Members, Board of Trustees:

**ESTABLISHMENT OF UNIVERSITY HOSPITAL STANDING COMMITTEE**

**Recommendation:** that the Board of Trustees rescind the December 9, 1986, FCR 8 in which the Board authorized the creation of the University Hospital Affiliated Corporation with an effective operational date of July 1, 1987 and rescind the April 7, 1987, FCR 7 which approved the 1987 bylaws of the University Hospital Corporation and the Memorandum of Agreement between the University of Kentucky and the University Hospital. Further, it is recommended that the Board of Trustees establish a University Hospital Standing Committee, adopt the proposed amendments to the Governing Regulations as provided by the PART XIV of the Governing Regulations, and accept the attached resolution.

**Background:** The Board of Trustees authorized the creation of the University Hospital Affiliated Corporation in 1986 in order to establish a governing body for the University Hospital, as required by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and for the possibility of separating hospital operations into a separate 501(c)(3) corporation. The corporation never acquired assets, conducted operations, or obtained a determination letter that it qualified as a 501(c)(3) corporation from the Internal Revenue Service. However, its board has served as the governing body of the University Hospital, functioning as a de facto committee of the Board of Trustees. Moreover, the corporation has filed annual reports with the Kentucky Secretary of State and continues in good standing.

The need for the corporation no longer exists because there are no plans to operate the University Hospital as a separate entity. In addition, the need for the corporation to serve as a governing body of the University Hospital for JCAHO purposes can be met by establishing a Standing Committee of the Board of Trustees to be called the University Hospital Committee with all the powers required of a governing body by JCAHO, utilizing committee operational rules.
Therefore, it is recommended that the University Hospital Affiliated Corporation be abolished, that the above referenced FCR 8 and FCR 7 be rescinded, that the Governing Regulations be amended, as proposed, and that a University Hospital Committee be established as a Standing Committee of the Board of Trustees.
