7. Rationale for change(s): (If rationale involves accreditation requirements, please include specific references to those requirements.)

There are multiple issues - one is the pre-requisites for ANA 209 & PGY 206 cannot be met by pre-nursing students in their first year. Another is the fact that ANA & PGY fill during priority registration and no pre-nursing students can enroll thereby delaying their progression to professional status by a year. We met with the Anatomy faculty last spring and outlined the problems and asked for help in solving the problem. This was the solution they offered. The blend of systems and structures will provide students the opportunity to integrate more naturally the concepts of Anatomy and Physiology and will strengthen their foundation.
