**Auburn & Tuskegee**

The University of Kentucky does not have a Veterinary School but maintains an agreement with Auburn and Tuskegee. The requirements outlined are for the Auburn University School of Veterinary Medicine, which accepts a higher number of UK students. Other veterinary schools may have different requirements. Please consult a pre-vet advisor to discuss a specific track.

All prerequisite courses (except general education) must be completed with a C or higher. Auburn requires a minimum 2.50 GPA and Tuskegee requires a minimum 2.75. Applicants must also complete the GRE.
