

Welcome to the CCD Farmers Market Price Report!

Same great reports, slightly different look.

This year, our reports look just a little bit different than in years past. We've switched to price ranges (high and low) instead of just an average price. Also, in the area just below the prices, you can find the units, varietal information, and any other info or prices our reporters have included. See the example below.

		Asparagus	
Market Details		High	Low
Adair County		\$2.00	\$2.00
On the Square	per bunch		
Columbia	purple heirloom		
Saturday	variety		
Barren County			
BC Regional			
FM Glasgow			
Friday			
Fayette County		\$2.50	\$2.50
Bluegrass FM	per pound		
Hamburg, Lex	white		
Saturday			
Fayette County		\$5.00	\$3.00
Lexington FM	per pound		
Cheapside			
Saturday			
Jefferson Co.		\$5.99	\$4.00
Bardstown Rd.	per bunch (1 bunch		
Saturday	is approximately 1		
	pound)		

Price Ranges have replaced average prices.

If a section is blank, that product wasn't at that market that week.

If the high and low prices are identical, then there was only one vendor, or all vendors were selling for the same price

Units are located in the notes section just below the prices.

If there is any additional information like varieties, extra prices, or units we'll include them in the notes section

We create these reports to serve KY growers and consumers. If you have an idea to improve the reports, if you have a question, or you want to start reporting for your market, contact Brett Wolff at brett.wolff@uky.edu or (859) 218-4384.
