Workshops

**Professor Communication**

Students will learn how to successfully navigate communication across various mediums with classroom instructors.

**Financial Aid**

Students will learn about the financial aid process at UK.

Students will walk away with a clear understanding of college funding and strategies to maximize award packages.

**Undergraduate Research**

Students will learn about receiving extended support such as training, travel assistance, research grants, and opportunities. Connect with faculty members who share a similar interest.

**Time/Stress Management**

This session will help students with balancing academics, employment, activities and more during their college career and beyond.
