New Course:

GS 630   Instructional Technology (1)
            This seminar addresses pedagogically sound and effective applications of instructional technologies (IT) in college teaching. Course goals include examining the impact of IT on learning outcomes, teaching strategies, and instructional assessments; developing proficiency in creating PowerPoint presentations, designing and managing instructional Web sites, facilitating Internet dialogue, and conducting distance learning courses ; and considering how IT affects faculty roles and responsibilities, the nature of the college classroom, and the future of higher education.
