Members, Board of Trustees:

REPORT ON THE 2006 KENTUCKY GENERAL ASSEMBLY

Recommendation: that the Board of Trustees accept this report on the 2006-08 Biennial Budget of the Commonwealth, as approved by the 2006 Kentucky General Assembly.

Background: At its December 2004 meeting, the Board of Trustees approved Administrative Regulation II-1.4-1, directing the President to report to the Board on actions taken by the Kentucky General Assembly.

The University of Kentucky’s Top 20 Business Plan, approved by the Board at its December 2005 meeting, provided the framework for the University’s budget request to the 2006 Kentucky General Assembly. The Business Plan indicates the operating funds and capital projects necessary to the university’s progress toward achieving the legislative mandate that it become a Top 20 public research university by 2020. While the university budget for 2006-07 will be difficult, the $20.9 million increase in state operating dollars in 2007-08 fully funds the Business Plan.
