WILLIAM T. YOUNG LIBRARY

Fall 2014

UK 101/201 Peer Instructor Tour

New this year: Presentation U in Hub

Please become familiar with the information in the tour orientation.
The building tour should take no more than 30 minutes.

Divide your class into 2 groups. Groups of 12 or fewer are easier to manage.
Take your groups to the 1st, 2nd, 3rd and basement floors.
There is no need to walk through an entire floor, but do tell the students what is
located on each floor.
The Featured Space on each floor should be emphasized.

At the beginning of your tour, please tell your group the following:

1. Food and beverages are allowed in the Hub (basement).
   On floors 1-5, you may have beverages in approved containers only and dry
   snacks such as crackers, pretzels, chips, etc. are allowed except for areas
   marked "No Food Allowed." See the Security Guard’s desk for details.

2. ALWAYS have your WildCard with you when you come to the Library. You'll
   use it to check out books and to print or copy. Your WildCard is also required
   for entering Young Library after 10 pm during the semester.

3. Research Assistance is available at the 2nd floor Reference area.

Feel free to personalize your tour by pointing out your favorite places to
study, best times to visit the library, helpful tips, etc.

Begin your tour in the Hub.
Remember, cores 2 and 4 contain 2 elevators each
