\*Need one of these courses to satisfy the Cultural Studies Requirement

\*\*If the student takes MA 123, they will still have to take MA 132 once they transfer to UK to satisfy the calculus requirement for the degree. If the student takes MA 113, the requirement will be satisfied. Note that if the student elects to take MA 113, they must be eligible and they need to register for MA 193 also, which combined will add two hours to the semester.

\*\*\*If student elects not to take CHE 236 at UK as a visiting student, they should instead take PHY 211 in its place.
