

Weed Control for Small Scale Farms

Saturday, June 1st
1:30pm-4:30pm

Berea Urban Farm

201 Adams Street
Berea, KY 40403

-No cost-

Snacks and drinks
will be provided

- Cover crops
- Flame weeding
- Precision hoeing
- Tarps and ground cover

Grow Appalachia Staff will be demonstrating efficient weed control methods for small-scale fruit and vegetable production. We will have side-by-side comparisons of different techniques so we can talk about the pros/cons, costs, and labor used for each method. We will also be touring the various facilities and production systems at the farm, and we'll have some demos with a walk-behind tractor with various implements.

For information: wilsonma@Berea.edu or (859) 302-3073
