WHAT IS A MAJOR ADVISING PAGE?

Major Advising Pages (MAP) feature education abroad programs that your department has highlighted as most appropriate for students in your discipline. Participating in a program featured on this MAP will allow you to complete coursework for your major/minor without delaying your graduation date.

WHY SHOULD I BE INTERESTED IN EDUCATION ABROAD?

Education Abroad can help you...

- Globalize your world view
- Expand your problem-solving skills and intercultural understanding
- Prepare to work in an increasingly diverse and international workplace
- Enhance your sense of independence and adaptability
- Gain new insight into the world and yourself

One of the best ways to increase your knowledge in your field is to study in various cultural contexts.

HOW DO I USE THIS MAP?

Inside this MAP, you will find keys and descriptions of the various types of programs and experiences available through UK Education Abroad. Use this MAP to identify programs of interest to you that offer coursework that might fulfill some of your degree requirements or complement your studies at UK.

READY TO GET STARTED?

As you evaluate the programs on this MAP, consider these important questions:

- Do you want to complete courses abroad, or would you prefer to complete a research project or an internship?
- Do you want to learn a language or improve your foreign language skills?
- Would you like to study abroad for a semester? An academic year? Or a shorter amount of time, such as summer or winter?
- Do you want to study abroad with other UK students, or would you prefer to study alongside local students and other international students?
What are my next steps?

If you have general questions about education abroad or want more information about the different types of programs available, speak with a Peer Ambassador in our Advising Center in 315 Bradley Hall. Also, take this MAP to a meeting with your academic advisor. Use your degree plan to discuss which programs offer courses you might be able to use to fulfill the remaining requirements in your degree. Ask the following questions:

- Do any of the course titles available abroad appear similar to courses in my degree plan?
- Are there major elective requirements in my degree plan that could be met by some of the courses abroad?
- Are there courses outside my major in my degree plan? If so, take a look at the MAP for that major to see other program opportunities.

Once you have narrowed down your choices to a few programs, contact your education abroad advisor to speak about program specifics and the application process.
