

Student APEX: What-If Audit For Minors

Note: The following pertains to those Minors which are 'live' in APEX

Figure: 1 Chemistry Minor 'What-if' audit

Students in **all** colleges who are pursuing or even thinking about these minors -- can use APEX to see how they are progressing.

For students who have declared a minor already, your minor code will **NOT** automatically show in APEX on the **Audit Request** web page -- as the major code currently does.

ALL MINOR AUDITS WILL BE WHAT-IF AUDITS UNLESS ADDED BY COLLEGE TO AUDIT:

- 1) You will need to know the **Name of your Minor** in order to run a '**What if**' audit on that minor. **Names of Minors** (see below list labeled "NAME OF MINOR"; page 2 & 3 of this document).
- 2) Choose the Name of Minor (for example, CHEMISTRY) in the 'Major' drop down box. (see Figure 2 and Figure 3, page 4 of this document, for further instructions)
- 3) Add the appropriate catalog year. (For instance, a student who applies for a minor during the Fall 2005 semester, they need to choose the catalog year Fall 2005 from the drop down menu).
- 4) To verify you have **declared** a MINOR or to **find** the Name of your Minor, you can view your '**Unofficial Transcript**' in "myUK Portal" or check with your college's student services office.
- 5) If you wish to officially declare a minor, please, speak with your advisor for the appropriate instructions.
