Members, Board of Trustees:

CAPITAL CONSTRUCTION REPORT

Recommendation: that the capital construction report for the three months ending September 30, 2012 be accepted. This report refers only to projects that had activity within this quarter.

Background: Under House Bill 622 enacted in the 1982 session of the Kentucky General Assembly, the University is authorized to enter into architectural, engineering, and related consultant contracts for the purpose of accomplishing capital construction at the University of Kentucky.

For the period June 1, 2012 thru September 30, 2012:

There were five new contracts this quarter:

- Project 2333.0 Expand/Renovate Ambulatory Care: Orofacial Pain Clinic
  Churchill McGee, $668,889 (Construction)
- Project 2335.0 Ambulatory Electronic Health Record Equipment/System (EHR)
  Eubank & Steele, $604,000 (Construction)
- Project 2338.0 Renovate/Upgrade Softball Complex
  Codell Construction Company, $5,549,310 (Construction)
- Project 2339.0 Renovate Academic Facility – University Lofts Facility
  Omni Architects, $584,437 (Design)
- Project 2342.0 Campus Security System
  Biagi, Chance, Cummins, London, & Titzer, Inc., $50,000 (Design Phase Only)

Five contracts were completed this quarter:

- Project 2239.0 Construct Patient Care Facility
  Turner Construction, $344,187,238
- Project 2286.2 Renovate/Expand the Center for Applied Energy Research Phase II
  Parco Constructors Group, $1,056,803
- Project 2324.0 Renovate Northside Library
  Marrillia Design & Construction, $1,282,674
- Project 2332.0 Upgrade, Renovate, Improve or Expand Research Labs (Chemistry/Physics)
  Mark Spaulding Construction, $652,227
- Project 2335.0 Ambulatory Electronic Health Record Equipment/System (ERH)
  Jarboe Construction, $171,438
One amendment was as follows:

Project 2313.01 Renovate 4th Floor Sanders-Brown Center on Aging
- Administrative amendment only allowing special inspections as an allowable reimbursable expense (+) $0.00

Five change orders greater than $25,000 were as follows:

Project 2315.0 Renovate Track & Field Facility
- Provide for change of track stabilization from 8” of cement stabilization to 16” of lime stabilization (+) $27,825
- Provide additional catch basins at infield and upsize piping (+) $36,344

Project 2337.0 Renovate Parking Structure # 3 - UKHC
- Provide repair for a higher number of joists and slab on deck areas, as well as reinforcement of a deteriorated steel beam (+) $35,217

Project 2324.0 Renovate Northside Library
- Provide for display case revision in Lobby 101 to showcase the Biology and PIMSER programs through images and video (+) $29,277
- Provide a 2” asphalt overlay for the existing parking lot for aesthetic and safety reasons (+) $29,307

Action taken: ☑ Approved  ☐ Disapproved  ☐ Other ________________
CAPITAL CONSTRUCTION CONTRACTS
QUARTERLY ACTIVITY REPORT

This report contains capital projects that have a dollar scope value of $600,000 and above. The projects are listed in alphabetical order and contain the project number, the dollar scope, a brief description of the project work and information pertaining to the primary consultant’s contract and the primary contractor’s contract. This information includes:

**Consultant:** This section contains the name of the consultant, the contract number, the original contract amount, the total number of amendments, the cumulative amendment amount, the revised contract amount, and a notes section. The notes section will describe, in bold face type, all amendments to the consultant’s contract for the current quarter.

**Contractor:** This section contains the name of the contractor, the contract number, the original construction contract amount, the total number of change orders, the cumulative change order amount, the revised contract amount, information on the low, high and number of bids, the percent of the contract completed, and a section for notes. The notes section will describe, in bold face type, all change orders greater than $25,000 for the current quarter.
Glossary

**Amendment:** refers to modifications or changes to the Consultant’s contract with the University, usually the result of changes in the program or scope of a project caused by unforeseen conditions or at the request of the University.

**Change Order:** refers to modifications or changes to the Contractor’s contract with the University, usually the result of conditions not anticipated by the contract documents, plans and/or specifications for the work.

**Consultant:** the entity, usually an architectural or engineering firm, with whom the University contracts and who has primary responsibility for providing services to design and to administer the contract for construction of a construction project. The prime consultant frequently employs the services of one or more sub-consultants in fulfilling its contractual obligation.

**Contract administration:** refers to the activities of the consultant during the construction phase of the project in which they verify that construction is in compliance with the requirements of the contract between the University and the contractor.

**General Contractor:** the entity, usually a general contractor but occasionally a trade contractor, with whom the University contracts and who has primary responsibility for completion the construction of a project. This “prime” contractor usually employs the services of various subcontractors (trade contractors) and vendors in fulfilling its contractual obligations.

**Feasibility Study:** refers to investigation, usually commissioned through an outside consultant, to advise the University of the merits of an anticipated construction project, and to evaluate and comment on matters such as need, probably cost, preliminary program issues, and so forth.

**Gross square feet:** the total area of the project, generally measured from the outside of exterior walls for all floors of the project, including mechanical spaces.

**H.B.C.:** refers to the Commonwealth of Kentucky Department of Housing, Buildings and Construction, the state agency having responsibility for review and approval of University construction projects to assure compliance with applicable building codes.

**Penthouse:** refers generally to the enclosure around roof mounted mechanical spaces in a project. Not considered occupied (or net assignable) space.

**Percent complete:** as used in the report refers to the expenditure to date divided by the total amount of the construction contract for the work.
**Net assignable square feet:** the usable area of the project excluding corridors, rest rooms, storage areas, mechanical spaces, etc.

**Phase:** The various stages of design and construction of a capital project, including:
- Programming phase: refers to the initial planning phase of a project, during which the University (with or without participation by a consultant) defines in detail the needs and requirements of a project. This program becomes the basis for consultant selection, fee negotiation, and design of the project.
- Schematic design (S/D or Phase 1): refers to the first formal phase of design by the consultant, in which a general design solution to project programmatic requirements is developed.
- Design development (D/D or Phase 2): refers to the second formal phase of design by the consultant, during which the schematic design is expanded to identify solutions to design issues in broad terms, sufficient to insure the stated programmatic needs can be met.
- Construction document phase (C/D or Phase 3): refers to the final phase of the design process in which the details and specific project requirements are identified and incorporated in a final set of biddable construction documents.
- Bidding phase: refers to the stage of a project during which proposals for construction are solicited, culminating in the award of one or more contracts for construction.
- Construction phase (or Phase 5): refers to the actual construction of the project by contractors.

**Scope:** The total estimated value of a capital project on completion, including all design, construction and administrative costs as well as the cost of capitalized furnishings and equipment.

**Substantial Completion:** refers to the time during construction, certified by the consultant, when the work is sufficiently complete for the University to occupy the facility for its intended use without significant interruption. Upon certification of substantial completion, the University assumes operational and maintenance responsibility and insurance liability for the project and the warranty period begins for most elements of the construction. Some work generally remains, including correction of minor punchlist items, before the work is certified finally complete.

**Trade Contractor:** Sub-contractors, or individual bid package contractors, who practice a specific, trade (electrical, painting, structural steel, for example)
Ambulatory Electronic Health Record Equipment/System (EHR)

Project Description:
This project will upgrade the existing electronic information infrastructure to include building modifications and provide a common, secure electronic information infrastructure for sharing healthcare information. In addition the project will ensure interoperability among health record systems, which, if not implemented, could create up to a 3% reduction in Medicare reimbursements to the Hospital. The infrastructure portion of the project will take place in four phases impacting over 50 clinics. The phases will include an initial bid package supporting three pilot clinic activations and three subsequent bid packages resulting in all impacted clinics being upgraded to new operating standards. Extensive modifications to the cooling systems of the various communication closets are included in the project as well as upgrades to the various clinics’ power and date systems.

Project Status:
Phase One of the electronic information infrastructure is complete. As of September 25, 2012 the three clinics included in the pilot phase have successfully gone live with fully functioning EHR systems. All elements of the Phase One which was intended to serve as a testing and refinement platform for the various elements of the electronic information infrastructure design have been demonstrated to be acceptable.

Phase Two of the project which includes electrical and telecommunication infrastructure in three clinics in the Kentucky Clinic, the Pain Clinic at Good Samaritan Hospital and the OB-GYN Clinic in the Good Samaritan Office Building is near completion. The work is approximately 90% complete and moving forward on schedule. This work is scheduled to be complete December, 2012. Equipment start-up and remaining final inspections should occur in early December.

Phase Three of the project which includes infrastructure work in KMSF leased clinics was successfully bid by the KMSF July 17, 2012. The work began the second week in August. Clinics in Richmond, Morehead and Perimeter Drive are now complete. Work continues in clinics at Kentucky Clinic South and the Good Samaritan Professional Arts Center. This work is scheduled to complete late November 2012.

Phase Four which is the largest package in the project was bid August 2, 2012. The bids received were within budget. This work is under contract and moving forward. Clinics in six buildings of the medical campus will be upgraded in the phase. The modifications in Ben Roach Building, Whitney Hendrickson Building and Gill Heart Institute are now complete. Work continues in the Kentucky Clinic, Warren Wright Medical Plaza, and Good Samaritan Medical Office Building. Work in all clinics in this phase will be complete by the end of the year. The overall project continues to move forward on schedule and within budget.

Campus Security System

Project Description:
This project includes various security initiatives using a centralized safety response to campus monitored from the Police Department located in the Safety and Security Building. The project includes a geo-diverse video management (VMS) and security management system (SMS) that provides situational awareness to targeted areas on campus and event driven analytics to alert University Campus Police of possible threats to campus. This project will provide campus-wide camera monitoring, early warning systems speakers, and other communication devices to monitor and respond to campus incidents. The project will provide the infrastructure necessary for proposed installations and incorporate or replace legacy systems to a single security system.

Project Status:
The project is currently out to bid. The Proposals responding to the University’s RFP are due December 12th. Shortlisting and interviews are scheduled for January 2013.
**Construct UK/Nicholasville Road Flood Mitigation**

*Project Description:*
This project will construct improvements, to provide 100 year storm (and lesser storm) mitigation to prevent roadway overtopping and improve pedestrian safety addressing storm water quantity within this one campus water shed. The area between Alumni Drive and Shawneetown Drive (includes permanent removal of Shawneetown Drive and relocation of existing utilities) will be excavated for additional storm water detention. The project will also upgrade an existing culvert at the upstream side of Nicholasville Road. The $8,015,463 project will be funded by a federal grant of $6,011,597 from FEMA with the balance of $2,003,866 being the In-Kind value of the 3.6 acres of University of Kentucky land determined by adjacent property values. Water quality related issues may also be part of the project scope depending on available funds and compatibility with storm water quantity design.

*Project Status:*
Completed Schematic design. The University received tentative approval of the $4 million FEMA amendment. Written approval of the FEMA amendment is tentatively scheduled for early 2013. Utility relocates negotiations continue while work on Design Development must wait until receipt of the written approval of FEMA amendment.

**Expand/Renovate Ambulatory Care: Orofacial Pain Clinic**

*Project Description:*
This phase of the Expand/Renovate Ambulatory Care project will renovate approximately 2,850 square feet on the second floor of the Kentucky Clinic Building, Wing C. This phase will include operatories, consulting exam rooms, a waiting room, resident carrel space, lab and supplies space, and radiographic equipment space.

*Project Status:*
This project is currently under construction. Demolition is complete. Metal stud framing and in wall MEP rough-in is nearing completion. All major equipment is on order. The expected occupancy is February 2013.

**Renovate 4th Floor Sanders-Brown Center on Aging**

*Project Description:*
This project will consist of renovating approximately 9,000 square feet of research support space in the Sanders-Brown Center. This project will include retrofitting outdated, non-compliant research support space and the associated mechanical equipment to meet current regulatory requirements.

*Project Status:*
Substantial completion was achieved on 10/8/12 on schedule.

**Renovate Academic Facility – University Lofts Facility**

*Project Description:*
This project will renovate the 110,000 gross square foot facility into classrooms, class labs/studios, office and support space for the College of Fine Arts. The improvements will also include necessary upgrades of the building systems such as communications, plumbing, HVAC, electrical, fire safety and security.

*Project Status:*
The university will begin schematic design the first week of December, with review documents due in mid-January.

**Renovate Northside Library**

*Project Description:*
This project consists of renovating approximately 11,000 GSF of space on a single floor. The building will be renovated into an undergraduate class lab facility for Biology and an outreach instructional facility for the Partnership Institute for Mathematics and Science Education Reform (PIMSER). The improvements will include a community activities room that will double as a classroom for both PIMSER and Biology. The renovation will also incorporate necessary upgrades of the building systems, such as communications, plumbing, HVAC, electrical, fire safety and security.

*Project Status:*
This building has now been accepted as substantially complete and has been occupied. The contractor is completing outstanding items and performing warranty follow-up as needed.
**Renovate Parking Structure # 3 – UKHC**

*Project Description:*
This project will consist of the selective repair of the EIFS on the spandrels and column wraps, repair pre-cast and connections, concrete slab repair, recoating of structural steel components, barrier cable repair, replacement of doors and frames, and miscellaneous painting.

*Project Status:*
Substantial completion was achieved on 10/23/12.

**Renovate Schmidt Vocal Arts Center**

*Project Description:*
This project will complete the renovations to include rehearsal rooms, teaching studios, practice rooms, music library, office space for staff and graduate assistants, and enhancements to the building's main entrance. The project has been funded for the design phase only.

*Project Status:*
Recent fundraising efforts have provided the necessary funds that will allow this project to move forward in completing the design and construction of the project. A meeting is scheduled with the design consultants to revisit the project documents and revise the schedule as needed.

**Renovate Track and Field Facility**

*Project Description:*
The University of Kentucky’s Shively Track, used by the men’s and women’s track and cross country teams, is over 30 years old and needs to be renovated. This project will renovate the existing track and field facility by providing new track and field surfaces, field event training areas, spectator seating, spectator amenities (concessions, restrooms, etc.), and equipment storage. The track is anticipated to be a nine-lane synthetic surface track. An athlete only practice throw area has been integrated into the site plane, creating safety for adjacent spectators as well as providing a proper environment for the training and warm up of student athletes. A practice runway is being incorporated with the javelin throw. This area would also accommodate visiting track teams during meet events. The architectural design and materials will be integrated to enhance the proximity to the design elements of the University’s adjacent baseball stadium. The concession building will overlook the track so spectators standing in line will continue to have visual access to the event completion. A new storage facility will be located at the Cooperstown Road entry, and will be of sufficient size to store all track and field equipment.

*Project Status:*
The project is now substantially complete.

**Renovate/Upgrade Softball Complex**

*Project Description:*
This project consists of 1) Spectator seating and amenities, including replacement of the existing portable seating sections for Softball with new treads and risers from end to end of the dugouts that will provide approximately 400-600 new fixed chair back seats, and a combination of 600-800 of bleachers for a total permanent seating capacity of around 1200, including new elevated terraces overlooking the field at the back of the new grandstands and new press facilities, 2) New indoor practice facilities, 3) Playing field improvements, including site lighting and entry plaza to the complex including a new ticket facility and 4) New Team Building with coaches offices, team locker, lounge and equipment facilities for Softball.

*Project Status:*
Construction is continuing. Foundations are complete for the stadium structure with structural steel frame continuing. Work has begun on the foundation of the batting pavilion.
**Upgrade Student Center Infrastructure**

*Project Description:*
The Upgrade Student Center Infrastructure project will repair, upgrade and improve existing building infrastructure systems that have exceeded their useful life, need to be upgraded to meet current building code requirements, or need to be upgraded to meet current capacities being exceeded with occupant load. Systems include HVAC, plumbing and sanitary, mechanical, electrical and lighting, fire suppression/sprinkling, and communications infrastructures. As these infrastructure needs are upgraded, aesthetic and cosmetic upgrades will be made as a result of and in support of infrastructure upgrades.

*Project Status:*
All design work has stopped pending re-evaluation of project Scope and Budget.

**Housing**

*Project Description:*
This project is a partnership between the University of Kentucky and Education Realty Trust (EdR) to replace on campus undergraduate and graduate student housing.

The Haggin Honors Housing is the first phase of this partnership and includes construction of two new dorms located in the green field immediately to the east of the existing Haggin Hall. The project includes two separate buildings with a combined total of 601 new beds. The buildings are four stories high, plus a basement in the south building. The south building also includes three classrooms.

The “Blazer” and “Wildcat” sites consist of constructing two new dorms on north campus. They will be located on the site encompassed by Martin Luther King Blvd. to the west, Lexington Ave. to the east, Avenue of Champions to the south and north to include the Samaritan parking lot which is located just north of the Joe B. Hall Wildcat Lodge. (The JB Hall Lodge is being demolished.) The Blazer (south) building will include 740 beds as well as shelled retail space at the Ave. of Champions entrance. The Wildcat (north) building will include 427 beds.

The Cooperstown Site includes construction of two new buildings located where the existing Cooperstown D & E Buildings are currently located. The project includes two separate buildings with a combined total of 818 new beds. Three (3) classrooms will be included in the design of these buildings.

*Project Status:*
**Haggin** - These two buildings are currently under construction. Pre-fabricated walls have been erected on the north building and have begun on the south building. Mechanical, electrical and plumbing rough-ins are in progress. The buildings are scheduled to be opened in August 2013. The project is currently on schedule.

**Cooperstown** - Perimeter fencing has been erected around the site. A contract has been issued to Dore Contracting to demolish the existing D & E buildings. Demolition of those buildings is scheduled to be complete in mid-January 2013.

**Blazer/Wildcat Lodge** - Perimeter fencing has been erected around the site and site excavation has begun. A contract has been awarded to HCL, Inc. to demolish the existing Joe B. Hall Wildcat Lodge. Demolition of this building is scheduled to be complete in mid-December 2012.

**Renovate Dental Class Labs (611)**

*Project Description:*
The project includes upgrading ventilation systems, modernizing and enhancing technology utilized in training dental students, and accommodating additional student dental workstations and workspaces in the Student Simulation Lab.

*Project Status:*
Consultant contract is being finalized. This is a complex project which will include an AHU replacement, and require that the contractor renovate the Simulation Lab in an 8 week time period during the summer break of 2013.
**Renovate/Expand Gatton Building**  
*Project Description:*
This project is for design only to prepare the necessary plans to renovate and expand the existing 138,400 gross square foot Gatton Building. The four story, 60,000 gross square feet expansion is planned to be primarily community-oriented space including an atrium with a café and seating area, eight classrooms, and a 500 seat auditorium. The addition will become the primary entrance from Administration Drive and create a secondary entry from South Limestone. The original 1963 building will be renovated to provide various types of space for faculty and students; and the classrooms in the 1991 addition will be renovated and updated to include the latest technology.

*Project Status:*
Ross Tarrant Architects have been selected as the prime architectural firm; they are working in association with Robert A.M. Stern Architects to provide architectural services this renovation/expansion project. Site visits were taken to Miami University, Ohio State University, the University of Michigan, the College of William and Mary, and the University of Tennessee to benchmark what other universities have done. In addition, Skanska has been selected to provide construction management services for this project. The consultants are currently finalizing the program document. This project is currently on schedule.

**Renovate/Expand Soccer Facilities**  
*Project Description:*
This project will renovate and expand the University’s soccer facilities to include locker, shower, and lounge space for the men’s and women’s soccer teams, training and umpire rooms, and new seating and a press box. This project will also include upgrades to plumbing, electrical, and HVAC systems.

*Project Status:*
Design proposals were received, short listed and interviews held. Luckett and Farley were selected as the Designer. Anticipate final Construction Documents in December 2012 with Bidding to be held in January 2013.
Ambulatory Electronic Health Record Equipment System (EHR)

Project Number: 2335.0

Scope: $4,861,760

Project Description:
This project will upgrade the existing electronic information infrastructure to include building modifications, to provide a common, secure electronic information infrastructure for sharing healthcare information. In addition the project will ensure interoperability among health record systems, which, if not implemented, could create up to a 3% reduction in Medicare reimbursements to the Hospital. The infrastructure portion of the project will take place in four phases impacting over 50 clinics. The phases will include an initial bid package supporting three pilot clinic activations and three subsequent bid packages resulting in all impacted clinics being upgraded to new operating standards. Extensive modifications to the cooling systems of the various communication closets are included in the project as well as upgrades to the various clinics' power and date systems.

Construct CAER Lab Bldg. #2
Project Number: 2312.01
Scope: $20,984,305

Project Description:
The University is the recipient of a grant award from the National Institute of Standards and Technology (NIST) as part of the 'America Recovery and Renewal Act' federal stimulus package to construct a new stand alone laboratory building for the University of Kentucky Center for Applied Energy Research located at Spindletop Research Park. Portions of the laboratory facility will be specially equipped to accommodate battery manufacturing R&D. And other portions of the building will be specially equipped to accommodate research related to biomass energy and biofuels, electrochemical energy storage, and solar energy.

Consultant: Murphy+Graves Architects

Contract # A101110
Original Contract Amount: $1,645,000
Total Amendments to Date: 1
Cumulative Amendment Amount: $200,300
Describe all amendments:
Revised Contract Amount: $1,845,300
Amendment # 1, 2/14/12, an increase of $200,300 was approved to provide additional design, purchase, coordination and installation for the Energy Dashboard concept. This is an electronic educational interactive dashboard system for multiple locations throughout the building. No amendments this quarter.

Contractor: Turner Construction
Note: This is a 'CM-At-Risk' contract. The amount will be increased as subcontracts are bid and added. Turner's contract was awarded by RFP process.

Contract # 4500039389
Original Contract Amount: $15,420,613
Total Change Orders to Date: 142
Cumulative Change Order Amount: $809,974
Low Bid: Revised Contract Amount: $16,230,587
High Bid: Contract Percent Complete: 99%

Number of Bids:

Describe all change orders greater than $25,000.00:

Change Order # 3, 1/21/11, was approved for an increase of $146,400 to shift the underslab plumbing work from Bid Pack # 3 to Bid Pack # 1 facilitating the first floor slab being poured and completed earlier in the construction schedule resulting in cost savings. Change Order # 22, 9/15/11 was approved for an increase of $55,965 to provide an equipment change allowing for a fan that will operate more efficiently at a lower usage. Change Order # 23, 9/15/11 was approved for an increase of $50,307 to provide modification of the heat pump and ductwork layout to provide energy enhancement to the initial design. Change Order # 24, 9/15/11 was approved for an increase of $60,218 to add in redundant pumps to provide greater system reliability in case of failure. Change Order # 26, 9/15/11 was approved for an increase of $85,825 to add back the battery testing bunker bid package that was removed from Bid Pack # 3. Change Order # 37, 11/16/11, was approved for a decrease of $191,492 to provide for value engineering changes after project bids were received. Change Order # 49, 11/1/11, was approved for an increase of $52,188 to revise the primary power to support the power requirements for the project. This change is necessary due to found conditions and incorrect information in record documents of the utilities currently installed. Change Order # 50, 11/1/11, was approved for an increase of $28,410 to provide oversized curb needed to close the roof opening for the strobic fan installation. Change Order # 71, 1/11/12, was approved for an increase of $37,157 to provide power connections as required for the environmental chambers and to provide a filtered ceiling system. Change Order # 78, 2/2/12, was approved for an increase of $30,433 to provide an electric meter, a chilled water system COP and a hot water system COP needed to accomplish the energy comparison between the CAER I and CAER II Lab for the Energy Dashboard. Change Order # 92, 3/3/12, was approved for an increase of $37,624 to extend general conditions and project staffing for an additional twenty seven days. No change orders greater than $25,000 this quarter.
**CAPITAL CONSTRUCTION QUARTERLY ACTIVITY**

**Construct Patient Care Facility**

**Project Number:** 2239.0  
**Scope:** $530,958,626

**Project Description:**
This project will construct a new hospital addition to include patient beds, patient diagnostic and treatment areas, support areas, support facilities, medical equipment and infrastructure. The project also includes the replacement of the hospital parking garage and a connecting bridge as well as land acquisition and utility costs.

**Consultant:** GBBN, Inc.

**Contract #** A061080  
**Original Contract Amount:** $29,462,728

**Total Amendments to Date:** 12  
**Cumulative Amendment Amount:** $7,528,442

**Describe all Amendments:**

**Amendment # 1,** 9/12/06, was approved for $299,044 for additional design services required to design two additional floors for the parking garage. This amendment also provides for additional survey services associated rerouting of the ductbank; the addition of 12 receptor sources to be studied as part of the existing wind study; and the need for additional storm water modeling to review the impact on the new facility during heavy rain storm events. 

**Amendment # 2,** 2/13/07, was approved for additional design services associated with increased scope including but not limited to increased renovation of areas in the existing hospital (all phases); development of early bid packages for infrastructure and utility packages and temporary emergency department access; development of an additional bed wing (all phases); development of partial cafeteria (all phases); design of fitup for two additional floors (shell only - all phases); design of a redundant communications feed (all phases); additional design services associated with security systems; development of design of Phase 1B air handlers (thru DD’s) and additional design of costs associated with relocation and installation of above ground and underground fuel tanks. Also included is additional reimbursable services for geotechnical rock investigation; additional site survey and added construction testing. 

**Amendment # 3,** 5/13/08, an increase of $868,849 was approved for additional design services to include completion of the PCF Auditorium and construct a mock up in the College of Nursing. It also provides for 3D images and graphic design services for fund raising efforts as well as costs associated with preparing early and separate supplemental bid packages. 

**Amendment # 4,** 4/14/09 an increase of $332,700 was approved for expanded design services to include completion of design of the surgery waiting expansion, the expansion of Children's Hospital entry, changes in the auditorium design, refining several infrastructure elements and further development of gift shop case work. 

**Amendment # 5,** 6/9/09, an increase of $72,151 was approved for implementation of a GIS facility mgmt. system to import data associated with buildings and spaces, with the ability to expand for future inclusion of detail equipment, finishes and furniture data information. 

**Amendment 6,** 10/13/09, an increase of $281,162 was approved for additional design services, additional renderings, revision of art work lighting and expenses for the donor recognition design as well as additional construction administration services for the added auditorium AV systems. 

**Amendment 7,** 4/20/10, an increase of $278,370 was approved to provide additional design services for the Celebrate Kentucky Wall, Rose Street Plaza, the green roof, enabling a lobby fountain. The amendment also provides for additional reimbursable services. 

**Amendment 8,** 6/8/10, an increase of $937,498 was approved to provide for the completion of design and the addition of construction administration services for the Patient Care Facility OR Fit-out project. Provides for design thru phase 2 of the kitchen and cafeteria fit out of the PCF.
CAPITAL CONSTRUCTION QUARTERLY ACTIVITY

Construct Patient Care Facility Amendments Cont....

Amendment 9, 1/25/11, an increase of $409,072 was approved to provide design services for the PCF Data Center fit-up. Amendment 10, 5/10/11, a increase of $611,368 was approved to extend CA services. Amendment 11, 11/8/11, an increase of $395,464 will provide additional utility investigation, design services, inspections and to extend the construction administration services for the PCF Project. Also includes an increase of $71,722 for additional design. Amendment 12, 6/12/12, an increase of $68,282 was approved for three months of extended construction services and design and construction of three additional fit-up spaces; these include a conference room in the basement, a hydrotherapy room on the sixth floor and offices in the basement for Facilities and Supply & Distribution. No amendments this quarter.

Contractor: Turner Construction Co.

Note: This is a 'CM-At-Risk' contract. The amount will be increased as sub-contracts are bid and added. Turner's contract was awarded by RFP process.

Change Order # 1, 6/4/07, was approved for an increase of $91,344 to facilitate procurement strategy and meet the project timeline. A portion of select infrastructure was transferred from Bid Pack 4A to the earlier Bid Pack 3B. Change Order # 2, 5/31/07, was approved for an increase of $65,236 to relocate the existing direct buried lines and pressurized drain found to be in conflict with the new tunnel. Since the lines must be moved they will be relocated into the new tunnel to make the lines accessible for maintenance. Change Order # 3, 7/11/07, was approved for an increase of $58,928 to relocate an existing sewer manhole and associated lines to sanitary sewer manhole and associated lines to resolve underground utility conflicts. Change Order # 5, 9/6/07, was approved for an increase of $49,439 to replace and relocate deteriorated and inaccessible 2 1/2" and 1 1/2" underground direct buried steam lines that were revealed upon excavation. Change Order # 11, 10/4/07, was approved for an increase of $47,780 to re-route the existing domestic water line as well as the existing water main. Change Order # 13, 10/9/07, was approved for $40,755 to relocate approximately 150’ storm line and associated manhole due to conflict with the new Cooling Plant # 3 tunnel. Change Order # 21, 11/21/07, was approved for an increase of $53,383 to convert the 7000KVA transformer from aluminum to copper windings, add air switch to the transformer and add a medium voltage outdoor breaker with remote monitoring and control capability to five electric substations. These changes were made to increase the efficiency of the system and to meet specifications of upcoming substation upgrades. Change Order # 23, 12/5/07, was approved for a decrease of $48,383 to alter the installation of the cold water and cold water return piping system to avoid conflict with sensitive boiler equipment. Change Order # 27, 12/5/07, was approved for an increase of $144,844 to provide saw cutting of the pedestrian walkway and walkway roofing. The saw cutting increase method will reduce noise and vibration impacts to the adjacent Critical Care Facility. Change Order # 32, 1/18/08, was approved for a increase of $33,072 to enlarge the existing emergency generator pads for installation of new diesel generators due to changes in EPA regulations. Change Order # 34, 2/1/08, was approved for $388,426 to provide additional CM staff and general conditions due to an additional two floors being added to the Patient Care Facility. Change Order # 42, 3/20/08, was approved for an increase of $128,502 to extend the limits of blasting and excavation of rock in Bid Pack # 4 to accommodate the installation of sanitary line.
The rock removal was originally intended for Bid Pack # 5, but will provide savings if moved to Bid Pack # 4. Change Order # 43, 3/31/08, was approved for $229,016 to increase the rock allowance due to greater rock quantities than anticipated. Change Order # 58, 4/23/08, a decrease of $60,522 was approved to utilize the existing ductbank for the new conductors. The existing ductbank was lower than expected and did not interfere with the new storm tunnel. Change Order # 60, 4/23/08, for $34,827 to increase the ductbank from six to twelve conduits to match the size of the existing ductbank. Change Order # 66, 5/6/08, approved for $42,700 to offset new 36" chilled water lines. A 2" foam glass board insulation was put in place between the chilled water and high pressure steam line due to unexpected elevation. Change Order # 68, 6/4/08, was approved for $39,794 to perform rock removal while classes are in session using a rock trenching machine so as not to disturb students and staff in the Ag. Science Bldg. Change Order # 71, 5/7/08, was approved for $47,571 to install four new handicap ramps and thermoplastic street marking to comply with ADA standards. Change Order # 73, 6/6/08, was approved for $37,090 to replace water meter vault that is in the CP # 3 excavation footprint due to location of hidden chilled water lines. Change Order # 85, 6/4/08, was approved for $28,092 to revise alignment and depth of electrical ductbank that runs from Scott Street toward Electric Substation # 2, ensuring proper cover for manhole and ductbank when future changes are made in this area. Change Order # 90, 6/9/08, was approved for $42,604 to install new ductbank at a depth greater than planned due to concealed ductbank. Change Order # 98, 7/3/08, was approved for an increase of $62,263 to modify the tower crane foundation. This was required due to unsatisfactory rock with mud seams and factures found in the west tower crane location. Change Order # 102, 7/14/08, was approved for $50,183 to increase the size of both main electrical duct banks. Change Order # 110, 7/30/08, was approved for an increase of $25,219 to remove 240 linear feet of bad soil on Scott Street that is unsuitable for the new duct bank. Excavated material will be replaced with flowable fill concrete. Change Order # 121, 8/25/08, was approved for an increase of $32,912 to provide additional excavation for fuel tanks to meet required depth. Change Order # 127, 8/22/08, was approved for $43,493 to perform additional excavation at area "A" due to unsuitable rock. seams and factures found in the west tower crane location. Change Order # 127, 7/14/08, was approved for $50,183 to increase the size of both main electrical duct banks. Change Order # 127, 7/14/08, was approved for an increase of $25,219 to remove an additional 240 linear feet of bad soil on Scott Street that is unsuitable for the new duct bank. Excavated material will be replaced with flowable fill concrete. Change Order # 121, 8/25/08, was approved for an increase of $32,912 to provide additional excavation for fuel tanks to meet required depth. Change Order # 127, 8/22/08, was approved for $43,493 to perform additional excavation at area "A" due to unsuitable rock. Excavated material will be replaced with 4000 psi concrete. Change Order # 128, 8/22/08, was approved for an increase of $30,655 to perform additional excavation at area "B" shear wall/grade beam due to unsuitable bearing. Excavated material will be replaced with 4000 psi concrete. Change Order # 130, 9/9/08, was approved for an increase of $27,914 to provide control of the control valves with selector switch indicator lights. The switch will allow the operator to select which tank to pull oil from. Change Order # 138, 9/22/08, for $40,322 to provide a larger drilling rig needed to sleeve and bore larger holes due to the composition of the subgrade. Change Order # 139, 9/22/08, was approved for $27,303 to sawcut the CCC tunnel footers and slab as required for the 16" sanitary pipe to pass thru the tunnel. The pipe will be sleeved to prevent shearing and concrete and resteel placed around the sleeve. This is due to the existing sanitary pipe being lower than expected. Change Order # 143, 9/29/08, was approved for $33,766 to excavate 6' to 7' below design elevation on the 12.3 line from Column Line D.1 to the southeast
Construct Patient Care Facility Change Orders greater than $25,000 Cont.....

corner. Excavated material will be replaced with 4000 psi concrete and added resteel due to found rock. **Change Order # 159, 11/3/08**, was approved for an increase of $38,301 to offset chilled water piping. **Change Order # 164, 11/26/08**, was approved for $34,881 to install a high pressure steam valve and a pump discharge valve in the main on the south side of the Gill Heart tap. This will reduce the outage to the Gill Heart building and the Critical Care to less than one day and will eliminate future outages. **Change Order # 165, 11/26/08**, was approved for an increase of $73,079 to provide for additional removal of rock and soil and to provide additional concrete for the drilled piers. Found subsurface conditions required deeper piers than were required by contract. **Change Order # 173, 1/20/09**, was approved for an increase of $39,957 to provide for additional cost required to bore under existing gas line for the new 24" sanitary main. The original gas line was not relocated as originally planned due to access issues. **Change Order # 177, 3/2/09**, was approved for increase of $51,550 to remove existing unsuitable soil where fuel tanks were removed. Backfill and compact will be added to grade. **No change orders over $25,000 this quarter.**

**BP # 5 Change Orders**

**Change Order # 2 BP # 5**, 6/30/08, approved for $36,359 to provide and install 48" diameter sump pit and piping, for existing subsurface groundwater. This addressed the field condition of groundwater that has been observed in open excavations. **Change Order # 4 BP # 5, 7/23/08**, was approved for $26,723 to provide two mock-ups of the architectural precast panels. **Change Order # 7 BP # 5, 9/15/08**, was approved for $39,922 to provide concrete shear walls at Column Line 12/E-F and Column Line 12/L-M, ground level to underside of third level. **Change Order # 8 BP # 5, 9/30/08**, was approved for an increase of $26,540 to add one (1) gate valve and three triple duty offset butterfly valves to high pressure steam lines. The original design did not allow for a partial cut-off of steam supply to the building. **Change Order # 20, BP # 5, 12/2/08**, for an increase of $38,438 to provide concrete shear walls in accordance with the structural documents. The trade contractors scope descriptions failed to assign this task. **Change Order # 24, BP # 5** 2/6/09 was approved for $27,389 to revise the medium voltage cable spec to meet published UK standard. **Change Order # 26, BP # 5, 1/20/09** was approved for an increase of $25,547 to provide additional doors to the freight elevators allowing access to these elevators from the exterior. **Change Order # 27, BP # 5 1/20/09** was approved for an increase $29,111 to install 60 linear feet of 18" reinforced concrete pipe from the existing storm manhole to the new 12' diameter manhole. **Change Order # 32, BP # 5, 2/10/09** was approved for $71,714 for the upsizing and rerouting of the steam generators. **Change Order # 41, BP # 5, 3/26/09** was approved for an increase of $75,511 to provide miscellaneous electrical revisions to Bid Pack 5 electrical systems to include new distribution panel and critical bus duct plugs. **Change Order # 45 BP # 5, 4/30/09**, was approved for an increase of $26,288 to add a medium voltage outdoor breaker with remote monitoring and control capability to all substation breakers. This will increase the efficiency of the system. **Change Order # 46 BP # 5, 4/30/09**, was approved for an increase of $25,931 to provide and install twelve (12) humidifier condensate pumps to provide for disposal of the condensate from the air handlers. **Change Order # 47 BP # 5, 5/12/09**, was approved for an increase of $41,529 to add a low pressure steam pumping system to the basement level of the facility. **Change Order # 51 BP # 5, 5/29/09**, was approved for an increase of $228,937 to provide a compatible mating of the curtain wall and precast systems. This silicone tape allows for a water tight skin on the structure. **Change Order # 52 BP # 5, 5/15/09**, was approved for an increase of $30,633 to re-route existing lines allowing for placing of structural column to support east connector. **Change Order # 57 BP # 5, 6/1/09**, was
Construct Patient Care Facility Change Orders greater than $25,000 Cont.....

approved for an increase of $29,521 to fund overtime payment for Baker Construction. This additional cost will be used to make up time lost due to weather delays in December 2008 and January 2009. These days will need to be made up to open the Emergency Department on the currently scheduled date. **Change Order # 62 BP # 5,** was approved for $36,687 to fund overtime payment for Baker Concrete over four weeks in May to maintain schedule. Overtime work was required to maintain the concrete pour schedule due to inclement weather. **Change Order # 65 BP # 5,** was approved for an increase of $47,723 to install backfill against the southeast and southwest corners of the Patient Care Facility. **Change Order # 66 BP # 5,** 6/26/09, was approved for an increase of $26,436 to re-route existing sanitary sewer to allow for installation of bridge pier. **Change Order # 63 BP # 5,** 8/12/09, was approved for an increase of $35,236 to allow for payment of shift premium to accelerate pan removal under the 4th and 5th decks. This will accelerate the work schedule. **Change Order # 69 BP # 5,** 7/2/09, was approved for an increase of $27,497 to provide sidewalk stabilization during excavation for a pilaster. This change order also allows for removal and reinstallation of the distilled water line that conflicts with the new foundation. **Change Order # 84 BP # 5,** 9/2/09, was approved for an increase of $43,756 to allow for a needed additional 2 feet of height to the Penthouse elevator. **Change Order # 85 BP # 5,** 9/7/09, was approved for an increase of $67,697 to replace existing 18" ADS plastic storm pipe under the lobby area with 18" ductile iron pipe to meet code. **Change Order # 86 BP # 5,** 9/15/09, was approved for an increase of $50,436 to fund the purchase and installation of fifty six control dampers required for proper functioning of the Air Handling Units that were purchased directly by UK. **Change Order # 88, BP # 5,** 10/2/09, was approved for an increase of $69,965 to provide for payment of onsite personnel at the new Kentucky Labor Cabinet prevailing wage rates. **Change Order # 96, BP # 5,** 10/16/09, was approved for a decrease of $25,727 to delete flex connection. **Change Order # 99, BP # 5,** 10/27/09, was approved for an increase of $231,535 to furnish and install additional accessories, fitting, valves and controls for the heat exchangers. **Change Order # 117, BP # 5,** 12/9/09, was approved for an increase of $27,631 to fund overtime work for the steel contractor in order to complete the necessary steel erection for the topping out ceremony. **Change Order # 126, BP # 5,** 1/11/10, was approved for an increase of $109,869 to extend sleeves in all IDF/EIDF rooms in order to allow access to the sleeves from the floor below without infringing on the cable tray. **Change Order # 132, BP # 5,** 2/1/10, was approved for an increase of $31,104 to add one 112 x 34 fire damper and modify two 112 x 34 fire smoke dampers in the outside air dampers on the fourth floor. The actuators for these dampers need to be internal due to space restrictions and access requirement. **Change Order # 133, BP # 5,** 2/10/10, was approved for an increase of $26,580 to relocate the 3" chilled water supply take-off to the supply main on the discharge side of the chilled water pumps, so that it is located upstream of flow meter and will properly operate. **Change Order # 139, BP # 5,** 2/24/10, was approved for an increase of $71,292 to provide safety drain traps to prevent condensate from backing up in the humidification steam generator tubes during a low pressure condition. **Change Order # 145, BP # 5,** 3/1/10, was approved for an increase of $46,192 to provide top of shaft/elevator control room sleeves and machine beams to accommodate future elevator equipment. The work will be done at this time to allow for significant modifications to the building structure which would be difficult and disruptive when the hospital is operational. **Change Order # 147, 3/2/10,** was approved for an increase of $49,407 to revise various duct sizes and pipe routing at several locations on the 3rd & 4th floor mechanical rooms. **Change Order # 148, BP # 5,** 3/4/10, was approved for an increase of $138,921 to provide and install 40 foot mast to accommodate 7 antennas. This includes all structural support, warning lights, and fire stopping required for proper installation of the 40 foot
Construct Patient Care Facility Change Orders greater than $25,000 Cont.....

mast. **Change Order # 149, BP # 5, 3/4/10**, was approved for $66,388 to provide lift-net ethernet based central monitoring system, software, and supporting infrastructure for monitoring of all new and future elevators in the PCF. **Change Order # 150, BP # 5, 3/8/10**, was approved for an increase of $67,125 to relocate high pressure steam header in basement above chilled water pipes to eliminate trapped piping in order to prevent an unwanted trap. **Change Order # 155, BP # 5, 3/17/10**, was approved for an increase of $56,402 to revise south supply and return 24" chilled water feeds into basement as required. This will reverse the supply and return to match the connections to the mains in the tunnel. **Change Order # 156, BP # 5, 3/19/10**, was approved for an increase of $37,489 to furnish and install access hatches on the 15th and 16th floors for future service and installation of equipment in elevator machine rooms at the top of each tower. **Change Order # 168, BP # 5, 4/23/10**, was approved for an increase of $54,344 to relocate 16 fire/smoke damper actuators and add access doors as required to provide access for maintenance and yearly testing. **Change Order # 171, BP # 5, 4/27/10**, was approved for $81,371 to furnish and install conduit and added control wiring from unit substations to remote Entellisys control stacks. **Change Order # 185, BP # 5, 6/24/10**, was approved for an increase of $49,935 to route high pressure condensate from heating hot water and domestic hot water converters to high pressure return to condensate pump. This enhances the reliability and safety of the building and campus steam system. **Change Order # 187, BP # 5, 6/25/10**, was approved for $26,761 to provide additional hall position indicators for five elevators. **Change Order # 191, BP # 5, 7/27/10**, was approved for an increase of $52,938 to install a check valve in the bypass line between the heating hot water supply and return at each of the units. **Change Order # 198, BP # 5, 8/18/2010**, was approved for an increase of $129,334 to furnish and install snubbers on the transformers that serve the two fire pumps as a precautionary action to protect against future damage to the transformers. **Change Order # 203, BP # 5, 10/12/10**, was approved for an increase of $161,355 to provide additional supervision required to manage concurrent crews on the stairwells in order to achieve the original milestone completion dates. The CM's original baseline schedule had drywall work in the stairwells progressing prior to achieving full water tightness of the building. **Change Order # 214, BP # 5, 1/10/11**, was approved for an increase of $25,893 to fire wrap the exhaust ducts on the 14th level corridor. **Change Order # 221, BP # 5, 2/2/11**, was approved for an increase of $51,570 to install a status annunciator panel for the transfer switches on the fourth floor. **Change Order # 227, BP # 5, 3/24/11**, was approved for an increase of $32,087 to install an additional set of CT's on the load side of the stand alone fire pump circuit breakers on the fourth floor. **No change orders greater than $25,000 this quarter.**

**BP # 6 Change Orders**

**Change Order # 1, BP # 6, 1/23/09** was approved for an increase of $74,499 to increase booster pump capacity. **Change Order # 2, BP # 6, 3/3/09** was approved for an increase of $38,126 to allow for the installation of piping for dialysis systems on the 5th floor. **Change Order # 3, BP # 6, 3/24/09** was approved for an increase of $101,006 to utilize Densarmor exterior sheeting for the electric and data closets. This will allow for the installation of the materials prior to the roofing of the structure. This will enhance the schedule and allow the project to remain on track for the substantial completion of the emergency department. **Change Order # 11 BP # 6, 5/21/09**, was approved for an increase of $320,823 to re-design to meet the State's interpretation of the KY plumbing code. Venting was added as well as the resizing of piping. **Change Order # 12 BP# 6, 5/29/09**, was approved for a decrease of $50,620 to delete all Galley Equipment from the 8th Floor. **Change Order # 13 BP # 6, 6/1/09**, was approved for an increase of $33,352 to relocate the required power for the elevator machine room. **Change Order # 19 BP # 6, 7/2/09**, was approved
for an increase of $69,287 to fund the installation of ground bars and associated ground wiring in 110 locations data and electrical closets. Change Order # 37 BP # 6, 8/18/09, was approved for a decrease of $73,319 to delete demolition of existing 36" storm drain and the new 36" storm line. Change Order # 45 BP # 6, 8/28/09, was approved for an increase of $367,335 to install cast-in-place concrete anchors in the 6th floor to support the 5th floor MEP items. This work will drastically reduce the noise associated with the fit-out of the 5th floor which is scheduled to occur after the 6th floor is occupied. Change Order # 46 BP # 6, 8/28/09, was approved for an increase of $28,293 to upgrade power, add a smart panel, and tie to the existing Tridium system for controls of exterior fountain system and site lighting. This allows for reduced maintenance costs and remote management of the exterior system. Change Order # 47 BP # 6, 8/28/09, was approved for an increase of $127,027 to provide one Edgestar door controller per door. Change Order # 53 BP # 6, 9/21/09, was approved for an increase of $29,323 to replace Luminaire type F55 with type F56. Change Order # 55 BP # 6, 9/21/09, was approved for an increase of $191,975 to provide fit out of additional office spaces in the basement of the Patient Care Facility. Change Order # 56 BP # 6, 9/22/09, was approved for a decrease of $80,087 to delete fiber and coax to work stations throughout the podium. Upon review of the function of the these work stations fiber and coax was deemed unnecessary. Change Order # 57 BP # 6, 9/29/09, was approved for an increase of $626,061 to amend Turner's contract to allow for payment of prevailing wage rate determined by the Kentucky Labor Cabinet. The rates included in the original bid documents were increased by the State prior to contract signing. Change Order # 69, BP # 6, 10/16/09, was approved for an increase of $101,492 to provide coax cable to service televisions in all patient rooms. Change Order # 72, BP # 6, 10/16/09, was approved for an increase of $351,828 to furnish and install 3,000 gallon concrete grease trap. This is required for the future fit-out of the kitchen and cafeteria. Installation at this time results in cost savings and lessens future impact on hospital operations. Change Order # 82, BP # 6, 10/26/09, was approved for an increase of $38,299 to revise electric and data outlets due to staff changes made to increase the efficiency of the space. Additional cabling for the Hill-Rom system was also required. Change Order # 100, BP # 6, 12/14/09, was approved for an increase of $66,196 to upgrade grounding of medium voltage electrical systems for both normal and emergency power from 7 switches to manholes E412 and E214E to provide a safe and reliable high voltage system. Change Order # 103, BP # 6, 11/24/09, was approved for an increase of $36,720 to revise the route of one set of oxygen lines and to add offset to oxygen lines at all steam line expansion joints in the tunnel. This will create a more reliable and robust oxygen system. Change Order # 104, BP # 6, 11/24/09, was approved for an increase of $58,594 to add additional unit heater and cabinet unit header DDC controls. Change Order # 105, BP # 6, 11/24/09, was approved for an increase of $25,760 to provide the additional 120 Volt circuits needed for the operation of the smoke dampers. Change Order # 109, BP # 6, 11/23/09, was approved for an increase of $52,082 to provide patient lift system with a rail in select Acute and Acute Isolation restrooms on the 6th and 7th floors. This will greatly improve patient care and reduce staff injuries. Change Order # 110, BP # 6, 11/24/09, was approved for an increase of $44,339 to purchase dialysis boxes required for the 6th and 7th floor ICU patient rooms. Change Order # 111, BP # 6, 11/25/09, was approved for an increase of $95,389 to provide raceways, electrical wiring and teledata wiring for wireless telemetry system. Change Order # 112, BP # 6, 11/25/09, was approved for a decrease of $139,555 to reduce the number of drops and raceways for the wireless telemetry grid. Change Order # 113, BP # 6, 11/24/09, was approved for an increase of $38,833 to revise the main duct mains in basement areas A and C to allow for proper installation of mechanical systems. Change Order # 114, BP # 6, 12/9/09, was approved for an increase of $27,464 to reroute existing electrical feeders that are located overhead in the hospital loading dock to allow for installation of new utilities. Change Order #

115, BP # 6, 12/9/09, was approved for an increase of $53,632 to change power from 80/20 emergency to a normal 50/50 configuration in all patient rooms on the 6th and 7th floors. Change Order # 117, BP # 6, 12/9/09, was approved for a decrease of $64,113 to relocate data and power outlets, and make changes to light switching on the 6th and 7th floors. Change Order # 122, BP # 6, 12/15/09, was approved for an increase of $207,802 to provide one additional data outlet and power receptacle in the wall in each of the 128 patient rooms. Change Order # 125, BP # 6, 12/15/09, was approved for an increase of $41,512 to provide conduit for the door access intercom system for the intercom device to the cable tray and to the Intercom Master Panels throughout the project. Change Order # 134, BP # 6, 12/15/09, was approved for an increase of $48,070 to upgrade and revise the HVAC, electrical services, and IT infrastructure to support additional equipment in the security/dispatch room. Change Order # 143, BP # 6, 12/15/09, was approved for an increase of $36,860 to provide additional ventilation in the 4th floor CCC Mechanical tower to accommodate Swisslog equipment. Change Order # 144, BP # 6, 1/4/10, was approved for an increase of $49,623 to provide temporary weather protection to contain winter heat in the podium. Change Order # 146, BP # 6, 1/4/10, was approved for an increase of $40,504 to make adjustments to the ductwork to allow for installation of systems while maintaining ceiling height as required for proper utilization of the spaces. Change Order # 157, BP # 6, 1/14/10, was approved for an increase of $123,223 to furnish and install one medical gas master alarm panel in Room H64 to allow for a UL rated system. Change Order # 161, BP # 6, 2/1/10, was approved for an increase of $34,574 to revise the light fixture selection and lighting fixture layout for the up lights highlighting the eyebrow on the 5th and 12th floors of the structure. Change Order # 162, BP # 6, 2/1/10, was approved for an increase of $82,634 to modify VESDA smoke detection system. Change Order # 167, BP # 6, 2/4/10, was approved for an increase of $229,299 to add data and power outlets for the upper cabinet space in patient room wardrobes for IT equipment mounting space. Change Order # 168, BP # 6, 2/4/10, was approved for an increase of $108,706 to provide additional power necessary for the final pneumatic tube system design. Change Order # 174, BP # 6, 2/16/10, was approved for an increase of $136,321 to revise 6th floor ductwork and cable tray to include additional conduit runs in vicinity of the mechanical chases to allow for proper access to mechanical and electrical equipment.

Change Order # 175, BP # 6, 2/16/10, was approved for an increase of $115,641 to revise 7th floor ductwork and cable tray to include additional conduit runs in vicinity of the mechanical chases to allow for proper access to mechanical and electrical equipment. Change Order # 176, BP # 6, 2/23/10, was approved for an increase of $154,586 to add power infrastructure to support additional UPS devices in all 32 EIDF rooms. Change Order # 177, BP # 6, 2/23/10, was approved for an increase of $37,436 to remove and replace floor tile in the ED. Change Order # 181, BP # 6, 2/23/10, was approved for an increase of $40,687 to re-route glycol and hot water piping on level 14 due to unforeseen space constraints. Change Order # 183, BP # 6, 2/24/10, was approved for an increase of $50,973 to revise the location of 8 patient tracking monitors and add 7 locations for overhead tracking monitors in the ED. Change Order # 188, BP # 6, 3/4/10, was approved for an increase of $102,622 to add piping and electrical connections for dialysis equipment in 16 step down rooms to increase the flexibility of the patient rooms. Change Order # 192, BP # 6, 3/4/10, was approved for an increase of $88,311 to revise domestic water piping to the steam pressure. Change Order # 175, BP # 6, 2/16/10, was approved for an increase of $115,641 to revise 7th floor ductwork and cable tray to include additional conduit runs in vicinity of the mechanical chases to allow for proper access to mechanical and electrical equipment. Change Order # 176, BP # 6, 2/23/10, was approved for an increase of $154,586 to add power infrastructure to support additional UPS devices in all 32 EIDF rooms. Change Order # 177, BP # 6, 2/23/10, was approved for an increase of $37,436 to remove & replace floor tile in the ED.
Construct Patient Care Facility Change Orders greater than $25,000 Cont.....

Change Order # 234, BP # 6, 4/13/10, was approved for an increase of $50,535 to add section of built-in curved seating, revise wall cap material, and add gaming area countertop to the pediatric waiting in the ED. Change Order # 238, BP # 6, 4/14/10, was approved for an increase of $93,626 provide the infrastructure and connections necessary to support University supplied uninterrupted power supplies in the IDF and EIDF rooms through the project. Change Order # 243, BP # 6, 4/22/10, was approved for an increase of $76,602 to furnish and install condensate drains for two air handler units in electrical rooms on the fourth floor and insulate condensate drains throughout the building. Change Order # 244, BP # 6, 4/21/10, was approved for an increase of $52,639 to revise ductwork in the 1st floor lobby to accommodate the radiused bulkhead to include extending the height of the plenums along the lobby exterior wall and installing revised linear grills. Change Order # 251, BP # 6, 4/21/10, was approved for an increase of $74,208 to revise coring layout, pike thru devices, and electrical and technology raceways for Steelcase furniture in ED area. Change Order # 252, BP # 6, 4/21/10, was approved for an increase of $74,097 to add temperature mixing valves to eyewashes and emergency showers on the ground, 6th and 7th floors. Change Order # 287, BP # 6, 5/13/10, was approved for an increase of $38,906 to install dust shield covers on 164 drop in lights in the ED for infection control purposes. Change Order # 288, BP # 6, 5/13/10, was approved for an increase of $47,608 to re-route storm piping, irrigation piping, and vent piping above the ceiling in the auditorium to allow for proper installation of mechanical equipment. Change Order # 301, BP # 6, 5/18/10, was approved for an increase of $54,139 to convert two secure treatment rooms into isolation rooms by adding a new isolation exhaust fan on the 1st floor roof, within the chiller screen wall. Modify air balance and add room monitors for proper pressurization. Change Order # 327, BP # 6, 6/3/10, was approved for an increase of $107,562 to provide temporary upright sprinkler heads where ceilings are not yet installed on the ground floor, and upgrade and extend several of the existing partitions to 2 hour walls for the phased turnover of the ED. Change Order # 328, BP # 6, 6/7/10, was approved for an increase of $101,969 to add missing life safety power to 87 fire smoke dampers. Change Order # 332 BP # 6, 6/10/10, was approved for an increase of $68,130 to revise metal stud layout, electrical work, duct work, floor and wall finishes to accommodate the "Celebrate Kentucky" wall design. The final design of the wall was not available when the construction documents were published. Change Order # 334, BP # 6, 6/11/10, was approved for an increase of $42,212 to add various security hardware items to the ground floor ED which were not included in the original contract documents. Change Order # 336, BP # 6, 6/11/10, was approved for an increase of $34,217 to provide horizontal connections for 34 locations for the overhead paging system in the ED. The final design of the system was not selected by the end users prior to the submission of construction documents. Change Order # 340, BP # 6, 6/24/10, was approved for an increase of $80,919 to add card readers, locking door hardware, exit button, door contact, key switch, shear locks, retractable latches and delayed egress controller to various doors in the ED to realize the required security and access control for imaging areas and med. storage rooms. Change Order # 343, BP # 6, 6/25/10, was approved for an increase of $45,551 to include a new pathway and the abutting planting mounds for the green roof on the 5th floor roof. It includes the relocation of the excess Green Roof planting trays that are displayed by the new pathway and planting mounds. Change Order # 350, BP # 6, 6/25/10, was approved for an increase of $89,093 to add one duplex outlet and change one duplex to quad outlet in 128 Acute Care and ICU Patient Rooms on the floors. Change Order # 354, BP # 6, 6/29/10, was approved for an increase of $69,437 to modify street light bases and illuminated signs along Limestone St. to allow installation of exterior signs. Change Order # 433, BP # 6, 8/25/10, was approved for an increase of $36,213 to reroute storm pipe in the ground floor lobby area including portion the underground piping. Change Order # 441, BP # 6, 8/30/10, was approved for an increase of $48,310 to furnish
the labor and material to revise four steel reinforced concrete fan bases, and provide four additional steel reinforced concrete fan bases on the fifteenth floor of the facility. **Change Order #442, BP #6, 6/30/10**, was approved for an increase of $182,106 to revise the lobby rotunda lighting to include 25 additional Illumvision Light Wave fixtures and remote lighting control system. These lights will be installed in recesses in the rotunda. **Change Order #451, BP #6, 9/7/10**, was approved for an increase of $27,185 to change fabric on the 6th and 7th floor MechoShades to enhance function and durability of the shades in the inpatient areas. **Change Order #456, BP #6, 9/7/10**, was approved for an increase of $80,283 to furnish and install all required elements to create a new lobby water feature to include the water feature, supporting electrical and pumping systems, control systems. **Change Order #462, BP #6, 9/13/10**, was approved for an increase of $284,907 to install conduit and cabling to accommodate nurse call device quantity and location changes per approved Hill Rom drawings. **Change Order #465, BP #6, 9/14/10**, was approved for an increase of $313,636 to furnish and install 128 Marlite artwork panels and Korogard wall protection with related trim on inpatient room walls at the head of the bed to accommodate the final selection of the artwork for patient rooms. **Change Order #467, BP #6, 9/15/10**, was approved for an increase of $26,145 to furnish & install additional trapeze hangers for life safety & emergency. **Change Order #475, BP #6, 9/15/10**, was approved for an increase of $88,510 to furnish and install additional 120V power connections required for twenty-four PTZ cameras. **Change Order #477, BP #6, 9/17/10**, was approved for an increase of $57,683 to provide additional work in the laboratory required to complete the connections between the east connector and to maintain and enhance operations of the Critical Care 6th floor laboratory. **Change Order #481, BP #6, 9/22/10**, was approved for an increase of $76,752 to provide 2 additional sets of filters for AHU's that were not purchased with the equipment or from the HVAC contractor. **Change Order #485, BP #6, 9/28/10**, was approved for $313,198 to furnish and install electrical conduit and wiring associated with additional electrical outlets throughout the 6th & 7th floors. **Change Order #461, BP #6, 10/18/10**, was approved for an increase of $30,566 to replace the existing analog security cameras. **Change Order #500, BP #6, 10/1/10**, was approved for an increase of $54,866 to furnish and install the required infrastructure, finishes and equipment to activate a food kiosk on the first floor. **Change Order #505 BP #6, 10/11/10**, was approved for an increase of $87,055 to provide additional labor and material to furnish and install ductwork, heating water piping and associated controls to heat and cool the dining area adjacent to first floor lobby. **Change Order #509, BP #6, 10/12/10**, was approved for an increase of $87,829 to furnish the labor and materials to reinforce the underside of the existing Children's Hospital bridge. **Change Order #512 BP #6, 10/12/10**, was approved for an increase of $85,357 to fund overtime costs for drywall installation on the 6th and 7th floors to maintain project schedule. **Change Order #516, BP #6, 10/18/10**, was approved for an increase of $57,559 to revise the conduit path to the ICU workstation from via columns to via under-floor poke-thrus in eight locations. **Change Order #517, BP #6, 10/18/10**, was approved for an increase of $57,819 to furnish and install 52 smoke detectors including one on each side of the rated doors with door hold opens in the Emergency Department as required by the Fire Marshall. **Change Order #518, BP #6, 10/19/10**, was approved for an increase of $37,616 to install 20 gravity dampers to serve as backdraft dampers for roof top fans. **Change Order #572, BP #6, 11/2/12** was approved for an increase of $31,746 to modify the type-C data outlet requirements on 6th and 7th floors for 802.11 wireless access points. **Change Order #573, BP #6, 11/11/10** was approved for an increase of $25,590 to add eighteen additional fireman's phone jacks and associated conduit and wiring for elevator control rooms. **Change Order #574, BP #6, 11/10/10**, was approved for a decrease of $29,881 to delete unnecessary work previously purchased as a result of revisions made in the Rose Street Plaza. **Change Order #617, BP #6, 12/17/10**, was approved for an increase of $54,781 to provide for
modifications to 6th and 7th floor door hardware and electronic security hardware as required by building code inspector. Change Order # 619, BP # 6, 1/24/11, was approved for an increase of $83,092 to furnish and install temporary floor protection over all the thin set tile on the first level of the lobby to prevent scratches and damage from equipment and tools. Change Order # 621, BP # 6, 1/3/11, was approved for an increase of $63,378 to recircuit the outlets serving the physiological monitors in 128 of the patient rooms on 6th and 7th floors from normal to critical power. Change Order # 643, BP # 6, 1/10/11, was approved for a decrease of $32,258 to delete various signs from the signage schedule due to review of final site conditions and traffic patterns. Change Order # 644, BP # 6, 1/10/11, was approved for an increase of $41,411 to revise the final signage package per drawings for ground floor areas A and B (Emergency Department). Change Order # 682, BP # 6, 2/17/11, was approved for an increase of $30,888 to provide the necessary wall protection in the west connector corridor due to high use. Change Order # 689, BP # 6, 2/21/11, was approved for an increase of $44,499 to provide temporary heat for Lobby 1 and 2 finishes. Change Order # 692, BP # 6, 2/24/11, was approved for an increase of $230,433 to create an allowance funded from the Construction Manager's contingency to fund overtime for specific work on a case by case basis. Change Order # 703, BP # 6, 3/1/11, was approved for an increase of $32,704 to provide the labor and material to install twenty flow and tem per switches. Change Order # 722, BP # 6, 3/18/11, was approved for an increase of $82,324 to provide control wiring and start-up to electrified door hardware for 48 doors. Includes power supplies, magnetic hold opens, latch bolt assemblies and associated wiring and programming. Change Order # 751 BP # 6, 4/28/11 was approved for an increase of $35,916 to provide rework upgrades of the circuitry to meet the requirements of the lighting in the patient rooms. Change Order # 760 BP # 6, 6/8/11 was approved for an increase of $25,315 to upgrade the circuitry in dietary rooms A06026 and A07026 to support the food service equipment. Change Order # 763 BP # 6, 5/9/11 was approved for an increase of $37,731 to add 12 wireless access points at west connectors to existing structures on the 1st and 2nd levels based on operational patterns. Change Order # 776 BP # 6, 6/16/11 was approved for an increase of $44,563 to provide temporary heating augmentation in Lobbies 1 & 2 from January thru March. Change Order # 778 BP # 6, 6/16/11 was approved for an increase of $37,263 to provide raceways for smoke detectors at all stairwell exit doors in all floors. Change Order # 866, BP # 6, 8/24/11 was approved for a decrease of $35,000 to provide a credit for standard metal frames in lieu of specified galvanized metal frames on the patient bathroom doors on all floors. Change Order # 876, BP # 6, 8/24/11 was approved for an increase of $65,927 to furnish the labor and material to add 1800 sf of the metal panel ceiling/soffit on the east and west ends near the west connector area adjacent to the existing pedway. Change Order # 886, BP # 6, 9/6/11 was approved for an increase of $57,849 to provide modifications required to allow the building chilled water system to operate within the campus chilled water system parameters. Change Order # 905, BP # 6, 2/2/12, was approved for an increase of $184,103 to adjust the final steam cost for steam provided by UK to the projects. The contractor was inadvertently overcharged for steam billings and this reimburses the mistake. No change orders greater than $25,000 this quarter.
PCF - Hospital - CUP Expansion
Project Number: 2239.32
Scope: $13,150,000

Project Description:
This is a portion of the larger Patient Care Facility Project (2239.0). The project includes an 18,000 square foot addition to the existing Central Utilities Plant on Press Avenue. The expansion will include provisions for two new 125,000 lb./hr boilers and additional chillers. The structure will include an enlarged cold well and basement in the cooling section. The boilers and supporting equipment will be installed under this project. Chiller purchases are not contemplated at this time.

Consultant: GBBN Inc.

Revised Contract Amount: $10,248,121
Contract Percent Complete: 99%

Number of Bids: 2

Describe all change orders greater than $25,000.00:

Change Order # 4, 12/10/07, was approved for $37,518 to provide required additional rock and soil drilling. Change Order # 7, 2/21/08, was approved for an increase of $53,981 to provide temporary building heat until the new deator and surge tank are installed. Change Order # 14, 7/23/08, was approved for an increase of $28,219 to change the boiler water piping from ductile iron to schedule 80 black steel pipe. Change Order # 17, 7/10/08, was approved for an increase of $26,270 to install new platform in the northwest corner of the CUP addition to provide greater accessibility and safer access to valves and equipment. Change Order # 21, 7/23/08, was approved for an increase of $46,585 to provide for additional costs resulting from the late delivery of the boilers provided by the University and resulting complications which impacted items on the critical path. Liquidated damages collected from the boiler manufacturer will be applied to the compensation associated with this change order. Change Order # 30, 8/11/08, was approved for an increase of $28,249 to relocate the new condensate pump from the BBSRB tunnel to the College of Pharmacy tunnel. Provide valving to allow the pump to pump in either direction. This change allows for more versatile operation of the campus steam system. Change Order # 34, 10/30/08, was approved for an increase of $52,257 to provide and install pipe insulation for the new boiler feed water piping and the boiler blow-down piping. Change Order # 35, 11/3/08, was approved for an increase of $34,893 to provide and install two wye strainers and to install and connect the stack gas analyzers and Horiba panels. Because the boilers were a direct purchase by the University this scope of work was not originally included in the contract documents. Change Order # 37, 2/2/08 was approved for $26,661 to revise the Civil Site plan to provide greater security and improve the utilization of the grounds north of the new construction. Change Order # 44, 2/24/10, was approved for an increase of $25,745 to perform various items of work related to the boiler installation not included in the contractor's original contract documents. Change Order # 45, 2/24/10, was approved for an increase of $54,881 to install a new VFD for each of eight ventilation fans. The high efficiency boiler operation required increased building temperature control to manage the combustion process of the burners of the two boilers. No change orders greater than $25,000 this quarter.
CAPITAL CONSTRUCTION QUARTERLY ACTIVITY

Construct UK/Nicholasville Road Flood Mitigation
Project Number:  2336.00
Scope:  $8,015,463

Project Description:
This project will construct improvements, to provide 100 year storm (and lesser storm) mitigation to prevent roadway overtopping and improve pedestrian safety addressing storm water quantity within this one campus water shed. The area between Alumni Drive and Shawneetown Drive (includes permanent removal of Shawneetown Drive and relocation of existing utilities) will be excavated for additional storm water detention. The project will also upgrade an existing culvert at the upstream side of Nicholasville Road. The $8,015,463 project will be funded by a federal grant of $6,011,597 from FEMA with the balance of $2,003,866 being the In-Kind value of the 3.6 acres of University of Kentucky land determined by adjacent property values. Water quality related issues may also be part of the project scope depending on available funds and compatibility with storm water quantity design.

Renovate Northside Library
Project Number: 2324.00
Scope: $2,373,000

Project Description:
This project consists of renovating approximately 11,000 GSF of space on a single floor. The building will be renovated into an undergraduate class lab facility for Biology and an outreach instructional facility for the Partnership Institute for Mathematics and Science Education Reform (PIMSER). The improvements will include a community activities room that will double as a classroom for both PIMSER and Biology. The renovation will also incorporate necessary upgrades of the building systems, such as communications, plumbing, HVAC, electrical, fire safety and security.

Describe all amendments:
No amendments this quarter.

Contractor: Marrillia Design & Construction

Contract # 7500002705
Total Change Orders to Date: 33
Low Bid: $1,105,714
High Bid: $1,322,000
Number of Bids: 10

Describe all change orders greater than $25,000.00:
Change Order #6, 3/27/12, was approved for an increase of $32,902 to replace the existing underground sanitary lines and add a Watts 909 backflow preventer. Change Order #10, 7/26/12, was approved for an increase of $29,277 to revise the display case in Lobby 101 to be able to display a number of different physical objects promoting the Biology and PIMSER programs. The case will be able to promote the programs through images and video. Change Order #15, 7/16/12, was approved for an increase of $29,307 to provide a 2" asphalt overlay for the existing parking lot giving the parking lot a new look and eliminating unsafe conditions in bad weather conditions.
**Renovate Parking Structure #3 - UKHC**

**Project Description:**
This project will consist of the selective repair of the EIFS on the spandrels and column wraps, repair pre-cast and connections, concrete slab repair, recoating of structural steel components, barrier cable repair, replacement of doors and frames, and miscellaneous painting.

**Consultant:** Brown & Kubican

**Describe all change orders greater than $25,000.00:**
Renovate Track and Field Facility

Project Number: 2315.00
Scope: $13,000,000

The University of Kentucky’s Shively Track, used by the men’s and women’s track and cross country teams, is over 30 years old and needs to be renovated. This project will renovate the existing track and field facility by providing new track and field surfaces, field event training areas, spectator seating, spectator amenities (concessions, restrooms, etc.), and equipment storage. The track is anticipated to be a nine-lane synthetic surface track. An athlete only practice throw area has been integrated into the site plane, creating safety for adjacent spectators as well as providing a proper environment for the training and warm up of student athletes. A practice runway is being incorporated with the javelin throw. This area would also accommodate visiting track teams during meet events. The architectural design and materials will be integrated to enhance the proximity to the design elements of the University’s adjacent baseball stadium. The concession building will overlook the track so spectators standing in line will continue to have visual access to the event completion. A new storage facility will be located at the Cooperstown Road entry, and will be of sufficient size to store all track and field equipment.

Consultant: Ross Tarrant Architects

Contract #: A111060
Original Contract Amount: $868,500
Total Amendments to Date: 1
Cumulative Amendment Amount: $46,000
Describe all amendments:
Revised Contract Amount: $913,500
Amendment # 1, 2/14/12, an increase of $45,000 was approved to provide for additional special inspections needed due to a larger amount of concrete retaining walls than originally anticipated. No amendments this quarter.

Contractor: Abel Construction Co. Note: This is a "CM-at-Risk” contract. The amount will be increased as subcontracts are bid and added. *Abel's contract was awarded by RFP process.

Contract #: 4500043874
Original Contract Amount: $9,820,610
Total Change Orders to Date: 76
Cumulative Change Order Amount: $710,290
Low Bid:
Revised Contract Amount: $10,530,900
High Bid:
Contract Percent Complete: 98%

Number of Bids:
Describe all change orders greater than $25,000.00:

Change Order # 2, 8/24/11 was approved for an increase of $30,332 to provide sand based sod in lieu of regular soil based sod to provide better drainage performance. Change Order # 10, 8/24/11 was approved for a decrease of $45,600 to use interlocking deck in lieu of welded deck and to use galvanized steel in lieu of painted finish on structure.
Change Order # 12, 8/25/11 was approved for an increase of $117,663 to provide and install eight lane practice track. Change Order # 20, 10/13/11, was approved for an increase of $35,875 to increase the Kentucky American Water Co. allowance needed to relocate a section of waterline along Cooperstown Drive. Change Order # 21, 11/3/11, was approved for an increase of $25,275 to install subdrainage piping for the permeable pavers for the drive along the north side of the track. Change Order # 34, 1/23/12, was approved for an increase of $25,300 to provide a slot drain in the concrete walk between the track and the lower wall of the lower grandstand. Change Order # 38, 4/10/12, was approved for an increase of $105,493.55 to provide installation for Owner Provided Sports Competition lighting system. Change Order # 50, 4/10/12, was approved for an increase of $46,722.76 to relocate the scoreboard from the current location to the northeast corner of the track. Change Order # 61, 6/13/12, was approved for an increase of $49,672.17 to install concrete footers for the safety net poles. This will provide enhanced protection from foul balls from the adjacent baseball stadium for spectators and athletes during daily practices and scheduled events. Change Order # 65, 7/26/12, was approved for an increase of $27,825 to change the stabilization of the track upgrade from 8” of cement stabilization to 16” of lime stabilization. The material change is based on the time of year the work is being installed. Initial this scope of work was to occur during cold, winter weather and the cement stabilization was necessary. This scope of work actually occurred during warmer weather in the spring and lime stabilization was more applicable. Change Order # 67, 7/27/12, was approved for an increase of $36,344 to provide additional catch basins at infield and upsize piping.
Renovate/Expand the Center for Applied Energy Research (Ph II)
Project Number: 2286.20
Scope: $1,285,224

Project Description:
The primary purpose of this project will be multi-phased project incorporating the following components:
Mineral Process Lab Building - The initial phase of the project will require the construction of a 6,400 square foot support building. This new facility will permit the relocation of the existing mineral processing group, currently housed in the Center's main facility. The existing equipment will be relocated along with support space, offices and labs. Relocation of the Crushing Room - The existing Crushing Room is to be relocated into an existing facility originally built for dry storage of coal. Bio-fuels Highbay Lab Fit-up and Improvements - Renovated space, vacated by the Mineral Processes Lab in above, will allow for the development of a bio-fuels laboratory for production, characterization, and testing of biomass derived fuels, with a focus on biodiesel, bio-oils, and biomass derived Fischer-Tropsch liquids. The principle objective of this project is the establishment of a laboratory dedicated to the development of improved processes for biomass utilization, with the goal of supporting the development of the biofuels industry in Kentucky. The existing Combustion/High Bay Lab will have a new bench top fume hood and a new walk-in hood installed with required ductwork and exhaust fans.

Upgrade, Renovate, Improve or Expand Research Labs (Chem-Physics)

Project Number: 2332.00
Scope: $832,000

Project Description:
This project will renovate approximately 2,100 square feet of Physics wet bench research space in the Chemistry-Physics Building. The work consists of renovating several contiguous laboratories on the first floor in the Chemistry-Physics Building as follows: Demolition of existing finishes, partitions, and building systems, and construction of new partitions, installation of new finishes, building systems, and laboratory items as required to create new research laboratories and their supporting spaces. Installation of new buildings systems in other areas of the Chemistry-Physics Building to support the new research labs as shown on the Contract Documents. New finishes include resilient floor tile, resinous flooring, resilient base, painted gypsum board, and suspended acoustical ceiling system. New building components include metal laboratory casework, epoxy laboratory counters and sinks, and fume hoods.

## Upgrade Student Center Infrastructure

**Project Number:** 2325.00  
**Scope:** $23,000,000

### Project Description:
The Upgrade Student Center Infrastructure project will repair, upgrade and improve existing building infrastructure systems that have exceeded their useful life, need to be upgraded to meet current building code requirements, or need to be upgraded to meet current capacities being exceeded with occupant load. Systems include HVAC, plumbing and sanitary, mechanical, electrical and lighting, fire suppression/sprinkling, and communications infrastructures. As these infrastructure needs are upgraded, aesthetic and cosmetic upgrades will be made as a result of and in support of infrastructure upgrades.
