishes such a policy, the policy must be approved by the University Senate, and the policy shall be made available in writing to the students. (See this Section 5.3.1.2 and 5.3.1.3.) [US: 4/25/84]

5.3.2.1 College of Design

A student may be placed on probation in the College of Design or suspended from the College of Design, but not necessarily the University, according to the College of Design standards that follow.

A student enrolled in the College of Design who is placed on college probation may continue with studies in the college and university subject to general University regulations concerning academic standing. A student enrolled in the College of Design who is suspended from the college may not take classes offered in the College of Design until reinstated. A student who is suspended from the College of Design may take classes outside the college subject to general University regulations concerning academic standing.

A grade of "C" or higher is required to advance to the next level of studio in the College of Design. A grade below C in an architectural design studio is considered unacceptable for majors in the College of Design. A student who earns a grade below C in a design studio will be placed on College probation. This probation will be removed when the student earns a grade of C or higher in the same studio.

A student will be suspended from the college for:

A. failing to earn a grade of C or higher in a particular architectural design studio for the second time; or

B. failing to earn a grade of C or higher in a particular design studio in its first or second offering after the semester in which the student earned a grade below C in that studio, provided the student remains in the University, except that students are not required to enroll in summer sessions; or

C. failing to earn a grade of C or higher in any design studio while the student is on University probation for two or more consecutive semesters.

Provision C. does not apply to first year architectural design students.
College of Design rules on probation and suspension may be waived by the Dean of the College of Design under extraordinary circumstances, with notification to the Faculty.

A student who has been suspended from the College of Architecture may petition the Dean for reinstatement after a period of no less than 12 months.

5.3.2.2 College of Health Sciences [US: 4/25/84; US: 12/14/92]
The following standards apply to Health Science student in professional programs:

A. Professional Program Probation
A student will be placed on professional program probation when:

1. the semester GPA falls below 2.0 in courses required by the professional program; or,
2. a failing grade is earned in any course required by the professional program.

B. Removal from Professional Program Probation
A student may satisfy the deficiency warranting probation and will be removed from professional program probation when:

1. in the semester following professional program probation, a 2.0 or above semester GPA is achieved in courses required by the professional program; and
2. a passing grade is earned in any previously failed course required by the professional program.

C. Professional Program Suspension:
A student will be suspended from the professional program when:

1. a 2.0 semester GPA in courses required by the professional program is not earned either at the end of the probationary semester, or in any subsequent semester; or
2. a course required by the professional program is failed a second time; or
3. two courses required by the professional program are failed, unless alternative action is recommended by the Program Director and approved by the Dean.

5.3.2.2.1 Clinical Laboratory Science Professional Program
The following standards apply to undergraduate students in the Clinical Laboratory Science Professional Program (CLS):

A. Student Progress
Students admitted to the CLS Program may advance into the senior year and/or clinical rotation of the CLS program of study on the condition that each has:

1. at least a GPA of 2.00 on all course work; and
2. earned a minimum grade of C (2.0) in every course with the CLS prefix.

B. Undergraduate Professional Program Probation
Regardless of academic standing in the University, a student shall be placed on probation where the student:

1. earns a semester GPA less than 2.0 in all courses required by the CLS Program; or
2. earns a grade less than C (2.0) for any course having a CLS prefix.

C. Removal from Clinical Laboratory Science Program Probation
A student shall be removed from probation when:

1. in the semester following probation, the student earns a semester GPA of at least 2.0 in courses required by the CLS Program; and
2. the student earns at least a grade of C (2.0) in any course with a CLS prefix in which previously the student earned a grade below C.

D. Clinical Laboratory Science Program Suspension
A student shall be suspended when the student:

1. earns less than a semester GPA of 2.0 in courses required by the CLS Program at the end of the first probationary period or in any subsequent semester; or
2. earns less than a C in a course with a CLS prefix for the second time; or
3. earns less than a C in any two courses required in the CLS Program.

E. Removal from Clinical Laboratory Science Program Suspension
A student may be reinstated into the CLS program when the student meets the requirements for readmission as determined by the CLS Admissions and Progression Committee. These requirements will be communicated to the student at the time of suspension.

5.3.2.3 College of Engineering [US: 4/25/84; 2/12/96; 3/9/09]
The following rules apply to the College of Engineering.

A. Any engineering student who has completed two or more semesters at UK and who fails to maintain a cumulative UK GPA of 2.0 or higher will be suspended from the College of Engineering and will not be readmitted until this GPA is 2.0 or higher.

B. Any student enrolled in the College of Engineering who earns a UK GPA of less than 2.0 in any semester will be placed on academic probation.

C. Any student on academic probation who fails to earn a 2.0 or higher semester GPA will be suspended from the College of Engineering and will not be readmitted until he or she has obtained a semester GPA of 2.0 or higher for one semester and the student’s cumulative GPA is 2.0 or greater.
D. Students who are suspended twice from the College of Engineering will not be readmitted.

5.3.2.4 College of Education [US: 3/9/87; 11/14/88; US: 9/8/97]
The teacher candidate’s progress in a Teacher Education Program is continuously monitored. A student may be placed on probationary status or suspended from the program for failure to make satisfactory progress. Conditions resulting in probation or suspension include the following:

A. Retention of Candidates In Teacher Education Programs

The progress of candidates who have been admitted to a teacher education program is continuously monitored. Some of the items which are monitored are: (a) whether a student has failed to earn a grade of C or better in a professional education class, (b) whether a student has failed to maintain 2.50 minimum GPA’s overall and in required subject areas, (c) whether a student has demonstrated continued adherence to the EPSB Professional Code of Ethics, and (d) whether adequate progress is being made in building the Working Portfolio.

If problems are identified, program faculty will determine a plan for addressing the problems and implement the plan including feedback and direction to the student.

B. Continuous Assessment In Teacher Education Programs

A student’s progress through all teacher preparation programs is continuously monitored, assessed, and reviewed. In addition to typical evaluation processes that occur as part of their course work and field placements, students will be assessed a minimum of three times during their program by representatives of their respective program faculty.

The three assessments will occur upon entry into the Teacher Education Program, at a midpoint in the program (no later than the semester prior to student teaching), and as students exit the program following student teaching. Assessments will include, but are not limited to: (a) basic skills assessment, (b) review of grades via transcript, (c) personal and professional skills assessed during interviews with program faculty when taking campus based courses, and during field experiences, (d) portfolio documents, and (e) continued adherence to the KY Professional Code of Ethics.

Following admission to a Teacher Education Program, if problems have been identified at any of the assessment points, program faculty will determine a plan for addressing the problems and implement the plan including feedback and direction to the student. In addition, if specific strengths are recognized during these assessments, the student will be commended.

C. Admission to Student Teaching

Prior to the student teaching semester, each candidate will be asked to provide evidence in the form of the Working Portfolio to demonstrate the acquisition of skills related to teaching in the chosen subject field, and to document progress in any identified problem areas. Each candidate’s portfolio will be reviewed by the appropriate program faculty, and continued progress through the program will be contingent on the results of this midpoint review.
Admission to student teaching requires a successful midpoint assessment review and recommendation by the program faculty that the candidate be allowed to student teach.

5.3.2.5 Professional Program in Accountancy [US: 4/13/87]

A. Retention Standards
Students pursuing the Five-Year Professional Program in Accountancy must maintain a 3.00 GPA in all hours attempted throughout the five-year program. If a student's GPA in the hours attempted after admission to the professional program falls below 3.00, the student will be given one semester to bring his or her GPA up to 3.00.

B. Graduation Standards
In order to graduate with an M.S. in the Professional Program in Accountancy, students must have at least a 3.00 GPA in all worked attempted and must have successfully completed a comprehensive final examination.

5.3.2.6 College of Nursing [US: 10/14/91]
The following standards apply undergraduate students in the professional nursing program.

(NOTE: In the statements below, the phrase "in the College of Nursing (CON)" refers to courses with an NUR prefix that are specific requirements for the degree of Bachelor of Science in Nursing. The phrase "by the CON" refers to other courses in the student's approved academic plan, which do not have the NUR prefix, e.g., ENG, CHE, BIO.)

These standards apply to all undergraduate students unless alternative action is recommended by the Undergraduate Student Admission and Progression Committee and approved by the Dean of the College of Nursing.

A. Undergraduate Program Probation
Regardless of academic standing in the University, a student shall be placed on probation when the student:
   1. earns a semester GPA less than 2.0 in courses required by the College of Nursing; OR,
   2. earns a grade less than a C (2.0) for any course required in the CON (NUR prefix).

B. Removal from Undergraduate Program Probation
A student shall be removed from probation when the student:
   1. in the semester following probation earns a semester GPA of at least 2.0 in courses required by the College of Nursing; an
   2. earns at least a grade of C (2.0) in any course required in the CON (NUR prefix) for which the student previously earned a grade below C (2.0).

C. Undergraduate Program Suspension
A student shall be suspended from the undergraduate nursing program when the student:
1. earns less than a semester GPA of 2.0 in courses required by the CON either at the end of the first probationary period or in any subsequent semester; or

2. For a second time fails to earn a grade of C (2.0) in a course required in the CON (NUR prefix); or

3. fails to earn a grade of C (2.0) in any two courses required in the CON (NUR Prefix); or

4. earns less than a GPA of 1.5 in the courses required by the CON at the end of any semester, except for the first semester at the University, with a preliminary probationary period.

D. Removal from Suspension
After the period of suspension, a student may be reinstated into the CON when the student meets the requirements for admission.

E. Master of Science in Nursing GPA Requirements
A minimum of 3.0 GPA in all graduate nursing courses is required for graduation, in addition to a cumulative 3.0 GPA over all graduate courses.

5.3.2.7 Gatton College of Business and Economics [US 5/5/03]
The following rules apply to students in the Gatton College of Business and Economics.

A. No student with a cumulative GPA of less than 2.0 will be enrolled in the Gatton College of Business and Economics. Any student who fails to maintain a cumulative GPA of 2.0 will be suspended from the Gatton College of Business and Economics and will not be readmitted until this GPA is 2.0 or greater. No probationary notice will be given.

B. Any student enrolled in the Gatton College of Business and Economics who achieves a GPA of less than 2.0 in any semester will be placed on probation.

C. Any student on probation who fails to achieve a 2.0 semester GPA will be dropped from the Gatton College of Business and Economics and will not be readmitted until he or she has obtained a semester GPA of 2.0 or greater for one semester and the student’s cumulative GPA is 2.0 or greater.

D. Students who are suspended twice from the Gatton College of Business and Economics will not be readmitted.

5.3.3 ATTENDANCE AND ACADEMIC DISCIPLINE IN THE PROFESSIONAL COLLEGES

NOTE: All students in the professional colleges are subject to the rights, rules and regulations governing University of Kentucky students in all matters not specifically covered in the these rules.
5.3.3.1 College of Law

A. Exclusion for Poor Scholarship and Readmission

1. All students in the College of Law must maintain a satisfactory cumulative GPA, and failure to do so will result in the student being dropped from the college for poor scholarship. Any student who earns a GPA below 1.5 for his or her first semester of law study may be suspended by the Dean on recommendation of the Law Faculty Academic Status Committee for poor scholarship. Any student who fails to earn a 2.0 cumulative grade point average at the end of the first two semesters will automatically be suspended for poor scholarship. In addition, any student whose cumulative GPA falls below a 2.0 at the end of any subsequent semester will also be suspended from the college.

2. Any student who earns a grade of E in a required course must reregister for the course and complete all requirements thereof. When such a required course is retaken or when a student elects to repeat an elective course in which the student has earned a failing grade, both the initial and subsequent grade will be reflected on the student's record and counted in the computation of class standing, subject to readmission standards below.

3. Any student dropped for poor scholarship may petition the Law Faculty Academic Status Committee for readmission. A recommendation to the Dean for readmission is within the discretion of the Academic Status Committee; however, in most cases, the following policies will guide the Committee: a student suspended after the first semester will be required to petition the full Law Faculty for readmission; in the case of students suspended at the end of the second semester, a student with a cumulative GPA of 1.90 and above will normally be readmitted, a student with a cumulative GPA of 1.70 to 1.89 may be readmitted but will be carefully scrutinized, and a student with a cumulative GPA below 1.70 will normally not be readmitted; any student dropped at the end of the third semester or thereafter will be subject to case-by-case analysis.

4. Any student who is readmitted after being dropped at the end of the second semester and who fails to raise his or her cumulative GPA to 2.0 by the end of the third semester will be readmitted again at that time only if he or she has made material progress toward raising his or her cumulative GPA to 2.0. Material progress at a minimum shall mean obtaining a 2.0 GPA for the semester. Moreover, such a student must raise his or her cumulative GPA to 2.0 by the end of the fourth semester. In addition to the foregoing academic standards for readmission, the Academic Progress Committee may impose additional academic standards in individual cases, and in any case may impose other reasonable conditions of readmission including, but not limited to, limitation of outside work, specification of schedule of study (including specification of particular courses and limitation of hours), and the limitation of extracurricular activities. The Academic Progress Committee with the approval of the full Law Faculty may also require the repetition of courses either with or without substitution of the grades earned in the courses retaken. Failure to comply with the requirements and conditions of readmission will result in the
student being suspended again from the College of Law, in which case he or she will not be readmitted without approval of the University Senate Council upon the recommendation of the Dean following action by the full Law Faculty. Any student aggrieved at any time by recommendation of the Academic Status Committee may petition the full Law Faculty for review. [US: 12/4/89; US: 4/12/93]

5. For purposes of the above rules, a student who is required by the Academic Status Committee to repeat fourteen (14) or more hours of the freshman curriculum in his or her third and fourth semester will be considered as enrolled in his or her first and second semesters.

6. A student who has once been suspended for poor scholarship and who fails to have a 2.0 cumulative GPA at the end of the semester or summer session in which he or she completes the 90th hour of course work will not be allowed to graduate from the College of Law. Such student will not be allowed to enroll in additional hours of course work in an attempt to achieve a 2.0 cumulative GPA. [US: 11/8/76; SC transmittal: 3/14/91]

B. Withdrawal and Readmission [US: 4/12/93]

1. First-year students are expected to complete their first year of law study without interruption. If a student withdraws from the college and University during his or her first year of law study, readmission is not automatic. If a student withdraws during the first semester of law study, application for readmission will be referred to the Admissions Committee; if a first-year student withdraws during the second semester, application for readmission will be referred to the Academic Status Committee; provided that in either of the above withdrawal situations, the Dean’s designee may grant a special leave of absence for the balance of the academic year for reasons relating to extended illness or equivalent distress.

2. After completion of all required first-year courses, a student who withdraws from the College of Law and the University is subject to the rules stated herein regarding readmission after a leave of absence and grades for students who withdraw. To officially withdraw from the College of Law, a student must obtain from Registrar’s Office to obtain a withdrawal card; this card must be signed by the Dean of the College of Law or the Dean’s designee. If a student plans to complete a semester, but not reenroll for the subsequent semester, he or she must give the Dean’s designee written notice of such intention.

3. If a student withdraws from the college and University or does not continue enrollment and has complied with paragraph B.2 of this rule, the student will routinely be readmitted to the college provided that the student is in good standing and the absence was not longer than two semesters plus one summer term. No student will be readmitted pursuant to this paragraph more than one time.

4. A student who intends to remain away from the college for more than 2 semesters plus one summer term must request permission for a Leave of
Absence. These requests are not routinely granted and will be referred to the Academic Status Committee for recommendation to the Dean.

5. Readmission for students who are not entitled to readmission pursuant to paragraphs B.1-B.4 of this rule is not automatic. Applications for such readmission will be referred to the Academic Status Committee for a recommendation to the Dean. The Academic Status Committee may consider all relevant facts and circumstances, including the length of time out of the college and reasons for the absence. The Academic Status Committee and Dean will normally not approve readmission for any student who has been away from the college for six regular semesters. Reasonable conditions, including the repetition of courses for no credit, may be imposed if readmission is approved.

6. A second-year student, a third-year student, or a first-year student with special permission of the Dean's designee may withdraw from any course or seminar within the first half of a semester or summer session. To withdraw from a course or seminar within the first half of a semester or summer session, the student must submit a completed course withdrawal card to the Dean's designee. A student may withdraw from a course or seminar during the last half of a semester or summer session only on a petition certifying reasons relating to extended illness or equivalent distress. This petition must be approved by the instructor and the Dean's designee.

C. Limitation on Pass/fail Units Creditable for College of Law Students [US: 4/12/93]

1. No more than 6 hours of graduate courses outside of the College of Law, graded on a pass/fail basis, shall be counted.

2. No more than 6 hours of courses in the law school that are offered only on a pass/fail basis shall be counted.

3. No more than 9 of the total number of pass/fail credit hours, whether earned under 1. (above) or under 2. (above) shall be counted.

4. No more than one graduate course outside the College of Law, graded on a pass/fail basis, may be credited in any one semester.

Students in joint degree programs may only take up to six pass/fail course credit hours in the College of Law courses and may take no courses outside the College of Law for credit toward the J.D. other than pursuant to the applicable joint degree program.

5.3.3.2 College of Pharmacy

A. Academic Performance, Progress and Guidelines [US: 11/13/95; 4/12/04] The Academic Performance Committee (APC) is charged with monitoring students’ progress through the curriculum. The committee regularly reviews (during and at the end of each semester) the performance of each student, based on course grades and on written comments on each student’s performance - both of which are shared with the student and are part of the student record. The APC for students in a particular year consists of the course directors and laboratory instructors for that academic year, plus a
standing core of faculty. The APC will recommend an action appropriate to the particular student standing and record, i.e., proceed to the next series of courses, promotion to the next year, graduation, probation, probation with remedial action, removal from probation, academic leave, suspension or other action. Recommendations for graduation are made through the dean for approval by the Faculty. All other recommendations are made to the dean. Students must be promoted to subsequent year standing by action of the APC. Promotion is not automatic, but must be earned based on appropriate performance and satisfactory completion of course work. The APC may also recommend other remedies, including but not limited to adjustment of academic load, repetition of curriculum segments and participation in counseling sessions. Although the APC considers the overall record of the student in making decisions, the APC will rely on the following:

B. Academic Policy for Professional Students in the College of Pharmacy

All students must maintain a minimum Pharmacy GPA of 2.0 and earn a minimum grade of “C” in each course taken during the time they are students in the College of Pharmacy. This includes all coursework, including PHR and non-PHR electives, which comprise the first through fourth professional years of the Pharmacy program.

Repeat Options are not recognized by the College of Pharmacy for courses taken by students after enrolling in the College. The original grade received in each course will remain on the transcript, be averaged into the cumulative GPA, and be considered in discussions of probation and suspension regardless of any grades earned in repeated courses. [US: 5/7/07]

Further:

1. Any student with a GPA less than 2.0 in a single semester or with a cumulative GPA less than 2.0 will be placed on probation or may be suspended from the College.

2. Students who fail to earn a minimum of “C” in any one course may be placed on probation. The APC will determine the remediation required.

3. Students who fail to earn a minimum of “C” in two courses will be placed on probation and remediation may be required. The APC will determine the level of remediation required.

4. Students who fail to earn a minimum of “C” in three or more courses will be suspended from the College of Pharmacy, regardless of GPA.

5. A failure in a pass/fail course will be considered a grade less than C.

6. Students who satisfactorily complete the remediation requirements for probation will be removed from probation.

7. Students who are on probation and fail to meet the requirements for remediation or fail to meet the requirements needed to remove them from probation.

8. Students eligible for probation on a second occasion may be suspended from the College.
C. **Probation**

Students who are on academic probation may not be allowed:

1. To serve as officers or committee members in any campus organization.

2. To participate in any University extracurricular activities or in the activities of any University organization if the participation involves the expenditures of any appreciable amount of time.

3. To be employed by the University.

Students on probation may have a restricted academic schedule as dictated by the APC. Students placed on probation must meet the requirements dictated by the APC before being removed from probation.

D. **Suspension**

Students suspended from the college may petition the APC for reconsideration of their case and for permission to re-take College of Pharmacy courses to correct their academic deficiencies. That permission may or may not be granted by the APC. If a student is allowed to re-take required College of Pharmacy courses, and the academic deficiencies have been satisfactorily addressed, these students may re-enter the College of Pharmacy but will do so on probation status. If the student is judged after 2 semesters to be performing satisfactorily by the APC while taking normal academic course loads, their probation status may be removed by the College Faculty.

E. **Special Considerations**

1. Because of the demands of the Doctor of Pharmacy curriculum upon acceptance to the program of study, students are expected to devote their energies to the academic program. The college actively discourages employment while courses are in session and cannot take outside employment or activities into account when scheduling classes, examinations, reviews, field trips or individual course functions or special projects.

2. Due to curricular requirements course functions and/or examinations outside the normal Monday through Friday, 8 AM to 5 PM business hours time frame will occur.

3. Clinical responsibilities include evening and weekend work.

4. All College of Pharmacy students are subject to the rights, rules and regulations governing University students in all matters not specifically covered in College of Pharmacy documents.

5.3.3.3 **College of Medicine** [US: 3/10/86]

A. **Assessment of Student Learning**

The College of Medicine is charged with the education and training of competent physicians. Competence must be assured not only in the students’ fund of knowledge and technical expertise, but also in their standards of personal and professional
conduct. Student progress shall be carefully monitored to certify that students have acquired appropriate knowledge, skills, behavioral characteristics, and ethical principles. To this end, students are responsible for conforming to all rules and regulations specified by the Health Science Student Professional Behavior Code, the "Technical Standards" detailed in the College of Medicine Bulletin, and the academic standards established in these University Senate Rules.

The Student Progress and Promotion Committee (SPPC) is charged with the monitoring of student progress through the curriculum. The SPPC regularly reviews each student's performance and makes recommendations to the Dean on such actions as graduation, promotion, remediation, dismissal and leaves of absence. Final authority on all matters of student progress and promotion is vested in the Dean of the College of Medicine except as otherwise provided below.

Assessment Criteria

1. Student work is assessed by the faculty through the assignment of grades upon completion of all required courses and clerkships. Basic science grades are based upon such measures as written and oral examinations, laboratory practicals, and case write-ups. In the clinical years, grades are accompanied by detailed descriptive comments reflecting the instructors' impressions of each student's knowledge, attitudes, and technical skills.

2. Departmental faculty determine the level of student competence in the course or clerkship for which they are responsible. Within four weeks of the termination of each course, every department shall submit to the Office of Medical Education a grade, and where possible, written comments on each student's performance. The Office of Medical Education will promptly provide every student a copy of this grade sheet.

3. Because of advanced academic pursuit in a biomedical discipline, some students may wish to bypass a particular first or second year course. With permission of the Instructor of Record and the SPPC, a student may sit for an "opt-out" examination. The course director will determine the appropriate level of performance for bypass privileges.

4. Passing scores are required on both the Step 1 written examination (taken at the end of Year 2) and Step 2 written examination and clinical skills examination. Students have from the end of their third year through December 31 of their fourth year to sit for both parts of the Step 2 examination. Students have three attempts to pass each part of the examination before dismissal, with appeals. Students are not required to take Step 2 examinations in any particular order. [US: 4/12/04.]

5. Students will be required to pass a Clinical Performance Examination (CPX) prior to graduation. Students who do not initially pass the examination will be required to participate in remediation activities and pass a retest. [US: 3/18/96]

B. Promotion and Retention Criteria
The education of a physician is a complex process, longitudinal in character, with many incremental steps. To assure that students graduating from the College of Medicine have the necessary knowledge, skills, demeanor, and ethical principles essential to professional competence, the following procedures will be used to evaluate and promote students:

1. **General.** At regular intervals the SPPC will review the academic record of each student and make specific recommendations addressing promotion, remediation, or dismissal. Beyond these recommendations, potential actions include but are not limited to the adjustment of academic load, repetition of curriculum segments, and participation in counseling sessions.

2. **Promotion** to sequential semesters or years in the curriculum is contingent upon attaining the expected level of performance as prescribed by the Faculty of the College of Medicine. Students attaining a GPA of 3.7 or higher in their current academic year will be promoted to the subsequent year **With Distinction.** This accomplishment will be noted in their academic records and on their transcripts.

Commencement honors of High Distinction and Distinction will be awarded at graduation for students who attain the appropriate GPA, i.e., 3.70 for High Distinction, 3.50-3.69 for Distinction. [US: 3/18/96]

3. **A non-promotional category** will identify students who are not being promoted due to unfulfilled requirements. These students may be involved in remediation activities, be working to complete an "I" grade, or be retained for not passing the CPX. Students in the non promotional category will be promoted upon satisfactory correction of the deficiency or dismissed.

4. **A non-routine promotion category** will identify students receiving marginal grades whose performance warrants close monitoring. Marginal performance may indicate the need for remediation or repetition of curriculum segments. Continued marginal performance may be justification for dismissal.

5. A student receiving a grade of "U" or "E" has performed at an unacceptable level. To redress the grade, the SPPC will review both the student's academic record and the recommendations of the Instructor of Record. The SPPC will determine a plan of action which may include remediation, repetition of all or a portion of the course, clerkship, or curriculum year, or dismissal from the College.

6. **Unlimited opportunity to repeat courses, clerkships or curriculum sequences** is neither feasible nor desirable.

7. **A probation category** encompasses those students who earn a GPA of less than 2.50 for any academic year or those students who earn any "U" or "E" grades. Students promoted while on probation must improve their academic performance in the subsequent academic year or risk dismissal.

8. **Dismissal** from the College of Medicine will result when students have an annually calculated cumulative GPA of less than 2.00; earn two or more "E"
grades; earn three or more "U" grades in any academic year; earn a "U" or "E" grade while on academic probation; or fail either Step 1 or Step 2 on three attempts. At the discretion of the SPPC and the Dean, students may be dismissed if they earn two "U" grades.

C. Leaves of Absence

Students are normally expected to complete the curriculum in four consecutive years. Under compelling circumstances, leaves of absence may be approved by the SPPC. The request for a leave of absence must be submitted in writing to the Associate Dean for Medical Education. Return from a leave must be approved by the SPPC, may necessitate an amended curriculum, and is subject to the availability of space in required courses. The following three categories of leave may be recommended by the SPPC and approved by the Dean:

1. Academic Leave of Absence is available to a student who wishes to undertake specialized academic pursuits in a defined field of study. Students must be in good academic standing. Approval will not be given for intervals in excess of one year without reapplication.

2. Personal Leave of Absence is initiated at the student’s request. A student must be in good academic standing. Leaves in this category may range from a number of weeks to a maximum of one year.

3. Medical Leave of Absence: Illness can seriously disrupt or impede student progress through the course of study. A student anticipating an absence of ten (10) days or more must secure a medical leave of absence. Application for this type of leave may be requested through the Office of Medical Education and must be accompanied by a letter from the student's attending physician.

   (a) Processing and approval of a medical leave by the SPPC may require a review of the student's pertinent medical records by a specially appointed committee of physicians with relevant medical expertise. The length of the medical leave of absence will be determined by the SPPC in consultation with the student, the student's attending physician, and the ad hoc committee of physicians. Request for reentry must be accompanied by a statement from the student's attending physician which addresses the student's ability (mental and physical) to carry a full academic load. At this juncture, the SPPC may again require review of the student's medical records and/or a medical assessment, at the student's expense, by a physician with relevant clinical expertise.

   (b) Absences due to acute illness do not require a medical leave of absence. However, for absences which encompass a major performance examination or more than five days of a clinical clerkship, the student is responsible for notifying the Office of Medical Education as soon as possible. Further, a supporting statement from an attending physician must be filed with the Office of Medical Education prior to returning to class.

D. Other Considerations and Restrictions
1. The demands of the study of Medicine consume the entire efforts of medical students. Therefore, upon acceptance to the program of study students are required to sign a statement indicating that they will not have outside employment during the academic year. For the exceptional case, permission may be granted by the SPPC upon petition by the student.

2. Due to curricular requirements, Saturday examinations are frequently scheduled. Allowances will be made for students who religious beliefs prohibit participation in Saturday examinations.

3. Clinical responsibilities during the third and fourth year will necessitate night and week-end work.

5.3.3.4 College of Dentistry [US 11/8/99]
The following academic disciplinary policies for students in the professional dental educational program are initiated upon unsatisfactory academic performance.

A. Academic Probation

1. Placement on Probation. A student will be placed on probation if he or she has:
   (a) a grade point average (G.P.A.) for the academic year less than 2.75;
   (b) received a failing grade (E or F); or,
   (c) failed any section of either Part 1 or Part 2 of the National Dental Board Examination.

2. Terms of Probation. The terms of probation will be established by the Academic Performance Committee (APC). The duration of probation will be at least one semester. Passing a course that has been failed is a condition of all probation. Additional terms of probation may be established by the APC. Students on probation may be ineligible for certain curricular or extracurricular college activities.

   If a student has failed the National Dental Board Examination, taking the examination the next time it is offered and passing it shall be among the terms of probation. The terms shall also require certain activities to help the student prepare to pass the examination.

3. Removal from Probation. A student will be removed from probation by the Academic Performance Committee when he or she has at least a cumulative 2.75 G.P.A., has at least a 2.75 G.P.A. in the current academic year, has passed any failed course, and has satisfied the terms of probation in the judgment of the Academic Performance Committee.

B. Academic Suspension
1. **Placement on Academic Suspension.** The Academic Performance Committee (APC) shall recommend to the Dean that a student be suspended if two conditions exist. The first condition is that the student has:

   (a) received two or more failing (E or F) grades;

   (b) received a failing grade (E or F) while on probation;

   (c) failed to meet the terms of probation; or,

   (d) after the second year of the curriculum, achieved a cumulative GPA or less than 2.75

   The second condition is that, based on the available evidence, the APC has determined that the student is capable of completing the curriculum after receiving counseling and/or completing work outside the College. The committee’s recommendation shall include a description of any circumstances the Dean should consider in reaching a decision. It shall also include suggestions on what the student needs to accomplish to be considered for reinstatement.

2. **Second failure of any section of Part 1 of the National Dental Board Examination.** If a student fails the National Dental Board Examination a second time, the APC shall recommend to the Dean that the student be suspended. The APC recommendation will include a description of any circumstances the Dean should consider in reaching a decision. It shall also include suggestions on what the student needs to accomplish to be considered for reinstatement. [US 11/8/99]

3. **Review.** A student subject to suspension may ask the Dean for a review. Review procedures shall be determined by the Dean. [US 11/8/99]

4. **Reinstatement following suspension.** A suspended student may not be reinstated before one semester has passed from the date of suspension. When the student demonstrates that he or she can perform at the level required to graduate from the College, the Dean may reinstate him or her. A reinstated student will be placed on probation, subject to terms recommended by the APC and approved by the Dean. [US 11/8/99]

   A student who has been suspended because of a second failure of any section of Part 1 of the National Dental Board Examination shall not be readmitted unless she or he takes and passes the examination. [US 11/8/99]

5. **Responsible agent:** The Dean. [US 11/8/99]

C. **Dismissal** [US 11/8/99]

1. **Placement in Dismissal Status.** The APC shall recommend to the Dean that a student be dismissed if two conditions exist. The first condition is that the student:
(a) received two or more failing (E or F) grades;
(b) received a failing grade (E or F) while on probation;
(c) failed to meet the terms of probation; or,
(d) after the second year of the curriculum, achieved a cumulative GPA of less than 2.75.

The second condition is that, based on the available evidence, the APC has determined that the student is not academically capable of completing the curriculum or is otherwise unsuitable for dentistry for reasons that include, but are not limited to: unacceptable personal hygiene; the inability to establish rapport with patients; the inability to work effectively with other health care team members; un dependability; or lack of integrity, initiative or interest. The APC recommendation shall include a description of any circumstances the Dean should consider in reaching a decision.

2. Previously suspended students. If a student is subject to suspension and has been previously suspended, the APC shall recommend that she or he be dismissed.

3. Review. A student subject to dismissal may ask the Dean for a review. Review procedures shall be determined by the Dean.

4. Reinstatement following dismissal. The dismissed student shall not be reinstated.

5. Responsible Agent: The Dean.

5.3.4 PROMOTION AND GRADUATION IN THE PROFESSIONAL COLLEGES

5.3.4.1 Dentistry

A. Promotion [US 5/10/04]

Policy Statement: Students will be promoted when they have successfully completed all courses in an academic year.

1. Methods and Procedures. Promotion of first, second or third year students:

   (a) All courses in an academic year must be completed with a grade of C or higher (or P, in the case of pass/fail courses) before promotion.

   (b) Promotion shall usually occur no later than 15 working days after the last day of scheduled classes in each academic year.
(c) If a lack of resources or facilities at the University prevents a student from being able to complete a basic science course requirement prior to the beginning of the next academic year, permission may be granted by the APC, in consultation with the Instructor of Record, to complete an equivalent course either at the University or another accredited institution at a prescribed level of performance.

2. **Responsible Agent:** The Dean.

B. **Graduation** [US 11/8/99; 5/10/04]

1. A student shall be eligible for graduation when passing all courses and meeting all of these applicable requirements:

   (a) student has at least a 2.75 cumulative GPA;

   (b) a student has passed Parts 1 and 2 of the National Dental Board Examination;

   (c) a student has taken and passed a clinical mock board examination;

   (d) advanced standing students must complete the curriculum within one year following the time period agreed to at admission;

   (e) all terms of probation have been satisfied; and

   (f) all patient responsibilities and other obligations to the College of Dentistry or the University have been satisfied.

2. **Responsible Agent:** The Dean.

5.4.0 **DEGREES, HONORS, GRADUATION**

A Commencement Convocation shall be held annually

5.4.1 **RESIDENCE REQUIREMENTS**

For an undergraduate degree a minimum of thirty (30) of the last thirty-six (36) credits presented for the degree must be taken from the University.

Any request for waiver by veterans or other students must be presented for approval to the dean of the student's college. Students who wish to satisfy the above requirement with credit earned through such methods as independent study by correspondence, special examination, CLEP, and other methods which limit the opportunity for active exchange between students and instructors must have the prior approval of their department chair and college dean.
Courses taken under the Study Abroad and National Exchange Student programs (and for which students pay their tuition to the University of Kentucky) are considered as courses taken at UK for purposes of both Rule 5.4.1’s residency requirement and for graduates to be conferred commencement honors at the time of award of their degrees under sections A-D of Rule 5.4.2.2. [RC: 2/14/01 and 5/31/05]

5.4.1.1 Undergraduate Application for Degrees [US: 3/17/08]
To be eligible for an undergraduate degree, a student must file an application with the dean of the college from which the undergraduate degree is to be awarded for degrees to be awarded beginning with May 2009: by November 30 for degrees to be awarded the following May; by February 28 for degrees to be awarded the following August; and by June 30 for degrees to be awarded the following December.

[Note: This rule is effective for degrees to be awarded beginning with May 2009. For degrees to be awarded before May 2009, application for a degree must be made within thirty (30) days after the beginning of the semester or within fifteen (15) days in the Summer Session in which the student expects to complete his or her work. [US: 3/17/08]

5.4.1.2 Double Major [US: 4/10/89]
An undergraduate student earns a double major when he or she completes all university, college, and departmental requirements in one department— the Primary Major—and all departmental requirements in a second department—the Secondary Major. If there is a generic relationship, work in the Primary Major may be applicable to the Secondary Major. The student must indicate his or her double major to the Registrar and to the student records office in his or her college(s). He or she must have an advisor in each major. The student who completes the requirements for a double major receives a degree from the college of his or her Primary Major and has the successful completion of the Secondary Major entered on his or her transcript. A Secondary Major may be completed after the degree for the Primary Major has been awarded. A double major does not result in an additional degree. The Rules Committee has held that a secondary major from another college must fulfill only the departmental requirements for a major and is not expected to meet the college requirements as well. In addition, the pre-major requirements are considered to be a part of the major requirements for purposes of the rule and must be fulfilled by secondary majors. [US: 3/8/82; 4/10/89]

5.4.1.3 Second Bachelor's Degrees
A student is eligible to qualify for a second bachelor’s degree in a different major. The student must complete all university, college, and departmental requirements for both degrees. Courses taken towards fulfilling one degree may also count towards fulfilling parallel requirements in the other, but the student must complete a minimum of at least 144 hours for both degrees. The student may elect to receive the degrees simultaneously if college and departmental degree requirements can be met simultaneously. [US: 3/8/82; 4/10/89]

5.4.1.5 Concurrent Enrollment in Graduate Programs
Concurrent enrollment for degree purposes in more than one graduate program is permitted only with the approval of the student's Graduate Advisor(s), Directors of Graduate Studies in the programs, and the Dean of the Graduate School.
5.4.1.6 Masters Degree Following Doctorate
Subsequent to the receipt of a doctoral degree, a student is not eligible to receive a master’s degree based on the work which led to the doctorate. [US: 9/10/84]

5.4.1.7 Second Master’s Degree
A student may receive two master’s degrees. However, simultaneous enrollment in two or more programs and the granting of two or more master’s degrees at the same time is not permitted, unless approved by the student’s advisors and the Directors of Graduate Studies in the programs. This rule does not prohibit a student from receiving both a bachelor’s degree and an advanced degree in the same field at the same time. [US: 3/8/82]

5.4.1.8 University Scholars Program
The total number of credit hours for the combined program may be 12 fewer than the total required for both the bachelor’s and master’s degree. The requirements for the bachelor’s degree will be unaffected. (See Section 4.2.5.4 and Section 5.2.2) [US: 9/13/82]

5.4.1.9 Faculty Employees as Candidates for Degrees
Faculty employees having a rank higher than that of Instructor may not be considered as candidates for degrees in the discipline in which they are employed and hold academic rank.

Faculty employees pursuing degrees above the master’s degree at the University may not hold more than a half time work assignment either during the two full-time, consecutive resident semesters preceding qualifying examinations or during the two semesters of full-time dissertation study immediately following the qualifying examination. [US: 5/6/85; BoT: 9/17/85]

5.4.2 GRADUATION AND COMMENCEMENT HONORS
(These rules are established by and may only be amended by the elected Faculty Senators in the University Senate.)

5.4.2.1 Authority
Pursuant to KRS 164.240, the University Faculty is assigned by law the authority to recommend to the Board of Trustees those conditions of merit and circumstance that the Board may establish relating to certain honors associated with degrees. Pursuant to KRS 164.240, the University Faculty is also assigned the authority to recommend to the Board of Trustees those persons upon whom the Board may confer these honors. For the purposes of these University Senate Rules, and within the meaning of KRS 164.240, such honors conferred to students upon their graduation are referred to as “degree honors,” while such awards to others are referred to as “Honorary Degrees” (capitalized).

The Board of Trustees has delegated to the body the “University Faculty,” the Board’s final approval authority in the establishment of conditions of merit and circumstance for “degree honors” as well as its final authority to confer such honors, within the framework of the University Senate. [BOT 12/10/1917] The Board of Trustees has specifically
identified the elected Faculty Senators (as the representatives of the University Faculty) as being the body authorized to act for the University Faculty in making final policy and decisions concerning “degree honors.” [BOT 06/10/2005; GR IV.A,C]

With respect to “Honorary Degrees,” the Board of Trustees has reserved its statutory authority to make final approval of conditions of merit and circumstance for, as well as final approval of the award of, such degrees, with the *proviso* that as per KRS 164.240, its final action on either conditions or nominees is contingent upon the recommendation by the elected Faculty Senators in the University Senate. [BOT 06/10/2005; GR IV.A,C]

### 5.4.2.2 Conditions of Merit and Circumstance for Degree Honors

**A.** Students shall be graduated "Summa Cum Laude" who attain a grade point average of 3.8 or higher for at least three years of work at the University of Kentucky (excluding correspondence study). [US: 10/11/94; US: 4/11/94]

**B.** Students shall be graduated "Magna Cum Laude" who attain a grade point average of 3.6 or higher for at least three years of work at the University of Kentucky (excluding correspondence study). [US: 4/11/94]

**C.** Students shall be graduated "Cum Laude" who attain a grade point average of 3.4 to 3.6 for at least three years of work at the University of Kentucky (excluding correspondence study). [US: 4/11/94]

**D.** Students with a minimum of two but less than three years of work at the University shall receive the appropriate commencement honors if they attain a grade point average of 0.2 greater than the above.

Courses taken under the Study Abroad and National Exchange Student programs (and for which students pay their tuition to the University of Kentucky) are considered as courses taken at UK for purposes of both Rule 5.4.1’s residency requirement and for graduates to be conferred commencement honors at the time of award of their degrees under sections A-D of Rule 5.4.2.2. [RC: 2/14/01: RC 5/31/05]

**E.** The degree with honors from a professional college shall be based solely upon work done in the professional college.

**F.** The bachelor’s degree with honors in a student’s major or a degree with honors from a professional college will be conferred upon a student whom the faculty or the student’s department, or college in the case of a professional college, and the dean of the student’s college recommend receive the degree. A student may be required to complete work in addition to that required for the bachelor’s or professional degree to receive a degree with honors. [US: 12/13/82]

**G.** All students in the Honors Program of the University who do not have a grade point standing of 3.5 or better but are in the top ten percent (10%) of their college’s class are eligible to graduate in the Honors Program if they satisfy the other requirements and have approval of the Honors Program Director.
* A student who has invoked the academic bankruptcy rule (SR 5.3.1.5) during his/her University career shall be considered, for the purposes of commencement honors, as having attended the University only for those hours earned subsequent to readmission. [RC: 6/21/83]

* A student need not be enrolled full-time to fulfill the years of work necessary to receive commencement honors. Two years of work means 60 credit hours; three years means 90 credits. [RC: 5/8/85]

* The SREC interpreted that under this rule, it is the cumulative GPA that is used to test for qualification for graduation honors, and that the minimum number of hours that must be included in that GPA calculation is 90 hours, and that the student does not have to be a full-time student to be eligible for qualifying for graduation honors. [SREC: 2/24/06]

### 5.4.2.3 Conditions of Circumstance for Honorary Degrees

**A. Role of the University Joint Committee on Honorary Degrees (UJCHD)**

The elected Faculty Senators in the University Senate here opt to incorporate by reference the composition and charge to the University Joint Committee on Honorary Degrees as described in AR 11:4. Using the conditions of merit for Honorary Degrees specified SR 5.4.2.4 below, the UJCHD develops recommendations on nominees for Honorary Degrees. The UJCHD submits its recommendations to the elected faculty senators in the University Senate.

The UJCHD may submit to the elected Faculty Senators, through the elected Faculty representatives to the Senate Council, policy recommendations concerning conditions of merit and circumstance for the award of Honorary Degrees.

* The prerogative of the elected Faculty Senators to “opt” to utilize the charge to and composition of the University Joint Committee on Honorary Degrees described in the cited Administrative Regulation connotes that changes in the charge or composition specified in the regulation are made only with the concurrence of the elected Faculty Senators. [RC: 8/09]

**B. Role of the Elected Faculty Senators in the University Senate**

1. Within the framework of a University Senate meeting, and prior to consideration of any specific nominations, the elected Faculty Senators may exercise its option to decide that no nominees for honorary degrees will be recommended to the Board of Trustees that academic year.

2. If the elected Faculty Senators do not opt for the above outcome (SR 5.4.2.3.B.1), then the elected Faculty Senators shall consider the UJCHD recommendations concerning:

   (a) the qualifications of the submitted nominees;
(b) the appropriateness of the recommended honorary degree title for each;

(c) the alternative occasion on which the degree is recommended to be conferred (if not at Commencement); and

(d) any other recommendations of the committee for departure from the conditions of circumstance specified herein.

3. The respective recommendation for each nominee shall be considered and voted on individually by the elected Faculty Senators. The elected Faculty Senators may in addition approve, or may modify, the recommendation on the degree title or other circumstance of award of the degree. Those nominees, degree titles, and circumstances of award that are approved by the elected Faculty Senators shall be forwarded through the Chair of the Senate (the President) to the Board of Trustees for final action. Prior to the vote by the elected faculty Senators, the Chair of the Senate (or that Chair’s designee), may address the University Senate as to the qualifications of a particular nominee or as to exceptions to the conditions of circumstance.

4. Under extraordinary circumstances, and with written justification to the Board of Trustees through the Chair of the Senate, the elected faculty representatives in the University Senate may through a deliberative process commensurate to the circumstance recommend for an honorary degree a person not among the nominees recommended by UJCHD. This option is not dependent upon the exercise of SR 5.4.2.3.B.2, above.

C. Circumstances for Award of Honorary Degrees

1. The number of honorary degrees awarded at any given ceremony shall be limited to three.

2. The honoree must be present to receive the honorary degree.

3. The honorary degree shall be conferred at the regular university commencement ceremony.

D. Titles of Honorary Degrees

The titles approved by the elected Faculty Senators for Honorary Degrees are:

- Honorary Doctor of Arts
- Honorary Doctor of Laws
- Honorary Doctor of Science
- Honorary Doctor of Engineering
- Honorary Doctor of Humanities
- Honorary Doctor of Letters

5.4.2.4 Conditions of Merit for Honorary Degrees
A. Principles

In awarding Honorary Degrees, the University accomplishes several purposes: It pays tribute to those whose life and work exemplify professional, intellectual, or artistic achievement. It recognizes and appreciates those who have made significant contributions to society, the state, and the University. It highlights the diverse ways in which such contributions can be made. And it sends a message that principles, values, and contributions are important. Well-chosen honorees affirm and dignify the University’s own achievements and priorities.

Honorary degrees may be conferred upon those who have achieved distinction through outstanding intellectual or creative achievements, or through outstanding leadership in education, business, public service or other appropriate sectors of society.

B. Conditions

1. The honorary degree shall be awarded to recognize only exceptional accomplishments as outlined in the above principles. The nominee’s special achievement or contribution to society shall be the fundamental consideration and shall be evaluated without regard to the nominee’s attainment of influential position or financial status.

2. The nominee shall have gained distinction worthy of recognition extending well beyond his/her own field of endeavor and geographical area of activity.

3. Although it is recognized that it is desirable for the nominee to have a tie to the University of Kentucky or the Commonwealth of Kentucky, such a connection shall not be a requirement.

4. As long as the nominee clearly meets the criteria, his/her selection shall not be affected by the number of previous similar honors received.

5. Former faculty and staff of the University of Kentucky shall meet the same criteria as other nominees; current faculty and staff are not eligible.

6. Elected or appointed officials of the Commonwealth of Kentucky shall not be eligible as honorary degree candidates during their terms of office.

5.4.3 REQUIREMENTS FOR GRADUATION

To be eligible for any degree, a student must have completed the requirements as approved by the University Senate, except that curriculum substitutions may be made by the college affected if not inconsistent with these Rules. Curriculum requirements must include, in addition to specified credits, a specified grade point average both overall and in the student’s major which shall in no case be less than 2.0. [US: 10/10/94]

* The 2.0 requirement applies to all major requirements, including pre-major and lower division courses but not to those courses taken in the major beyond the minimum requirements. [RC: 12/4/95]
Every baccalaureate degree program shall include four divisions or components:

1. University Studies
2. Pre-major or Pre-professional
3. Major or Professional
4. Free Electives

5.4.3.1 Writing Requirement [US: 3/8/04]

All students on the main campus may satisfy the first-year condition by successfully completing ENG 104, a 4-credit course. Sometime after achieving sophomore status, but before graduation, students satisfy the second condition by successfully completing one of the writing-intensive 200-level courses offered through the English Department. Students must earn a C or better on all major essays. Course grades of D and E, if earned because of performance on major essays, will not count toward satisfaction of the University Writing Requirement. Note: Students in the Honors Program will continue to satisfy the entire University Writing Requirement through that curriculum.

Students who have a standard score of 32 or above on the English section of the ACT, 700 or above on the SAT, or 4-5 on the AP English Language exam will receive exemption from ENG 104. Students who earn a 3 on the AP English Language exam will earn credit for ENG 101 and may choose to take either ENG 102 or ENG 104 (encouraged). There is no exemption by CLEP. Scores of 3-5 on the AP English Literature exam or the equivalent on the IB exam will receive 3 units of credit for ENG 161, which does not satisfy either condition of the University Writing Requirement.

Full-time students must enroll in ENG 104 in either fall or spring of their first year. They may drop the course during the first year, but beginning in their third semester students enrolled in ENG 104 are not allowed to drop the course, and will be required to register for the course each semester until they have satisfied the first-tier of the Writing Requirement. Completion of the first-year requirement is a prerequisite for entry in all of the 200-level writing courses. Students may complete the 200-level course at any time after achieving sophomore status but before graduation.

5.4.3.2 Inference Requirement [US: 2/13/95]
Each baccalaureate student must satisfy one of the following:

A. any calculus course; or

B. STA 200, Statistics, A Force in Human Judgment plus PHI 120, Introductory Logic or PHI 320, Symbolic Logic I; or

C. the equivalent of one of the above.

5.4.3.3 University Studies Requirements [US: 2/3/86; US: 3/8/04]

A. Specific Requirements
Each undergraduate student must complete all five parts of the University Studies Requirements designated as I-V below:
I. Basic Skills
   A. Mathematics (College Algebra, or exam, or ACT 25, or Calculus)
   B. Foreign Language (2 yrs high school/1 yr college)

II. Inference and Communicative Skills
   A. Calculus or Logic and Statistics 3-6 hours
   B. University Writing Requirement (English) 4 hours
   C. Oral Communication Requirement 3 hours

III. Disciplinary Requirements
   A. Natural Sciences (Two-sem. seq. in one discipline) 6 hours
   B. Social Sciences (Single course in each of two separate disciplines) 6 hours
   C. Humanities
      a. Survey from Greece to the Present or
      b. Two courses in a single humanistic discipline, or
      c. Freshman Seminars (two) 6 hours

In fulfilling requirement A, B, or C (b), a student may enroll in a Discovery Seminar as one of the required courses. The single- or multiple-discipline requirement will still apply. [US: 11/10/97]

IV. Six hours of Electives [US: 4/23/01]
Each student must take six hours of electives, with at least three hours taken in courses which do not satisfy the requirements of the student’s major. 6 hours

* Courses taken to satisfy the “Electives” requirement under University Studies (SR 5.4.3.3 (IV)) may not be used to satisfy the separate “Free Electives” requirement in the student’s baccalaureate program (SR 5.4.3.4) and vice versa. [RC: 11/28/07]

V. Cross-cultural Requirement
Each student must take one course which deals primarily with the Third World or with a non-Western civilization. 3 hours

TOTAL 39-42 hours

B. Using Courses to Satisfy Multiple Requirements
A course taken to satisfy a requirement in one area of University Studies cannot be used to satisfy a requirement in another except that (a) a single course in calculus may be used to satisfy the mathematics component in both I-A and II-A; and (b) courses approved as Clustered Courses may be used to satisfy both the Cross-Disciplinary and designated Disciplinary requirements. [US: 2/8/88] Clustered Courses must be composed of two or more sets of paired courses approved for the cross-disciplinary component of the University Studies Program. All clusters must be approved in accordance with the rules and procedures for including any course or sequence of courses in the University Studies Program. [US: 2/8/88]

C. Suspension of Oral Communication Requirement
The Oral Communication Requirement (Part II-C) is suspended for student first entering the University as freshmen or new transfer students first matriculating from the fall 2004 semester through the fall 2009 semester. [US: 4/12/04; US: 9/11/06]

5.4.3.4 **Free Electives**
The free elective degree component must meet the definition of free electives as set forth in the Glossary of Terms of the *University Senate Rules*. A free elective component is a mandatory part of every baccalaureate program. It has no minimum hour requirement--that is, it is left to the discretion of the Undergraduate Council as it approves programs and program changes.

* Courses taken to satisfy the “Electives” requirement under University Studies (SR 5.4.3.3 (IV)) may not be used to satisfy the separate “Free Electives” requirement in the student’s baccalaureate program (SR 5.4.3.4) and vice versa. [RC: 11/28/07]

5.4.4 **CHANGE IN PROGRAM REQUIREMENTS**

5.4.4.1 **Undergraduate Degrees**
When requirements for an undergraduate degree program are changed after a student has enrolled in it, the student shall have the option of fulfilling either the old or the new requirements. In fulfilling the old requirements, if a student finds that necessary courses have been eliminated or substantially revised, the student may substitute other courses with the approval of the dean of the college. In this eventuality, however, the student shall not be forced to comply with the new requirements.

However, if a student interrupts his/her work in the program or the University for more than two semesters, then the dean of the college shall determine which requirements the student shall fulfill.

If the curriculum revision is required by an external accreditation certification body, and this body submits a written statement to the University that the accreditation of a program or certification of its graduates is in jeopardy unless students fulfill the new requirements, the option of fulfilling the old requirements shall not apply.

This rule does not apply to the imposition of new or additional prerequisites for courses required as outside curricular requirements by another program.

5.4.4.2 **Graduate Degrees**
When Graduate School or degree program requirements are changed after a student has begun a course of study, the student shall have the option of fulfilling either the old or new requirements.

If the student elects to fulfill the old requirements but finds that necessary resources (e.g., courses, instruction in particular skills) are no longer available, the student may make reasonable substitutes with the approval of the Graduate School Dean upon recommendation of the Director of Graduate Studies.

In the event that a student interrupts work on a graduate degree (i.e., is not enrolled) for one calendar year or more, the Graduate School Dean shall determine, upon
recommendation of the Director of Graduate Studies, whether the old requirements or the new requirements shall apply. In the event a student has not completed the requirements for the graduate degree five years after the effective date of a change in degree requirements, the new requirements shall apply unless determined otherwise by the Graduate School Dean. [US:2/12/79]

5.4.4.3 Professional Degrees
The colleges offering professional degrees (Law, Medicine, Dentistry, Pharmacy) reserve the right to change curriculum requirements provided the program change has gone through the University's approval process. Any such change in curriculum, however, shall not result in a longer tenure for students enrolled in the program who are making satisfactory academic progress. [US: 10/12/87]

5.4.5 DIPLOMAS
Diplomas may be issued at the annual Commencement Convocation. They may be issued by the University Registrar at other times when the degrees have been recommended by the University Senate and approved by the Board of Trustees.

A. Diplomas Issued to Graduated Students [US: 2/13/06]

Pursuant to delegation from the Board of Trustees, the University Senate establishes final policy on the informational content to be included on diplomas (GR IV.C. 3). Diplomas attesting the award of degrees and honors may be issued at the annual Commencement Convocation. They may be issued by the University Registrar at other times when the degrees have been recommended by the University Faculty through the elected faculty senators in University Senate and approved by the Board of Trustees (KRS 164.240; GR IV.A).

Diplomas shall display the name of the University, the name of the degree being conferred, the authority under which the indicated degree is being conferred, and signatures representing that authority (i.e., the University Senate being represented by the signature of the President who is Chair of the University Senate, and the Board of Trustees being represented by the signature of the Chair of the Board).

Each college dean shall attest to the Registrar the names of graduates in their college who have met the conditions for the “degree honors” prescribed above in SR 5.4.2.2.A-F. The Registrar shall ascertain the names of graduates who have met the conditions for Honors Program recognition (SR 5.4.2.2.G). The honors specified in SR 5.4.2.2.A-G shall be displayed on the diploma, along with the signatures of the attesting college dean and Registrar.

Upon the recommendation of the elected faculty Senators in the University Senate, the Board of Trustees may award, and prescribe conditions for, new categories of academic honors that are conferred only upon final Board action (pursuant to KRS 164.240 and GR IV.A).

* The elected University Faculty Senators control the qualifications that enable students prospectively graduating in a given semester to be included on the list received from the University Registrar, for the vote of
the elected Faculty Senators, on whether to approve recommending those graduates to the Board of Trustees for conferral of a degree. The current requirements for eligibility of prospectively graduating students for inclusion on the list for conferral of a Ph.D. are that, by a stated deadline during that semester, the respective Director of Graduate Studies attests in writing to the Graduate School that: the graduate student (a) was not in a conditional status, (b) had no "I" and "S" grades in credit-bearing courses, (c) had passed the qualifying examination, (d) has a reasonable prospect for successful defense and submission of a dissertation for that semester's graduation, and (e) had met all other requirements of the individual's graduate program for the degree. [RC: 8/09]

B. Diplomas Issued to Recipients of Honorary Degrees [US: 2/13/06]

Diplomas attesting to the award of an Honorary Degree shall include the name of the University, the date of the award of the degree and its title, that the authority under which the Honorary Degree is being conferred is that of the “Board of Trustees” and the “University Faculty”, and signatures representing that authority (i.e., the University Faculty being represented by the signature of the President who is Chair of the University Senate, and the Board of Trustees being represented by the signature of the Chair of the Board).
