MEMORANDUM

TO: James W. Holsinger, Jr., M.D.
Chair, Medical Center Academic Council

FROM: Sharon R. Stewart, Ed.D. *SR*
Acting Associate Dean, College of Health Sciences

TOPIC: Application for Change in Existing Course – PT 835: Physical
Therapy Clerkship 1

DATE: January 21, 2003

The College of Health Sciences recommends for your approval the following change in an existing course:

PT 835: Physical Therapy Clerkship 1

Proposed Change: Reduce from 2 credit hours to 1 credit hour

Rationale: Upon evaluation of the curriculum it was determined that some duplication of classroom learning experiences was occurring among the 5 clinical experiences required for students. To streamline the classroom experiences, this course was identified as the most appropriate of the clinical courses to reduce by one credit hour. The number of contact hours was reduced to appropriately reflect 1 credit. Clinical hours have NOT been reduced.

- b. editorial change in description which does not imply change in content or emphasis;
- c. editorial change in title which does not imply change in content or emphasis;
- d. Change in prerequisite which does not imply change in content or emphasis;
- e. cross-listing of courses under conditions set forth in item 3.0;
- f. correction of typographical errors. [University Senate Rules, Section III - 3.1]

PT 835 Course Objectives

At the conclusion of PT 835 course activities and assignments, the physical therapist student will have demonstrated competence in the following:

1. Appropriately and effectively utilize questioning skills to facilitate his/her learning in the clinical setting.
2. Apply basic documentation skills to write a progress note and an examination note in the clinical setting.
3. Effectively apply knowledge about basic anatomical and physiological structures and functions to perform portions of the physical therapy examination and evaluation and with guidance plan/implement intervention in the clinical setting.
4. *(When given the opportunity)* perform the following examination procedures with 80% accuracy and minimal guidance: MMT, goniometry, postural assessment, gait assessment, circumferential measurements, volumetric measurements, muscle length testing of major muscle groups.
5. Utilize the Guide to Physical Therapist Practice as a resource to identify the PT diagnosis (practice pattern) and plan an appropriate examination approach to a specific patient population.
6. With guidance from the clinical instructor, utilize physical therapy examination findings and the Guide to Physical Therapist Practice as a resource to evaluate findings and develop an intervention plan for a specific patient presentation.

And, throughout PT 835 the physical therapist student will:

7. communicate in ways that are congruent with situational needs,
8. practice in a safe manner that minimizes risk to patient, self, and others,
9. demonstrate professional behavior and present self in a professional manner, and
10. adhere to ethical and legal practice standards consistent with the physical therapy education program, the facility, and the State Board of Physical Therapy.
11. demonstrate awareness of the need for ongoing professional development and lifelong learning.
