**Conferences for Education Abroad for the Art Education Major**

While education abroad is encouraged by the Art Education program, students must keep in mind that the program is regulated by state guidelines for teaching certification requirements. Thus, students of Art Education must work out plans for education abroad with their department advisor in great detail prior to embarking on the program to ensure that proper credit is obtainable while meeting state-mandated requirements.

Particularly, Art Education students should not plan on taking any methods/pedagogy courses abroad.

For further information or clarification, please contact Dr. Allan Richards at allan.richards@uky.edu

**What are my next steps?**

Attend a First Step Session.

Find out what you can study abroad and where, and ask questions about the application process, financial aid and scholarships, etc. First Step Sessions are held on Mondays and Tuesdays from 3-5p.m. and Wednesdays and Thursdays from 3-4p.m. in 207 Bradley Hall.

Explore the programs available.

Search online or visit the Education Abroad Resource Center in 315 Bradley Hall.

**How can I afford to study abroad?**

The Education Abroad office offers scholarships for students interested in studying abroad. These scholarships range from $500-$1,500. Stop by one of the information sessions on scholarships or visit the Education Abroad website for more information.

Additionally, most UK financial aid applies towards the cost of studying abroad! Check with your financial aid advisor for more information.

Finally, please note that there are several education abroad programs that are comparable to the cost of attending UK. So, with a little bit of planning, if you can afford to attend UK, you can afford to study abroad.

**Do I have to speak a foreign language to study abroad?**

Absolutely not. There are plenty of programs in English-speaking countries. Furthermore, students can find classes taught in English in practically every country. Of course, there are also plenty of excellent programs for students who prefer to study in a foreign language.

**Where can I study abroad?**

There are many opportunities to study all over the world! From the metropolitan buzz of London to the tropical landscape of Costa Rica, UK offers a wide array of programs that allow students to study in all parts of the globe.

**What is the world doing?**

The world has to offer with any one of the exciting opportunities available to you!

When should I study abroad?
Most UK students study abroad during their sophomore or junior years. However, there are programs available for freshmen and senior students as well.

Another important decision to make is what time of year to study abroad. Programs are available for the academic year, the Fall and Spring semesters, Winter Intersession, and the Summer sessions. It is also possible to take a spring-embedded course, which is a class taught at UK with an international component during spring break or early summer.

Because many foreign institutions follow different academic calendars, it is important for students to consider the specific dates of the program far in advance. For example, many “fall” semester programs in the Southern Hemisphere may run from July to November and from February to J une during the American spring semester.

Similarly, it may be difficult for students to study at some European institutions for the fall semester. Final exams may be scheduled in early January, and many programs do not make allowances for US students. Please be sure you consider this issue in advance.

Many students choose to study abroad during the Summer or Winter sessions. There are two summer sessions available: Summer I and Summer II. Summer I programs typically occur during May and early June, while Summer II programs tend to start late in the summer and end in late July or early August. The Winter Intersession occurs between the fall and spring semesters.

The programs featured on this MAP have been approved by your department, and represent a variety of terms offered. Always speak with your academic advisor to determine if a semester, summer or winter program would be more appropriate for your degree progress.
