Agricultural Economics (BS) - Opt. A | College of Agriculture, Food & Environment

Business is everywhere. Agricultural Economics encompasses marketing, management, leadership, problem-solving and more—all the skills needed for careers in agribusiness, food industries, international trade, credit/finance, farm management and much, much more. Like much of the College of Agriculture, Food and Environment, you’ll see that faculty and staff in Agricultural Economics are open and accessible. With opportunities like education abroad, unique research projects, the Agribusiness Club, monthly corporate visits and more, you’ll find a program that’s committed to helping students push their potential.
