## Welcome to the Spring Semester at the University of Kentucky!

The fall semester at the University of Kentucky kicks off with K Week, so why should the spring semester be any different? K2 (short for K Week 2) is designed to welcome hundreds of new students starting at UK in the spring as well as welcome back the entire University community for a new semester.

**Attention new students!** K2 is designed to make your transition to UK and to college life as smooth as possible. In the following schedule, you will find a wide variety of sessions, events, and parties to help you get to know campus better, find answers to your questions, and make new friends. We want you to have fun and learn about your new home. The best way for you to get started is to attend **Spring Orientation on Tuesday, January 13<sup>th</sup>!**

All UK students are invited to attend K2 events. We all know that January in Kentucky can be gray and dreary, so grab your friends and come enjoy the fun events that offices and organizations around campus have planned to keep you busy!

### Tips to Help Students Make the Most of K2

K2 is full of opportunities to get out, get involved, get informed, and explore what awaits you here at UK. Completing the tasks in the checklist below will ensure that you get your UK experience off to a great start!

- Get settled in your room or apartment. Make it your home away from home.
- Review the K2 schedule each night to see what is going on the following day. You won't want to miss all of the cool things coming up!
- Don't hesitate to ask for help. Look for faculty, staff, and members of the K Crew throughout K2. We all remember what it is like to be new to UK.
- Get to know your roommate, resident assistant (RA), your neighbors, and the K Crew. Begin building relationships with all the people you are going to be living with for the next few months.
- Take your class schedule and find each of your classrooms. Map out your routes before the first day of class. Take a campus tour as part of Spring Orientation. Check the schedule for details.
- Have fun!
