

**Living with Alzheimer's:
For People with Alzheimer's
or a Related Dementia
and their Caregivers
in the Early Stages**

The diagnosis of Alzheimer's disease or a related dementia is life-changing and leads to many questions.

What will this mean for me and my family?

How do I plan for the future?

Where can I get the help I need?

How can I live my life fully?

Join us and hear from others who have been where you are.

Living with Alzheimer's for Caregivers

Early stages

an education program provided by the Alzheimer's Association

In the early stage of Alzheimer's disease, families face new questions as they adjust. What does the diagnosis mean? What kinds of plans need to be made? What resources are available to help? Join us and hear practical answers to the questions that arise in the early stage.

Thursday, February 4, 2016

1:00pm-4:00pm

Lexington Public Library, Beaumont Branch

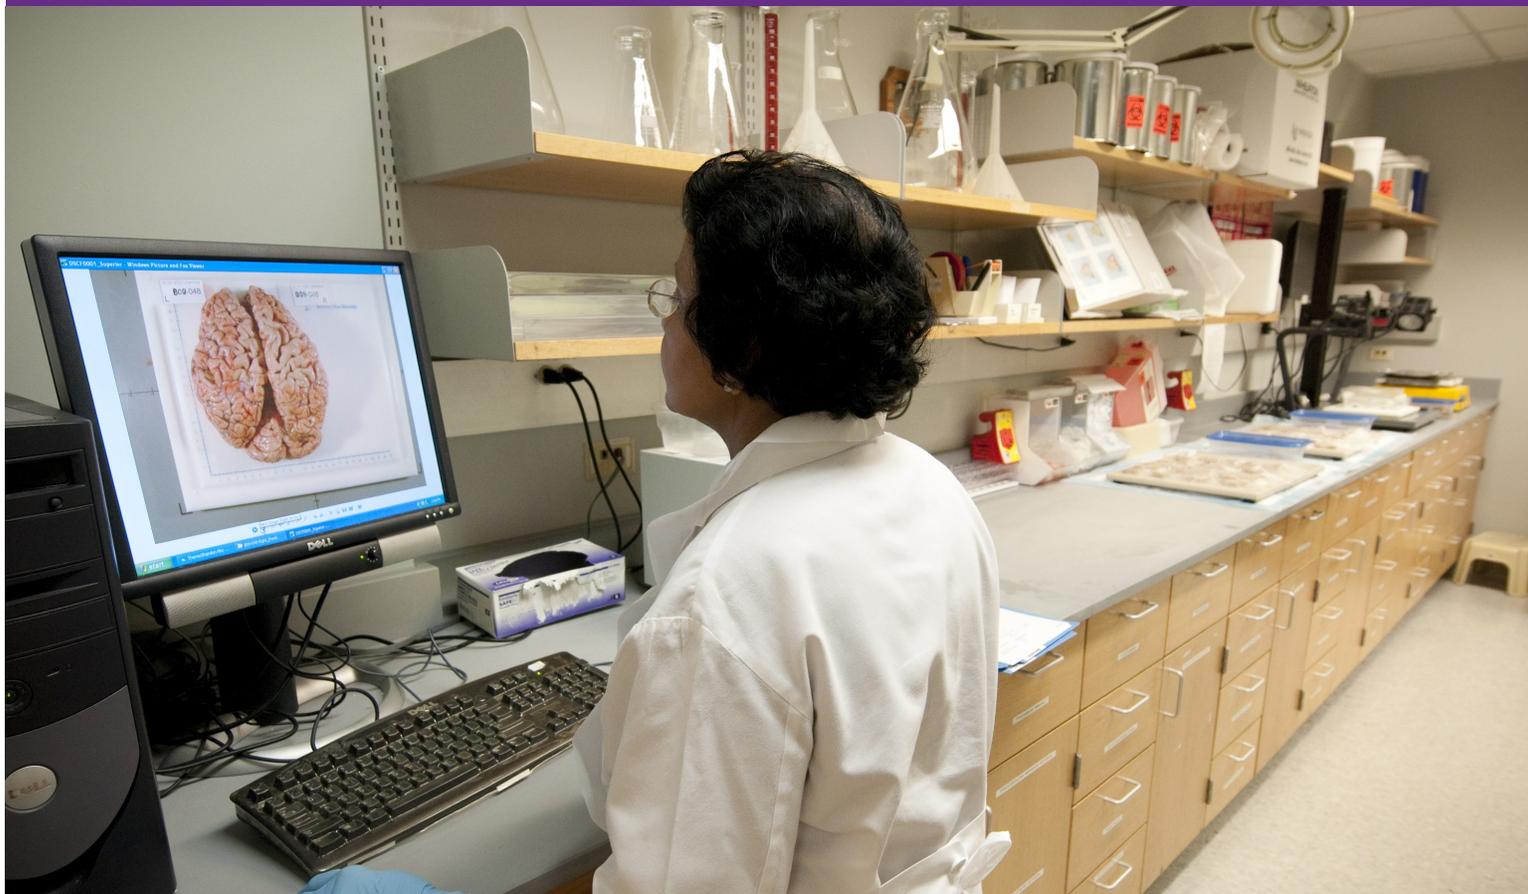

3080 Fieldstone Way

To register, call 1-800-272-3900

association®

The Basics

memory loss, dementia, Alzheimer's disease

an education program provided by the Alzheimer's Association

Alzheimer's disease is not a normal part of aging.

If you or someone you know is affected by Alzheimer's disease or dementia, it's time to learn the facts. This program provides information on detection, causes and risk factors, stages of the disease, treatment, and much more.

The Basics: Memory Loss, Dementia, & Alzheimer's Disease

Saturday, February 6th, 2015

Living with Alzheimer's for Caregivers

Middle stages

an education program provided by the Alzheimer's Association

This program addresses the issues involved in caring for a person in the middle stages of Alzheimer's disease or related dementia. Specific topics covered include behavioral and role/relationship changes, medication, safety, and residential options. Guest speakers will include neurologist Dr. Greg Cooper of Baptist Neurology, grief counselor Linda Blair, and staff of the Alzheimer's Association.

Living with Alzheimer's for Caregivers

Late stages

an education program provided by the Alzheimer's Association

In the late stage of Alzheimer's disease, caregiving typically involves new ways of connecting and interacting with the person with the disease. Join us and hear about resources, monitoring care and providing meaningful connection for the person with late stage Alzheimer's and their families. Guest speakers will include Hospice physician Dr. Kimberly Bell, and staff from the Alzheimer's Association.
