Rationale for change(s): (If rationale involves accreditation requirements, please include specific references to those requirements.)

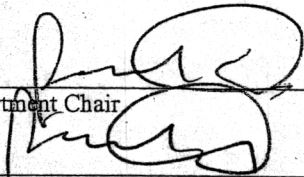

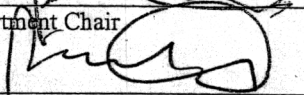

Conforms to Art History changes which are being widely adopted, or are already in place, at the national level. Provides an opportunity for non-Western coursework at the introductory level. Prepares students more broadly for a variety of coursework at the 300-level. Reflects the spirit of the Department's Five-Year Hiring Plan (2001), major recommendations of which were to provide more cultural diversity in the curriculum and to prepare our students for an increasingly diverse, global society.
