

Cliqbook User Overview

We are very happy UK has chosen AAA's Cliqbook as its new online booking tool! Here we provide an overview of the enhancements and new features of the most recent release of Cliqbook.

In order to efficiently point out all the items we think you'll find useful, we will walk you through a simple roundtrip booking with air, car and hotel reservations using brief text descriptions and screen shots.

Should you have any questions please contact the AAA Cliqbook Help Desk at 877-463-0543.

Table of Contents

- I. Travel Homepage
- II. Air Results Screen

 - b. Sort air results
 - c. Compare air results
 - d. Share search results
 - e. Change search
- III. Car Results Screen
 - a. Sorting car results
 - b. View car capacity
- IV. Hotel Results Screen
 - a. Filter hotel results
 - b. Sort hotel results
 - c. Compare hotel results

I. TRAVEL HOME PAGE

On the travel home page we have the company notes section where the UK Travel Management Services Department can share important travel news and updates with you. The traveler will notice intuitive airport and calendar functions when they begin their search.

The screenshot shows the 'Travel Center' interface. At the top, there is a navigation bar with 'Office', 'Travel', 'Expense', 'Reports', 'Applications', 'Administration', 'Profile', and 'Help'. Below this is a secondary navigation bar with 'Home', 'Trip Library', 'Templates', 'Meetings', 'Policy', 'Profile', 'Tools', and 'Cliqbook XA'. The main content area is titled 'Travel Center' and features a 'Flight' tab with sub-tabs for 'Car', 'Hotel', 'Limo', 'Rail', and 'Flight Status'. The 'Flight' tab is active, showing a search form with fields for 'Departure City' (DCA - Ronald Reagan National Aprt - Washington, DC) and 'Arrival City' (CHI - Chicago Area Airports - Chicago, IL). There are also dropdown menus for 'Departure' (Morning) and 'Return' (Afternoon), and a 'Search' button. A red circle highlights the 'Company Notes' section, which contains a promotional message: 'Book Amtrak through Cliqbook Today!' and a list of instructions: '1 - Click the rail tab and enter your desired departure and arrival train stations and times, 2 - Pick the times and travel class from the results screen that best fits your schedule, 3 - Go to your Amtrak kiosk to collect your ticket.' Below this is a 'Special Fares' section with two items: 'shuttle fares from Atlanta to New York - \$120 one way!' and 'NYC to London Business class 7 day advance purchase at a 25% discount!'. A red circle highlights the 'Intuitive airport and calendar functions' section, which includes a 'Pick-up/Drop-off car at airport' checkbox, an 'Automatically reserve this car' checkbox, and a 'Find a Hotel' checkbox. The search form also includes a 'Refundable only' checkbox and a 'Search flights by:' section with 'Price' and 'Schedule' radio buttons.

Close-up of Travel Center details and enhancements:

The screenshot shows the 'Travel Center' flight search interface. At the top, there are tabs for 'Flight', 'Car', 'Hotel', 'Limo', 'Rail', and 'Flight Status'. Below these are radio buttons for 'Round Trip' (selected), 'One Way', and 'Multi-Segment'. The 'Departure City' field is populated with 'DCA - Ronald Reagan National Arprt - Washington, DC'. The 'Arrival City' field is populated with 'CHI - Chicago Area Airports - Chicago, IL'. A dropdown menu is open for the arrival city, showing 'CHI Chicago Area Airports', 'MDW Midway', and 'ORD O'Hare Intl Arprt'. Below the dropdown are checkboxes for 'Pick-up/Drop-off car at airport', 'Automatically reserve this car', 'Find a Hotel', and 'Refundable only'. At the bottom, there are radio buttons for 'Search flights by: Price' (selected) and 'Schedule', and a 'Search' button. Two red arrows point to the departure and arrival city fields with the following annotations:

1. The departure city will pre-populate with the travelers home airport
2. When the traveler is entering the arrival city, Cliqbook will pre-populate as soon as the city is recognized and can also offer a drop down list of all other local airports

II. AIR RESULTS SCREEN

In the air results screen you will find fares displayed in both an interactive grid and in a detailed list format.

Air functionality

In the air results screen the traveler has the ability to:

- (a) Filter results by airport
- (b) Sort on carrier, price, departure time, or duration
- (c) Compare fares
- (d) Share fare options and quotes with others
- (e) Change their search

Each of these features is detailed in the following screen shots.

(A) Filter air results

Travelers can adjust search criteria right in the results screen by changing date, time and / or city pairs

Searching by Schedule

The traveler also has the option to search by schedule when they start out on the travel homepage. The same functionality exists in the search by schedule screen that exists in the air results screen. The traveler can:

- Search flight options from the interactive grid
- Filter results by airport
- Sort by carrier or departure time
- View full or compressed detail
- Share flight schedule with others
- Change their search

All of these functions are highlighted below:

The screenshot displays the Cligbook travel search interface. The top navigation bar includes links for Office, Travel, Expense, Reports, Applications, Administration, Profile, Help, and Log Out. Below this, there are links for Home, Trip Library, Templates, Meetings, Policy, Profile, Tools, and Cligbook XA. A message states: "Click on a column, row or cell in the grid below to filter your results." A "Print / E-mail" link is circled in red.

The main content area shows search results for "Return Wed, Dec 7 ± 3 hours 45 results". The flight grid has columns for Carrier, Flt#, From To, Depart, Arrive, and Class. The "Carrier" and "Depart" columns are circled in red. A red circle highlights the text "Filter by airport" with arrows pointing to the "Change Search" button and the "Compress Display" checkbox in the right sidebar. The sidebar also shows a list of selected airports: IAD - Washington, DC; DCA - Washington, DC; BWI - Baltimore, MD; ORD - Chicago, IL; and MDW - Chicago, IL.

Carrier	Flt#	From To	Depart	Arrive	Class
AA	755	IAD ORD	6:00am	7:00am	Coach
AA	6539	IAD ORD	6:00am	7:00am	Coach

The grid at the top of the screen gives the traveler the flexibility to narrow their search by selecting a particular vendor, a specific price, or car size.

New functionality

In the car availability screen the traveler has the ability to (a) sort and (b) view car capacity. Both of these features are detailed in the following screen shots.

(A) Sorting car results

Car Availability

IV. HOTEL RESULTS SCREEN

The hotel results screen displays much more content. The search results are based on a company's policy, discounts, preference, distance from reference points, and the traveler's favorites. In bringing back the initial results using these criteria, Cliqbook is presenting the traveler with the hotels they **should want** to book and hotels that the company wants them to book.

Check-in Mon, Dec 5 - Check-out Wed, Dec 7

Hotel functionality

In the hotel results screen the traveler has the ability to

- (a) Filter by chain or amenity
- (b) Sort on preference, distance, price, chain, or star rating
- (c) Compare room rates

Each of these features is detailed in the following screen shots.

(A) Filter hotel results

The screenshot shows a hotel search interface with the following elements:

- Search Parameters:** Check-in Mon, Dec 5 - Check-out Wed, Dec 7. Hotels located 5 miles from 111 Michigan Ave. [Change search](#)
- Filtering Options:** Filter by [Hotel chain](#) or [Hotel Amenities](#) or With names containing:
- Hotel Chain Selection:** A grid of checkboxes for various hotel chains. Three are selected: Hilton, Hyatt, and Marriott.
- Sort Options:** Sort by Preference (selected), Distance, Price, Chain, or Rating.
- Results:** Displaying 8 out of 86 results. The first result is Hilton - Palmer House Hilton, located at 17 E Monroe St, Chicago, Illinois 60603, with a 4-star rating and 0.58 miles from the search location.

Annotations:

- A red oval and arrow point to the "With names containing" search box, stating: "Traveler can also filter by property name".
- A red oval and arrow point to the "Hotel chain" filter section, stating: "By selecting filter by 'Hotel chain' the traveler views a menu where they can select their properties of choice. In this example, by selecting Hilton, Hyatt and Marriott the search results are reduced to 8 properties. The same filtering function can also be used for 'Hotel Amenities'".

(B) Sort hotel results
